INSPIRING
ACHIEVEMENT
Established in 1966, we are building on 50 years of achievement with a vision to be internationally recognised as a world leader in research, an innovator in contemporary education, and the source of Australia’s most enterprising graduates.

With core values of integrity, courage, innovation and excellence, and an underlying ethos of being student centred, Flinders University has a bold mission of changing lives and changing the world.

Flinders University was named after the famed navigator Matthew Flinders, who in an 1804 letter explained why he was embarking on his adventurous life of discovery:

“I HAVE TOO MUCH AMBITION TO REST IN THE UNNOTICED MIDDLE ORDER OF MANKIND. SINCE NEITHER BIRTH NOR FORTUNE HAVE FAVOURED ME, MY ACTIONS SHALL SPEAK TO THE WORLD.”
WE ARE ON KAURNA LAND...

We recognise that Flinders University operates on Indigenous peoples’ traditional lands and waters, and acknowledge their continued responsibility to care for country at the University’s various teaching locations, including the lands and waters of the following peoples: Kaurna (main campus at Bedford Park), Arrernte, Boandik, Bungarla, Gunditjmara, Jawoyn, Larrakia, Nauo, Ngarrindjeri, Peramangk, Ramindjeri, Wurundjeri, Yolgnu.

TODAY, OVER 300 ABORIGINAL AND TORRES STRAIT ISLANDER STUDENTS ARE ENROLLED IN COURSES AT FLINDERS UNIVERSITY.
OUR SIX-COLLEGE STRUCTURE IS DESIGNED TO SUPPORT EDUCATION AND RESEARCH EXCELLENCE, AND STUDENT SUCCESS.

- College of Business, Government and Law
- College of Education, Psychology and Social Work
- College of Humanities, Arts and Social Sciences
- College of Medicine and Public Health
- College of Nursing and Health Sciences
- College of Science and Engineering

INNOVATIVE EDUCATION

AT FLINDERS, INNOVATION IS NOT JUST SOMETHING WE SAY, IT’S SOMETHING WE DO.

It’s in our cutting-edge research that informs what students learn, and our connections to industry that keep our courses relevant. It’s in our state-of-the-art facilities and dynamic approaches to teaching.

But beyond that, innovation at Flinders is about preparing students for the future. It’s about giving them the skills to think outside the box and recognise opportunities to do things better. That’s where the jobs of tomorrow lie, and Flinders prepares students for this reality.

That’s where our innovation and enterprise program comes in. Our innovation and enterprise topics are available to all students who want to know how to enhance their creativity, understand and embrace innovation, and think like an entrepreneur.

INNOVATION IS NOT JUST SOMETHING WE SAY, IT’S SOMETHING WE DO.
Some of the many important industry and project-based partnerships Flinders has formed include:

**Australian Fashion Labels**
Australian Fashion Labels is a top fashion apparel company based in Adelaide, with over 3,000 stockists worldwide and international offices in Los Angeles and Shanghai. Flinders Business students can undertake work placements and gain hands-on experience in public relations, social media, international marketing and accounting.

**Cisco Australia**
Cisco, a worldwide leader in networking and the provider of the state-of-the-art network infrastructure at Flinders, supports high quality research in innovative health technologies. Flinders and Cisco have also established a Cisco Academy at Tonsley, which equips students for the jobs of the future. Developments in this field have the potential to radically change how people interact with health services, and how they manage and maintain their health throughout life.

**CDW Studios**
Flinders offers courses in collaboration with CDW Studios, providing training in visual effects and entertainment design. Students learn from leading industry professionals who have worked with companies such as Disney, Blizzard Entertainment, Rising Sun Pictures, WETA, Wizards of the Coast and Lego. Flinders and CDW Studios’ School of Visual Effects and Entertainment Design was ranked No. 1 Digital Illustration School 2017 and 2018.*

**Defence**
Flinders University’s South Australian location places us at the heart of Australia’s defence industry. To support current and future defence programs, we’ve developed a range of international industry and academic partnerships. Our agreements with leading defence companies such as BAE Systems, Thales, Northrop Grumman and Naval Group provide cutting-edge training for our engineering students and opportunities for collaborative research, as well as a number of internships for our students.

**SA Health**
Flinders works in partnership with SA Health to provide clinical training placements to our medicine, public health, nursing and health sciences students in hospitals and health services across South Australia. These placements ensure our students are well equipped to apply the theory they learn to patients and communities in a variety of health service settings.

Flinders Medicine is co-located with Flinders Medical Centre – a major South Australian hospital. Our medical and other health students have the opportunity to be exposed to authentic, patient-centred clinical experiences from early on in their courses.

Rural placements are also a focus of our degrees, exposing students to a professional multidisciplinary environment where patients present a wide range of needs.
