

Directions to NT Simulated Learning Environment (NT Sim Lab)

Royal Darwin Hospital

1st Floor, Yellow Wing, Building 4 (above the Library)

The NT Simulated Learning Environment (NT Sim Lab) is located behind the main public hospital building in Building 4. It is on the 1st Floor of the Yellow Wing above the Library.

Parking

The car parks are well utilised and it can be a challenge to find a space. All carparks are paid parking.

You can try your luck in the smaller carparks immediately behind the Library and Menzies School of Health Research. Alternatively there is the Overflow carpark. When you turn off Rocklands Drive into the hospital, take the first left after the bus stop. Drive to the end of the road and before the road bends around to the right you will see a pink Overflow carpark sign. Walk through the Overflow car park and along the covered pathway to Building 4.

There is also parking out the front of the Public and Private hospitals. You will need to navigate your way through these buildings to Building 4 at the back of the hospital.
