Email Signature Guidelines

Staff should include an email signature on all email messages, including personal contact details, the Flinders University CRICOS number and a disclaimer.

Selecting your email signature

For academic and professional services staff connected with a College, an email signature with the Flinders University co-brand logo is available. Otherwise the corporate Flinders University sample email signature is to be used.

Optional campaign email panels may be used instead of the Flinders University logo or Flinders University co-branded logo, and are available below.

Sample email signatures

Copy and paste your relevant Flinders University email signature from the selection of email signatures listed below.

• Flinders University logo, with College co-brand if applicable.
• Optional campaign email panels instead of the Flinders University logo or Flinders University co-branded logo.

Hyperlinks

You can create links to the Flinders University website and your staff business webpage by using the hyperlink icon located above the text field. Highlight the text you wish to link, click on the hyperlink icon, type in or paste the URL into the address field and click OK.

Creating the line ( | ) between the details

To make the line ( | ) between blocks of details hold down the shift key and press the back slash key ( \ ). This is located between the Enter and Backspace keys.

Save your signature

Once you have created the signature by entering all your main details, remember to click on 'Save'.

Finishing your email signature in Outlook

To ensure that your signature appears on your email messages, you must select the name of your email signature from the drop down menus for New messages and, if required, Replies/forwards:

Choose default signature

E-mail account: Microsoft Exchange
New messages: example signature
Replies/forwards: (none)

Click on OK to save your settings.

Using email signatures in Outlook Web Access (through Okta) and iPhones

To ensure that your signature appears on your email messages in Outlook Web Access (through Okta) and iPhones, you will need to update the email signature in each location or device separately.

Please note that iPhones will send emails in plain text formatting which means the logo image is lost when pasted into the signature block. In its place, please include ‘Flinders University’ in your email signature.
