DEVELOP YOUR LINKS WITH FLINDERS UNIVERSITY STUDENTS AND GRADUATES

The Careers and Employer Liaison Centre offers a diverse range of career services and programs dedicated to the development of workplace skills for our students and graduates. This includes raising awareness of potential employers, career opportunities and the skills needed to succeed as a graduate in the modern workplace.

You can play a valuable role in this process through involvement in our extensive range of programs.

LINKING TO PROMOTE YOUR EMPLOYMENT OPPORTUNITIES

GRADJOBS EMAIL LIST

Your graduate job vacancies can be added to our Gradjobs email listing, which is updated daily. These vacancies are sent to subscribed discipline specific students and recent graduates. The list can also be downloaded from our website. There is no cost for employers to advertise.

UNDERGRADUATE EMPLOYMENT OPPORTUNITIES LIST

We can also promote your discipline related vacancies to students who are currently studying at Flinders University. This operates in the same way as our Gradjobs email listing and can include vacation work programs, vacation scholarships, cadetships, cooperative programs or part-time employment opportunities.

CAREERS AND EMPLOYER LIAISON CENTRE
LINKING ON CAMPUS

CAREERS FAIRS
Represent your organisation at one of our seven annual discipline-related Careers Fairs. These events offer employers convenient access to a large group of potential graduate employees. We run Fairs for Accounting, Commerce and Business, Science, Information Technology and Engineering, Law, Teaching, Nursing, Health and Community Services and Recruitment Agencies.

ON-CAMPUS INFORMATION SESSIONS
Provide an information session to students detailing your organisation, job opportunities, application procedures and what you are looking for in graduates/undergraduates as future employees.

CAREERS INFORMATION EXPO
You can provide us with your graduate and undergraduate recruitment materials such as brochures, flyers, postcards and posters for our annual student displays. These displays focus on promoting graduate and undergraduate programs to our students in one of the most heavily accessed areas on campus, the main central library.

CAREER SEMINAR SERIES
Be a guest speaker in one of our discipline-specific careers seminars. We invite a panel of speakers from each sector to discuss their career journey, the organisation they are working for and what their role involves. We also provide a display table for organisational brochures. Examples of some of our past seminars include Business, Human Resources, Government Careers, Science and so on.

GRADUATE SKILL DEVELOPMENT PROGRAM
Participate as a guest speaker in our range of intensive employability skills programs run throughout the year for our students. Representatives from a variety of organisations are engaged as presenters in special career and workplace skills programs on topic areas such as leadership, organisational culture, career success and ethical work practices.

MOCK INTERVIEW EVENING
As a guest ‘mock’ interviewer you will conduct brief one-to-one mock interviews. Students gain valuable interview practice and you have the opportunity to meet up and coming graduates and possible ‘early picks’ for potential employees.

LINKING WITH STUDENTS

WORKREADY INTERNSHIP PROGRAM
You can provide an opportunity for students to develop workplace skills and networks whilst working on a project of benefit to your organisation. These are part-time, non-paid work placements for which we provide insurance cover at no cost. Some examples of the roles students have worked in include research, website and database development, youth work, laboratory work, assisting with marketing and business plans, caseworker assistants and environmental education projects, just to name a few!

WORKPLACE MENTORING PROGRAM
Share your knowledge and skills as a Mentor to a Flinders student, allowing them to learn more about their chosen career. We are building a pool of Workplace Mentors to match with students.

LINKING ONLINE

ARTICLES AND QUOTES
Employers can contribute an article for our website, for example, on tips for successful applications (with a link to the graduate recruitment page of that organisation). Employer quotes and comments are also welcome for use in articles and workshop presentations.

GRADUATE PROFILES
We have a section on our website dedicated to Graduate profiles. If you employ Flinders graduates, and they are happy to share their story with us, we can link their profile to your website.

NEED TO KNOW MORE?
