Long Way Home

A celebration of 21 years of Yunggorendi First Nations Centre
Long Way Home
A celebration of 21 years of Yunggorendi First Nations Centre

17 December 2011 - 19 February 2012
Curated by Ali Gumillya Baker, Natalie Wheeler and Jackie Wurm

There was little doubt that art would play its part in Yunggorendi’s twenty-first anniversary celebrations. The idea for this exhibition took a familiar form: invite the University’s Indigenous students and staff, and colleagues with a close relationship to the Centre, to choose works from the rich resources of the Flinders University Art Museum, write about them and share choice and response with others. The title Long Way Home grew out of these deeply personal but collectively understood offerings. It embraces country, identity and the myriad pathways that connect visions and voices to the pleasures of things made and people who care.
