“Lifelong and personalised learning policy drivers propose that all learners should be able to (electronically) develop, record, repurpose and transfer a wide range of information about themselves as they progress through different levels and episodes of learning, training and employment.” (JISC 2008, Effective Practice with ePortfolios). All staff and students in the School of Medicine now have an eportfolio and this session will explore how this can be used to improve teaching, learning and assessment.

Tuesday, 22nd February, 2011 at 12 noon
Lecture Theatre 1, Level 5, Foyer Area
Flinders Medical Centre
