With a solid academic foundation and workplace ready students, Flinders placements are looking good.

Flinders University is committed to providing student-centred, innovative, supportive and high quality learning experiences.

For employers, taking part in a student placement is often surprisingly rewarding and productive.

Student placements can provide your organisation with additional resources to complete specific tasks or projects, allows you to assess potential employees and introduces your business to new talent and fresh ideas.

For students, placements will broaden their knowledge and skills in a business setting and help them become more fully prepared for a business career.

The Placements Program in the Flinders Business School is designed to give students a real opportunity to gain some experience and enable them to put theory into practice by undertaking an industry placement or industry project.

Our students are well prepared for a placement in either their 2nd or 3rd year of a Bachelor of Business or Bachelor of Commerce degree.

**Flinders Business School will support you and your student:**

• We provide you with a framework for the Placement through our comprehensive Industry Placement Agreement.
• We ensure each student is mentored by an academic supervisor.
• Our Placement Coordinator is available to assist you with any questions or issues that may arise.
