Bernard Tjalkuri is a senior ngangka ri and tjilpi (traditional healer and elder), holding cultural responsibilities for his homeland of Watarru in the Anangu Pitjantjatjara Yankunytjatjara Lands. Tjitji tjut a illustrates a large gathering of children who travel to a sacred claypan site close to Watarru to perform a ceremony known as inma. The children share songs, dance, and tjukurpa, knowledge passed down from their ancestors. Intricate white dot clusters symbolise ngaparia, a small, sweet, edible scale found on eucalyptus leaves which is consumed prior to starting inma.

"MY ACTIONS SHALL SPEAK TO THE WORLD"
MATTHEW FLINDERS, 1804
Learn from incredible minds whose research not only meets the world standard, but exceeds it. Plug into industry trends and gain real-world experience that makes you work-ready upon graduation.

Share your ideas in stimulating learning spaces with like-minded individuals. It’s the perfect environment in which to become the best you can be.

GEOGRAPHIC FOOTPRINT
Flinders University’s reach extends beyond Adelaide.
- Bedford Park campus – only 25 minutes from the CBD
- Tonsley centre for innovation and entrepreneurship
- Study certain degrees in the city at our Victoria Square location
- Regional SA locations: Port Lincoln, Barossa, Murray Bridge, Victor Harbor, Remmark
- Regional interstate locations: Victoria and the Northern Territory

SCHOLARSHIPS
In 2016, Flinders University offered more than 600 scholarships worth over $4.2m. A generous range of scholarships is available to new and continuing undergraduate students.

90% OF RESEARCH AT OR ABOVE WORLD STANDARD
Flinders University is ranked 90th in the world.

ACCOMMODATION
Flinders is the only university in Adelaide that gives you the opportunity to live on campus. Flinders Living offers accommodation for over 550 students at the University Hall and Deirdre Jordan Village.

FLINDERS CONNECT
Flinders Connect is your one-stop-shop for help with everything from enrolment and fees to exams and graduation. You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

SPORTS & FITNESS
Stay in shape while you flex your mind. The Bedford Park campus includes a state-of-the-art Sport and Fitness Centre where you can work out while taking in the best views of any gym in Adelaide. Flinders also has courts and ovals for a variety of sports. Get involved in our sporting teams, clubs and events.

WORK-INTEGRATED LEARNING
Work-Integrated Learning (WIL) enables you to gain work experience while you study. Flinders aims to provide each and every student with access to a WIL opportunity during their studies through placements, practicums, field studies, and simulated workplace settings and assessment activities.

CAREERS & EMPLOYER LIAISON CENTRE
The Careers and Employer Liaison Centre helps give you the edge in your career.

The centre provides a diverse range of services and programs including job posting services, access to employers, tailored careers advice, and a comprehensive range of careers resources.

STUDENT HUB & PLAZA
Your Student Hub and Plaza is open 24/7 to help you get the most out of your on-campus experience.

The award-winning Hub and Plaza brings the best of coffee and street food culture to the heart of the Bedford Park campus, with retail options, innovative study spaces and free wi-fi access.

FLINDERS UNIVERSITY STUDENT ASSOCIATION (FUSA)
Flinders has a long history of active student involvement.

The Flinders University Student Association (FUSA) continues that tradition, and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, the student publication Empire Times, and helps with academic, administrative and welfare issues.

OPEN DAYS
18 & 19 AUGUST
flinders.edu.au/open days

DIFFERENTLY THINK
Careers are evolving and the workplace and industries of the future will look very different from today.

That’s why we have introduced a new suite of innovation and enterprise electives and courses to prepare you for the careers of tomorrow.

Powered by the Fox School of Business, a US top ten business school for entrepreneurship*, and our very own New Venture Institute, these electives will help you to develop what we like to call ‘personal enterprise skills’.

These are the skills that employers are looking for. From critical thinking, to problem solving and creativity, and understanding how disruptive technology will impact the world around us, these foundation electives will equip you with the innate ability to adapt to whatever life throws at you, personally and professionally.

Whether you’d like to include innovation electives in your degree or make it your focus, you can customise the program to suit your needs.

Make yourself career ready and ensure you succeed in the future workforce by gaining these critical foundation skills by choosing one of the INNO electives.

FLINDERS INSPIRES YOU TO ACHIEVE MORE.

Registry Road entrance, Flinders Student Hub and Plaza, Bedford Park
Flinders University’s education degrees put you at the forefront of educational change. Our multidisciplinary approach connects diverse disciplines to generate education solutions and initiatives that will build the citizens of the future.

**Fast facts**

One of the largest providers of education courses for teachers in SA

Combine education studies with specialty areas in arts, science, health sciences, disability studies and languages

Flinders education graduate Brian Schiller awarded 2014 Prime Minister’s Prize for Excellence in Science Teaching in Primary Schools

Flinders education graduate Kathryn Owen awarded Exceptional Master Leader in Education by Childcare Exchange

Graduates include winners of the 2014 Primary School, Secondary School and Early Career Teacher of the Year in SA Excellence in Public Education Awards

*Quality Indicators for Learning and Teaching (QILT)*
Bachelor of Education (Early Childhood)

Transform your strengths into a rewarding career with young children.

A Bachelor of Education (Early Childhood) equips you with all the practical and theoretical skills required to educate and nurture children from birth to eight years. The course is taken as a double degree, either with a Bachelor of Arts or Bachelor of Special Education/Disability Studies. You will learn to combine your theoretical knowledge with your curriculum studies and put them to practical use in a variety of work placements.

STUDY PROGRAM*

First year
A typical first year might include:
- topics in teaching and educational contexts, and play, learning and development
- five days of field placements in early childhood and community settings
- topics contributing to your arts or special education and disability studies component.

Second year
A typical second year might include:
- topics in literacy and numeracy, and the expressive arts in early childhood
- 20 days of field placements in early childhood and community settings
- topics contributing to your arts or special education and disability studies component.

Third year
A typical third year might include:
- topics in numeracy and multiliteracies in design and technology, thinking and working mathematically, and health and physical education in early childhood
- 35 days of field placements in early childhood and community settings
- topics contributing to your arts or special education and disability studies component.

Fourth year
A typical fourth year might include:
- extensive study in the area of language and literacy
- study in the lives of children using theoretical perspectives drawn from sociology, psychology and childhood studies
- 35 days of field placements in early childhood and community settings
- a capstone topic reflecting on the role of the professional educator
- topics contributing to your arts or special education and disability studies component.

PRACTICAL EXPERIENCE

The degree provides you with practical experience that prepares you for the workplace:
- Undertake extensive work placements in a variety of early childhood settings.
- Develop vital practical skills such as relationship building, educational planning, technology use and community innovation.
- Learn to engage in transformational, innovative and creative teaching practice.
- Develop essential people skills for work with children, their families, community members and professional colleagues.

PLACEMENT REQUIREMENTS

A Child-Related Employment Screening must be completed before undertaking a placement in your first semester.

ACCREDITATION

Upon successful completion you will be eligible to apply for registration with the Teachers Registration Board of South Australia. Completing the disability studies double degree makes you eligible to register as a developmental educator with Development Educators Australia Inc.

PREFERENCES

When choosing your preferences through SATAC, another Flinders degree you might want to include in your list is the Bachelor of Arts.

CAREER OPPORTUNITIES

Your degree is the first step towards a range of employment opportunities.

Some potential occupations for those with a degree in this area as they progress through their career include:
- early childhood teacher
- developmental educator
- youth and children’s support officer
- language literacy and numeracy teacher/assessor
- special education teacher (for graduates of the special education degree).

Potential employers include:
- early childhood centres
- government schools
- independent schools
- Catholic schools
- government education departments.

FURTHER STUDY

Opportunities for further study include:
- Bachelor of Education or Arts (Honours)
- Graduate Certificate or Master of Education
- Doctor of Education or PhD.

The Flinders courses have since been revised to give a greater focus to early childhood teaching.

"We have flipped this way of teaching on its head, because early childhood is equally if not more important," Associate Professor Krieg said.

"Children are establishing their opinions and feelings towards learning; it plays a pivotal role in the inequities that exist in our society, but it has a really important role.

"Early childhood education can’t address all the inequalities that exist in our society, but it has a really important role.

"We, as educators, shape our next generation every day we teach; I can think of no more important job to devote my life to."
The Bachelor of Education (Primary R-7) prepares you to teach the key learning areas in primary schools. The course is taken as a double degree, either with a Bachelor of Arts, Bachelor of Disability Studies or Bachelor of General Science. You will receive the breadth and depth of knowledge necessary to teach in primary schools from reception to year seven.

STUDY PROGRAM*

First year
A typical first year might include:
- topics in teaching and educational contexts, and English curriculum studies
- preparation for professional experience field placements in primary school and community settings
- topics contributing to your arts, special education and disability studies, or general science component.

Second year
A typical second year might include:
- topics in learners and their development, mathematics curriculum studies, and teaching Indigenous Australian students
- 30 days of field placements in primary school and community settings
- topics contributing to your arts, special education and disability studies, or general science component.

Third year
A typical third year might include:
- topic in relationships for learning
- curriculum studies for arts, health and physical education, numeracy and ICT, and science, design and technology
- 25 days of field placements in primary school and community settings
- topics contributing to your arts, special education and disability studies, or general science component.

Fourth year
A typical fourth year might include:
- topic in differentiation for diverse learners
- curriculum studies for English and social sciences
- a capstone topic reflecting on the role of the professional educator
- 40 days of field placements in primary school and community settings
- topics contributing to your arts, special education and disability studies, or general science component.

*Intended as a guide only. Check the course rule regularly for the most comprehensive and up-to-date topic information.

PRACTICAL EXPERIENCE

The degree provides you with practical experience that prepares you for the workplace:
- Undertake extensive professional placements to develop and consolidate your teaching knowledge and skills in order to meet the necessary national standards for registration as a teacher.
- Learn vital interpersonal skills to form cooperative and effective professional relationships with students, staff and parents.

Gain a teaching specialisation and the tools to teach primary school students.
Arts
The Bachelor of Arts (BA) provides a comprehensive, liberal education for all new teachers. By studying a double degree with a BA you will complete a major sequence and a minor sequence chosen from approximately 27 different options. Major areas of study can include: applied linguistics, archaeology, Australian studies, creative writing, criminology, drama, English, French, geography and environmental studies, history, Indonesian, information technology, international relations, Italian, law and society, mathematics, Modern Greek, philosophy, politics, psychology, sciences, and screen and media. Minor areas of study can include: archaeology, Indigenous studies, information technology, mathematics, professional studies and sciences.

Available in:
- Bachelor of Education (Early Childhood)/ Bachelor of Arts
- Bachelor of Education (Primary R-7)/ Bachelor of Arts
- Bachelor of Education (Secondary)/ Bachelor of Arts.

Disability studies and special education
The Bachelor of Disability Studies and Bachelor of Special Education prepare you for a range of professional roles related to supporting students with disabilities and their families within the broader community. By taking a double degree with a Bachelor of Disability Studies and/or Bachelor of Special Education you will study a combination of topics related to teaching students living with disability and learning or behavioural difficulties.

Available in:
- Bachelor of Education (Early Childhood and Special Education)/Bachelor of Disability Studies
- Bachelor of Education (Primary R-7 and Special Education)/Bachelor of Disability Studies
- Bachelor of Education (Secondary)/Bachelor of Special Education.

General science
The Bachelor of General Science provides the foundation skills required to effectively teach science subjects at a broader level than that required in a traditional Bachelor of Science. You will complete a range of topics taken from two science groups of your choice. The science group areas include mathematical sciences, biological sciences, earth and environmental sciences, technological sciences, and chemical and physical sciences. You will also be able to complete science elective topics of your choice.

Available in:
- Bachelor of Education (Primary R-7)/ Bachelor of General Science.

Health sciences
The Bachelor of Health Sciences offers core health sciences topics and a choice from one of two specialist streams. The health education stream explores the relationship between health, education and population capacity building. The physical education stream combines human movement studies with the theory and practice of promoting healthy living across the lifespan. You may choose a second teaching area when specialising in either health or physical education.

Available in:
- Bachelor of Education (Secondary)/ Bachelor of Health Sciences.

Science
The Bachelor of Science provides the foundation skills required to effectively teach subjects which draw on mathematics, science or technology. You will complete a range of first-year science topics then complete a major sequence and a minor sequence of your choice. Options might include biological sciences, chemistry, information technology, earth sciences, mathematics or physics.

Available in:
- Bachelor of Education (Secondary)/ Bachelor of Science.

Languages
In the Bachelor of Languages you will complete major sequences to teach two secondary school subjects related to languages and chosen from Chinese, French, German, Indonesian, Italian, Japanese, Modern Greek, Spanish, or teaching English as a second language.

Available in:
- Bachelor of Education (Secondary)/ Bachelor of Languages.

I'd like to be a teacher. Bachelor of Education double degrees

At Flinders, most students who want to become teachers study a four-year double degree. See pages 6-12 for more information on education double degrees.

Didn't achieve the score you needed? Conditional offer pathways enable you to start your studies and then transition after a year to a double degree in Primary R 7 or Secondary schooling, provided you achieve the required standard.

The conditional offer pathways to education available at Flinders are:

- Bachelor of Arts pathway to Education (Primary R-7) – 1 year
  - years full-time: 1
  - prerequisites: None
  - assumed knowledge: None
  - SATAC code: 234701
  - 2017 ATAR: 60.00
  - guaranteed entry ATAR: 70.00
  - TAFELINK: Cert IV or above

- Bachelor of Arts pathway to Education (Secondary) – 1 year
  - years full-time: 1
  - prerequisites: None
  - assumed knowledge: None
  - SATAC code: 234711
  - 2017 ATAR: 70.00
  - guaranteed entry ATAR: 70.00
  - TAFELINK: Cert IV or above

- Bachelor of Arts pathway to Education (Secondary) – 1 year
  - years full-time: 1
  - prerequisites: None
  - assumed knowledge: None
  - SATAC code: 234781
  - 2017 ATAR: 70.00
  - guaranteed entry ATAR: 70.00
  - TAFELINK: Cert IV or above

I'd like to explore my options. Guaranteed entry pathways

If you think you might like to study teaching but are not sure yet, a guaranteed entry pathway into the Master of Teaching Primary R-7 or Secondary is available. This lets you study a three-year Bachelor of Arts first. If you complete this degree to the required standard, you will be guaranteed a place in the two-year masters degree.

The guaranteed entry pathways into the Master of Teaching available at Flinders are:

- Bachelor of Arts conditional entry to Master of Teaching (Primary R-7)
  - years full-time: 5
  - prerequisites: None
  - assumed knowledge: None
  - SATAC code: 234141
  - 2017 ATAR: 60.00
  - guaranteed entry ATAR: 70.00
  - TAFELINK: Cert IV or above

- Bachelor of Arts conditional entry to Master of Teaching (Secondary)
  - years full-time: 5
  - prerequisites: None
  - assumed knowledge: None
  - SATAC code: 234121
  - 2017 ATAR: 60.00
  - guaranteed entry ATAR: 70.00
  - TAFELINK: Cert IV or above

- Bachelor of Arts conditional entry to Master of Teaching (Secondary)
  - years full-time: 5
  - prerequisites: None
  - assumed knowledge: None
  - SATAC code: 234121
  - 2017 ATAR: 60.00
  - guaranteed entry ATAR: 70.00
  - TAFELINK: Cert IV or above

If at any point you decide you no longer want to continue to the Master of Teaching – you can graduate with a Bachelor of Arts after three years.

I'm a high achiever and want to be a teacher.

If you are a high achieving student who is sure of your choice of a teaching career, we also offer double degrees designed to prepare you with the background and skills necessary to enter the teaching profession with confidence and competence. The degrees are five years full-time and there are no prerequisites.

- Bachelor of Arts/Master of Teaching (Early Childhood)
  - SATAC code: 234741

- Bachelor of Arts/Master of Teaching (Primary R-7)
  - SATAC code: 234751

- Bachelor of Arts/Master of Teaching (Secondary)
  - SATAC code: 234781

- Bachelor of General Science/Master of Teaching (Primary R-7)
  - SATAC code: 234771

- Bachelor of Science/Master of Teaching (Secondary)
  - SATAC code: 234781

- Bachelor of Languages/Master of Teaching (Secondary)
  - SATAC code: 234791

- Master of Teaching

If you think you might like to study teaching at some stage but want to explore another area first, the Master of Teaching is still available for study after you’ve completed your undergraduate degree.

See page 16 for more information on the Master of Teaching.

THERE’S AN EDUCATION PATHWAY AT FLINDERS TO SUIT YOUR NEEDS

Flinders provides a variety of pathways for students who are thinking about studying to become teachers. You might have already made your mind up about being a teacher, or perhaps you want to explore your options. Whatever your situation, there’s an education pathway for you at Flinders.

OPTIONS AT FLINDERS

- Explore your teaching pathway for you at Flinders.
- Whatever your situation, there's an education pathway available at Flinders for students who are thinking about studying to become teachers.
- Flinders offers a variety of pathways for students who are thinking about studying to become teachers. You might have already made your mind up about being a teacher, or perhaps you want to explore your options.
- For students who are thinking about studying to become teachers, there's an education pathway available at Flinders.
- Flinders offers a variety of pathways for students who are thinking about studying to become teachers. You might have already made your mind up about being a teacher, or perhaps you want to explore your options.
Bachelor of Sport, Health and Physical Activity

Spread your enthusiasm for sport and health through active careers.

The Bachelor of Sport, Health and Physical Activity provides an understanding of the impact of sport and physical activity in the context of a healthy lifestyle. The program sets the foundations for you to become an effective professional in sport and physical activity careers, giving you a wide knowledge base in areas including health, tourism, nutrition, disability and business.

STUDY PROGRAM*

First year
A typical first year might include:
- an introduction to sport and physical activity, and sport in society
- an introduction to international tourism management and topics in marketing principles, event design and practice, and interpretive tour guiding
- studies in academic and professional communication; sociocultural constructions of movement in physical education; and nutrition, physical activity and health.

Second year
A typical second year might include:
- studies in the psychology of sport participation and performance, health promotion for health professionals, exercise physiology, and health project management
- electives in areas of business, tourism, nutrition and disability.

Third year
A typical third year might include:
- an industry placement field project
- study in applied exercise science, nutrition for sports performance, skill acquisition and biomechanics, sport coaching, and management and administration.

*Intended as a guide only. Check the course rule for this degree program on our course web pages regularly for the most comprehensive and up-to-date topic information.

PRACTICAL EXPERIENCE

The degree provides you with practical experience that prepares you for the workplace:
- Explore local, national and international placement possibilities in a range of areas such as sport coaching, event management, school sports and sport business administration.
- Take advantage of opportunities to make links with industry professionals from the first year of the degree.
- Undertake a compulsory industry project in third year in an area of your career interest.

STUDY ABROAD

The Colombo Plan Mobility Grant allows for four weeks in Mumbai or Calcutta in your final year. You will have the opportunity to spend time in city and rural schools and community sport clubs, working on sport development projects, and assisting in the organisation of school sporting tours.

PREFERENCES

When choosing your preferences through SATAC, some other Flinders degrees you might want to include in your list are:
- Bachelor of General Studies
- Bachelor of Education (Secondary)/Bachelor of Health Sciences.

COMBINED DEGREES

Expand your career options by combining this degree with one of the following:
- Bachelor of Business (Management)
- Bachelor of Business (Marketing)
- Bachelor of Communication and Professional Writing
- Bachelor of Psychological Science.

CAREER OPPORTUNITIES

Your degree is the first step towards a range of employment opportunities. Some potential occupations for those with a degree in this area as they progress through their career include:
- association and clubs development officer
- umpiring coordinator
- council sport and recreation officer
- sport coach
- sport development officer.

Potential employers include:
- Bicycle SA
- City of Onkaparinga
- Gray-Nicolls Sports
- Office for Recreation and Sport
- Port Adelaide Football Club.

FURTHER STUDY

Opportunities for further study include:
- Master of Teaching if seeking teacher registration
- masters degrees in health sciences.

“Our course offers the ultimate flexibility to a student looking for a career in sport and physical activity. It contains the core topics that allow students to work in any of the sports-related fields, and also has the facility to assist the transition to becoming a physical education teacher.”

Professor Murray Drummond
Professor in Sport, Health and Physical Education
WANT TO BECOME A TEACHER AND ALREADY HAVE AN UNDERGRADUATE DEGREE?

Enrol in a Master of Teaching at Flinders. If you already have an undergraduate degree, our postgraduate programs in teaching build on your prior learning and qualify you for teacher registration upon graduation. These courses enable you to develop advanced professional knowledge, practice and relationship skills relevant to teaching. They offer core topics in education studies, curriculum studies and teaching practice as well as professional placements.

The following courses are available:

• Master of Teaching (Early Childhood)
• Master of Teaching (Primary R-7)
• Master of Teaching (Secondary) – Physical Education teaching area
• Master of Teaching (Special Education) (Primary R-7 Stream)
• Master of Teaching (Special Education) (Secondary Stream)
• Master of Teaching (Special Education) (Secondary Stream) – Physical Education teaching area.

These courses are designed for working professionals. The Master of Teaching is a pre-service education teaching degree and admission normally will not be granted to applicants who already hold a teaching qualification.

Applications for the Master of Teaching are made via the SATAC website: satac.edu.au

ENTRY OPTIONS
You have multiple entry methods to Flinders. These include:

CompetitiveATAR entry
The majority of year 12 applicants enter university via the traditional competitive entry method, where offers are made to eligible applicants with the highest ATARs until all places in the degree are filled. The 2017 required ATAR for each degree is provided only as a guide for 2018 entry as it may change from year to year.

Guaranteed entry ATAR
Achieve an ATAR equal to or above the published guaranteed entry ATAR and you will be guaranteed a place at Flinders. All you need to do is ensure you have listed Flinders degrees first in your preferences and you will be offered a place in the highest Flinders degree preference that you are eligible for in 2018.

Bonus points
Bonus points may contribute to your ATAR when applying for university. Two bonus schemes may be available for South Australian Year 12 students applying for entry to Flinders in 2018: the SA Universities Equity Scheme (UES) and the SA Language, Literacy and Mathematics Bonus Scheme (LLM).

TAFElink
Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher level qualification, as long as degree prerequisites are met. Importantly, your TAFE/VET qualification does not need to be related to your selected area of study at Flinders.

BACHELOR OF GENERAL STUDIES
The Bachelor of General Studies is a flexible degree that provides a sound basis of knowledge in an area of your choice. It is designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries. Successful completion of the first year to the required standard also provides you with guaranteed entry into a range of our degrees.

GET MORE OUT OF YOUR DEGREE
Whatever you’re studying, Flinders gives you the opportunity to do more with your degree, giving you a competitive edge with a minimum of extra time spent studying.

Combined degrees
A combined degree is a combination of two Flinders bachelor degrees. As a combined degree graduate you will have two qualifications in just one to one-and-a-half years of extra study. Our combined degree programs are designed to enhance your educational, academic and professional qualifications while minimising the cost and length of your studies. Flinders combined degrees allow you to undertake in-depth study in exciting combinations that aren’t usually available in single degrees. Many graduates believe that a combined degree gives them an advantage for employment.

Bachlor of Letters
The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

The Bachelor of Letters is available in the following disciplines:

• Creative writing
• English
• French
• Indonesian
• Innovation and enterprise
• Italian
• Modern Greek
• Spanish
• Sports performance coaching.

The Bachelor of Letters is normally undertaken part-time over three years to allow concurrent study with your primary bachelor degree, adding one year to your overall study program.

WHEN CAN I START?
Flinders offers two admissions cycles each year for undergraduate degrees.

Semester 1 – February start. Applications open in August for commencement the following year.

Semester 2 – July start. Mid-year applications open in August for commencement in July the following year.

*Not all degrees are offered for semester 2 entry. Check our midyear site for details: flinders.edu.au/midyear
