FMC staff access to SA Health Library Service resources and services

SA Health Library Service (SAHLS) provides online clinical information resources accessible via the SALUS website – [http://salus.sa.gov.au](http://salus.sa.gov.au) – from work and from home.

A SALUS username and password is required for access. You can register by completing the [online registration form](http://salus.sa.gov.au) on the SALUS website. If you work in the mental health area, please select “SA Mental Health” as your workplace and if you are a pharmacist, select “SA Pharmacy” as your workplace.

After submitting the registration form you will receive an email with a link to set your password.

Resources

- Evidence based practice resources including the Cochrane library, UpToDate, JBI
- Pharmaceutical information – MIMS, Therapeutic Guidelines, Australian Medicines Handbook, Martindale....
- Databases, for example Medline, PsycINFO, Embase, CINAHL
- [Online books](http://salus.sa.gov.au)

Services

- Literature searching – a librarian will comprehensively search core clinical databases to find the most relevant journal articles on your topic
- Interlibrary loans and document delivery – if we don’t have access to a book or article we’ll retrieve the item from another source
- Orientation, training and support – help in all aspects of the use of online resources and with the development of information skills and competencies
- Immediate assistance via [online chat](http://salus.sa.gov.au)
