

Detailed program – September 2026

Note - for safety reasons, there will be no access to the buildings during power outages/shutdowns.
Please consider working elsewhere or studying in the Student Hub or Central Library during shutdowns.

If you require emergency access assistance, please contact Security on 8201 2880.

This schedule is subject to change without notice.

Wednesday 23 September

Biological Sciences building

Timing	Impact	Details
5:30am – 6:00am	Power outage	Power outage to the building with no generator backup

Saturday 26 September

Physical Sciences building and Biological Sciences (lift only)

Timing	Impact	Details
7:15am – 8:45am	Power outage to all levels* including CSE Chemstore	Biological Sciences lift affected * level 2 laboratories 2108, 2109A, 2113, 2116, 2117 and UPS room 2114 will remain operational during this time
10:00am – 12:30pm	Intermittent power outage	Simulation of power outage to activate new generator backup power. Mandatory residual current device (safety switch) maintenance and compliance testing will also be carried out during this period
11:30am – 11:45am	Power outage to part of level 2*	Power outage to level 2 laboratories 2108, 2109A, 2113, 2116, 2117 and UPS room 2114
3:45pm – 4:00pm	Power outage to part of level 2*	Power outage to level 2 laboratories 2108, 2109A, 2113, 2116, 2117 and UPS room 2114

South Lecture Theatres

Timing	Impact	Details
7:00am – 10:35am	Power outage	Building will be locked with no access
10:00am – 10:35am	Power outage	Intermittent power outage to whole building

Biology Discovery Centre, McHughes, PFD Operations Maintenance Yard, Flinders Press, Joint Library Store/URRSA, Physical Sciences Workshop, Earth Sciences, SILC, IST, Data Centre and Sir Eric Neal buildings, plus EV chargers in car parks 2, 3 and 9

Timing	Impact	Details
7:00am – 5:00pm	Lift outage	All south ridge buildings as above
11:30am – 11:45am	Power outage	Short outage to High Voltage supplies
3:45pm – 4:00pm	Power outage	Short outage to High Voltage supplies

Contingency - Sunday 27 September

If we cannot complete work on the above dates, we will schedule contingency works and send separate communications.
