- Topics in shaded boxes are core to the degree.
- The degree structure for this specialisation is given over the page.
- A general elective may be any topic at Flinders for which you have met the prerequisites. This includes BUSN topics, and additional topics towards your specialisation if available.
- It is possible to incorporate a second business or other major in place of most of the General Electives, though this won’t be reflected in the name of the degree.
- The study plan table is just a guide. Other topic arrangements are possible.
