Sibonai Guest House

Sibonai Guest House is nestled in primary rainforest, with a cool stream flowing behind the accommodation. You will experience the sounds of the forest as you relax after a day of adventuring. There is an abundance of bird and insect life to watch, and some mammals in the nearby trees.

Sibonai Guest House was built to promote bird watching tourism. This Guest House is managed by a single family, and is therefore not embedded in a local village. Sibonai is a remote guest house and will appeal to those seeking nature's comforts and inspiration.

Accommodation

A single thatched hut with four separate rooms with bedding and mosquito netting provided. A comfortable thatched eating area is surrounded by trees and you can sit and sing all night long. There is a separate pit toilet and bucket showers. Or you can wash away the day in the cool flowing stream local style.

(Accommodation described from 2010.)

Experiences

This is the place for serious bird watchers. Forest hikes take you through exciting rainforest to the Goldie's Bird of Paradise. There are also many other species of endemic and rare birds to watch in the rainforest canopy. Along the way the excellent guides will point out the diversity of birds, plants, insects and all kinds of other creatures which will amaze you. Sacred Mountain of Bwebweso can be seen from Sibonai as can the endemic giant pitcher plant.

Experiences include:

- Bird watching (endemic species)
- Rainforest Hikes
- Canoe trips
- Snorkelling (around a private island)
- Swimming in cool streams
- Coconut husking
- Hikes to cultural sites.

Or, take a day trip on a traditional canoe to a small island with excellent snorkelling.
How to get there

1.5 hr PMV bus ride from Alotau to East Cape; 2 hr dingy ride to Sibonai. You should book your dingy travel two days in advance. It is also advisable to bring 60 litres of petrol for your return trip.

Refer to the ‘Visitor Information Guide’ for more information about travel in remote areas, what to bring, and how to organise your trip.

It is best to have a booking through Napatana Lodge or Milne Bay Tourism Bureau at least 2 days in advance.

What to bring

In addition to insect repellent, first aid and medical kit, don’t forget toilet paper, tea bags, spices (salt, pepper), and waterproof bags for all of your gear! Epoxy resin and a small tool kit are also very useful.

Health, safety & cultural tips

These village experiences are authentic and therefore can be a bit challenging for people used to a sedentary lifestyle. Milne Bay Province is safe for tourists due to the mainly matrilineal culture. The culture is very polite to guests and you will be well cared for. However, time frames will be different to what you are used to and the general amenities more sparse. Sundays are a day of rest so travel and activities are restricted.

Remember that your financial contribution will protect biodiversity and support local conservation and local values, but not western style accommodation.

Make sure to ask how much your stay will cost you so that there are no surprises (each activity has a cost). Though prices are standardised, managers feel it is rude to mention money upon your arrival.

Travel combinations with other villages

Sibonai is located about a 45 min traditional canoe ride from Saidowai Village. The two villages are very different and hence offer a complementary experience: rainforest (Sibonai) and culture (Saidowai).
