“Drop the Dust comprises two- and three-dimensional artworks by established South Australian artists Pamela Kouwenhoven and Margaret Worth. The jointly conceived curatorial theme focuses on the pervasiveness of dust in our lives, whether it takes the form of infinitely small or imperceptible cosmic particles, or huge, frighteningly visible dust storms. In the context of this exhibition ‘dust’ is conceptualised as a physical presence in the universe -- from the cosmos to the kitchen sink, as it were -- but also as a philosophical and metaphorical construct. Drop the Dust is also a meditation on mortality.”

Christine Nicholls, exhibition catalogue, 2010

This exhibition is one of two presented by Flinders University Art Museum as part of the South Australian Living Artists Festival 2010
