PARKING ON CAMPUS

By-Laws

Under the University By Laws a vehicle parked in a University car park, unless in a loading zone, is required to display a valid University parking permit.

Application of By-Laws

The Rules and By-Laws relating to parking apply 24 hours a day all year.
In general, parking is not permitted on roadways or in any place other than a marked parking space. The full By-Laws may be found on the University's Web page at www.flinders.edu.au/about/governance/university-legislation/by-laws.cfm

Display of Permits

Your permit must be **displayed** when you park within the University grounds. If your permit is transferable ensure that it is securely in position.

Annual, Semester and Day Permits **are not valid** in the short-term parking areas. Permits should be displayed on the rear door passenger side window or passenger side dash on the lower left hand corner of the front windscreen so that the permit or ticket is clearly visible from outside the vehicle.

Day Permits

Day permits are available from machines in all car parks. **Day permits are not valid in Car Park 12.**

Short-Term Parking

These areas are provided for visitors and members of the University who have need for only a short stay. They are subject to a time limit, indicated by signs, and are controlled by the time indicated on the ticket purchased from the ticket machine (short-term permit).

Parking for Motor Cycles

Parking for motor cycles is provided in Car Parks 1, 4, 5, 7, 8, 9, 13, and 15.

Parking for Visitors

Visitors are required to abide by the University's By-Laws while on campus.

If you invite a visitor onto the University campus ensure that you give your visitor information on parking arrangements. Leaflets on **Parking for Visitors** are available from the Parking Office.

Parking for Persons with Disabilities

Drivers who hold a Transport SA disabled permit are not required to purchase a university permit. Applications for temporary permits to park in the areas reserved for vehicles of disabled persons should be made to the University Health and Counselling Service. Permits to cover temporary disability are free of charge, but holders must also display a **currently valid Annual, Semester or Day Permit**.

Expiation Offences

An offence against a By-Law relating to traffic or parking may be expiated by payment of a fine. Failure to expiate may lead to a penalty, enforceable through the Court.

Some golden rules
Park only in the marked bays
Display your permit
Carry change for the Ticket Machines & allow for activities to run overtime
Observe time limits in ticket controlled areas
Observe one way signs
Observe speed limits.

Car Pooling

Social Sciences South
Sturt Courtyard
Sturt Gymnasium
Sturt North Wing
Sturt South Wing

All Lift phones are also connected to Security

SECURITY ON CAMPUS

Security in Car Parks

Lock all doors and close all windows. Do not leave valuables on open view; lock in car boot.

Move your vehicle to a well lit area of the car park closest to your building before dark when remaining late at the university.

Lighting

Use well lit routes when walking around campus at night. If possible walk with a companion or larger group.

Building Access – After Hours

Buildings have access control systems on doors. Authority/approval to access areas after hours is obtained through your School Office.

If you do not have access privileges on your student ID card, you will not gain access to buildings after hours.

Escort Service

Contact Security on 12880 when you require an escort to your car or campus residence after-dark. Escorts are also available to persons with medical conditions and in the event of a medical emergency.

Loop Bus

The Loop Bus operates until 9.45pm (refer to Loopbus brochure).

Reporting Security Incidents

Incidents need to be reported immediately. Reports can be made direct to a Security Officer in person, or by telephoning 8201 2880. Alternatively email to Secure@flinders.edu.au. All reports forwarded will remain confidential.

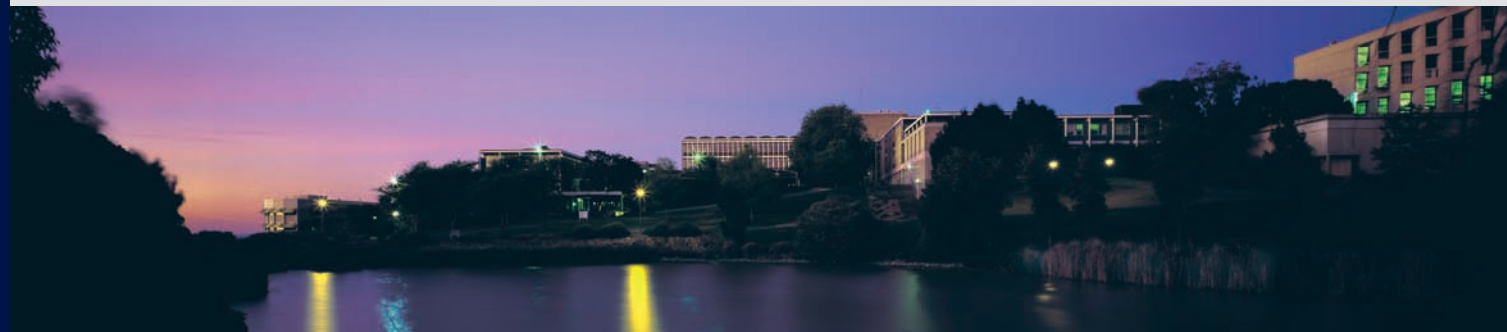
Incidents/accidents involving vehicles need to be reported to Security in case emergency sevices assistance is required. In these circumstances your local police should also be advised.

For Police attendance at an incident/accident ring 131 4444.

Lost Property

Contact the Lost Property Office, opposite the Library entrance, to check if the property has been handed in. Call 8201 5151 for service.

Stolen Property

Advise a Security Officer and also report the theft in person to your nearest Police Station as soon as possible.


Prompt reports may enable offenders to be identified and help reduce future incidents.
