“I have found this to be one of the most connected and purposeful professional development/study opportunities I have experienced. This course has confirmed my passion for wellness and positive mental health in teaching and learning.”

Christine Vlassopoulos
School wellbeing leader and Master of Education (Wellbeing and Positive Mental Health) graduate*

*From Semester 2, 2021 this course has been replaced with the new Master of Wellbeing and Positive Mental Health in Education
Cognitive Psychology and Educational Practice

What is going on when students are trying to understand texts or diagrams, or when they are trying to solve problems? Can you help students change their motivational states? Can you influence learners' self-regulation of learning in the face-to-face and online environments?

Study Cognitive Psychology and Educational Practice, and you will uncover the answers to these questions and more. This unique program is designed to meet the increasing demand for professional education about teaching-learning issues such as motivation, cognition and metacognition.

Education

The postgraduate education program is intended for people currently employed in education, special education or education management, and for those who have an interest in developing their knowledge and practice in these areas. It introduces knowledge and skills in your area of interest, with a focus on understanding and changing practice.

YOUR CAREER

A masters degree from Flinders University is an asset recognised locally, nationally and internationally for anyone seeking and/or furthering a career in educational contexts.

Graduates will be equipped for careers in a wide range of settings, ranging from a variety of school and universities settings at all possible levels to education departments and ministries, in Australia or internationally.

**Potential occupations:**
- teacher employed locally, nationally, or internationally
- coordinator of educational programs
- education administrator
- education policy maker or analyst
- school executive
- researcher.

**Potential employers:**
- public, private and independent schools
- Department of Education
- Ministry of Education
- education research institutions.

**Professional accreditation/recognition:**

These courses can count towards professional learning. These courses do not lead to teacher registration in South Australia.

The Master of Education (M.Ed) at Flinders University was an ideal way to take my teaching and educational leadership skills to the next level. This included both consolidating existing and developing further knowledge and abilities in curriculum development, assessment practices, and in leadership and management. In addition, the M.Ed allows you to choose from a broad range of face-to-face or online topics, either full or part-time, that both suit your professional needs and understand that educators need to fit study around school and family commitments.

Potential occupations:
- special/gifted education classroom teacher
- inclusive or special education coordinator in a school or site
- special education support roles
- gifted education support roles
- community roles in special needs settings.

Potential employers:
- schools and education sites in all education sectors nationally and internationally
- community organisations and local councils who employ graduates with special education qualifications.

Professional accreditation/recognition:
These courses can count towards professional learning.
These courses do not lead to teacher registration in South Australia.

International Baccalaureate

If you're a teacher, educator or leader in an IB World school, or are looking to work in an IB World school in the future, the Graduate Certificate in International Baccalaureate Education will boost your career prospects and provide you with a deep understanding of IB philosophy, principles and practices. You will learn about the continuum of IB learning and can focus on one of the IB programmes relevant to your context to qualify for the IB Certificate in Teaching and Learning in either the Primary Years, Middle Years, or the Diploma Programme.

Graduate Certificate in International Baccalaureate Education
SATAC code 2GC153
- 1 year (part-time only)
- External

YOUR CAREER
Graduates will have the expertise in IB education that will enhance their career prospects within IB schools worldwide, in addition to equipping them with valuable insights and pedagogies relevant to careers in all educational contexts.

Potential occupations:
- IB educator
- IB leader
- educational consultant.

Potential employers:
There are over 5,400 IB schools, in 158 countries, that are potential employers of our graduates (as at February 2021).

Professional accreditation/recognition:
This course can count towards professional learning.
This course does not lead to teacher registration in South Australia.
**Languages Education**

The Graduate Certificate in Languages Education is the only course of its kind currently offered in Australia. It provides opportunities for educators, educational leaders and other professionals for deep engagement with theories, approaches, issues, trends and contemporary practices in teaching languages in a range of educational contexts (incl. online learning).

As the course is non-language specific, it will enable you to gain broad perspectives in the field of languages education (modern languages including TESOL). It offers application of evidence-based knowledge and skills to innovate language education practices and includes a strong focus on learner motivation.

The course is designed for a range of education professionals who want to develop or extend their expertise in languages education to further enhance their knowledge and practice to improve learners' experience and outcomes.

**YOUR CAREER**

Graduates will be equipped for careers in a wide range of settings, from early childhood, primary, secondary and post-secondary, vocational and higher education to policy and curriculum advisory, or corporate training contexts.

**Potential occupations:**
- languages education coordinator/director
- teacher, tutor, lecturer, educator teaching modern languages
- languages education policy advisor.

**Potential employers:**
- primary, secondary, and early childhood education sectors
- higher education, vocational education sectors
- organisations in a range of contexts where expertise in language teaching, learning, and training is involved (e.g., ethnic schools associations).

**Professional accreditation/ recognition:**

This course can count towards professional learning.

This course does not lead to teacher registration in South Australia.

---

**Leadership in Education**

Are you keen to identify and build on your strengths as a leader and gain an understanding of the relational and contextual nature of leadership? Join our graduates, who have come from a wide variety of sectors with diverse qualifications, and gone on to lead positive change in their respective fields. You may be a current or future human resource manager, a school principal, aspiring teacher or departmental officer, a policy developer, vocational education sector manager, or a leader of a university academic or administration unit.

Flinders' Graduate Certificate and Master of Leadership in Education course offerings are distinctive in that they approach educational leadership from a humanistic perspective. Energetic, passionate staff will prepare you to think relationally and contextually to employ the skills and knowledge you gain in the classroom to the real world.

**YOUR CAREER**

The Graduate Certificate and Master of Leadership in Education focus on working with aspiring, middle and senior leaders to:
- understand how they might grow their leadership as change agents with knowledge and relational sensibilities to work with others for a better world
- identify where traditional notions of leadership must change; and
- support leadership which recognises local and global contexts, judgement, and relationships as fundamental to the way forward.

A masters degree from Flinders University is an asset recognised locally, nationally and internationally for anyone seeking and/or furthering a career in educational contexts.

You will be equipped for careers in a wide range of settings, and a range of middle and senior level positions to contribute to the leadership of an organisation through developing and working with diverse groups of people to achieve a responsive organisation that meets the needs of the people it serves.

**Potential occupations:**
- Principal
- wellbeing coordinator
- subject/teaching and learning leader
- community development officer.

**Potential employers:**
- primary, secondary, and early childhood education sectors
- higher education, vocational education sectors
- organisations in a range of contexts where expertise in language teaching, learning, and training is involved (e.g., ethnic schools associations).

**Professional accreditation/ recognition:**

These courses can count towards professional learning.

These courses do not lead to teacher registration in South Australia.

The mental health and wellbeing of our students, clients, colleagues and communities is cause for growing concern. You have the opportunity to influence the future.

If you're a teacher, educator, leader or other professional in early years, school, community, workplace higher education or training institutions and settings this dynamic course will equip you to take the lead in promoting and sustaining holistic wellbeing and positive mental health interventions tailored to your particular site context and needs.

Enhance your awareness of a range of frameworks, theories and practices that will assist you to build capacity for wellbeing and positive mental health in educational contexts.

Wellbeing and Positive Mental Health in Education

With the internationalisation of the job market, graduates with a qualification in English language teaching will have greater employment opportunities. Please note that these programs alone do not qualify graduates to teach in the Australian school system. A Bachelor of Education, or Master of Teaching, is required for teaching in an Australian primary or secondary school.

Potential occupations include:
- private English language teacher
- assistant language teacher
- communications specialist
- immigration officer
- international student advisor
- linguist
- multicultural service officer
- travel consultant.

Teaching English to Speakers of Other Languages (TESOL)

The Teaching English to Speakers of Other Languages (TESOL) postgraduate program is aimed at developing understanding and skills in the area of TESOL. The courses are also designed to help you develop disciplinary knowledge in the area of second language acquisition, as well as specific knowledge in the area of teaching English to speakers of other languages.

YOUR CAREER

A masters degree from Flinders University is an asset recognised locally, nationally and internationally for anyone seeking and/or furthering a career in educational contexts.

Graduates will be equipped for careers in a wide range of settings, from childcare/children’s centres, kindergarten, primary, secondary and post-secondary/higher education to community centres and non-government agencies.

Potential occupations:
- wellbeing leader in early years, primary or secondary settings
- school counsellor
- wellbeing educator in early years, primary, secondary or post-secondary settings
- wellbeing advisor at a system level
- pastoral care worker
- social worker in education settings
- youth worker
- leader of wellbeing programs and interventions in community settings.

Potential employers:
- early years and school sites in government, independent and Catholic systems and sectors nationally and internationally
- non-government agencies and community development organisations.

Professional accreditation/recognition:

These courses can count towards professional learning.

These courses do not lead to teacher registration in South Australia.
Research Methods

The Graduate Diploma in Research Methods prepares you with the skills to independently plan research activities, manage your time, and present your research both orally and in writing. It is an intensive, one-year qualification designed to provide you with in-depth knowledge of research methods and your subject area as a pathway to a higher degree by research. It includes a substantial 18-unit research thesis/project (one semester/six months) and the research methodology topics that provide the comprehensive research knowledge for applicants who do not otherwise have the research experience required to apply for entry into a higher degree by research.

STUDY PROGRAM
The Graduate Diploma in Research Methods consists of 36 units (equivalent to one year full-time). In addition to the 18-unit research thesis/project, the course also includes 18 units of topics such as field-specific research methods, writing a literature review and ethics proposal, and specialised subject areas.

Graduates will gain the following:
- advanced knowledge of underlying academic principles and concepts in your area of study
- the capacity and skills to undertake independent research the ability to critically evaluate and analyse complex issues and deploy evidence in support of a research output.

A graduate certificate option is available as an exit award only. To find out more about the Graduate Diploma in Research Methods, including to view the program of study options, visit: flinders.edu.au/study/courses/postgraduate-research-methods

Career Opportunities
Graduates can pursue careers in areas such as the government sector, private or corporate consulting sectors and research institutions.

Doctor of Philosophy (PhD) in Education

Undertake a Higher Degree by Research in Education at Flinders and you will develop the skills and expertise to shape policy and practice and make a genuine difference in the diverse field of education, by developing a deep understanding of a specific area in the field. You will join researchers who work closely with industry to create new knowledge and develop innovative solutions to challenges across the education landscape.

YOUR CAREER
The Doctor of Philosophy (Education) provides opportunities to work as leaders in schools, preschools and the educational sector. PhD graduates in Education become researchers as part of academia or in industry. As an Education Consultant you can work in Government departments such as Departments for Education, in the Independent Schools sector in urban and regional settings, and in Indigenous education.

Potential employers:
- schools and preschools
- universities
- research organisations
- departments of education
- independent schools associations
- Indigenous education makers.

Career Opportunities
Graduates can pursue careers in areas such as the government sector, private or corporate consulting sectors and research institutions.
How do I apply?

Applications for postgraduate coursework degrees are lodged through the South Australian Tertiary Admissions Centre (SATAC): satac.edu.au

1. SELECT YOUR PREFERRED COURSE
Explore our full range of postgraduate courses at flinders.edu.au/postgrad

2. CHECK ENTRY REQUIREMENTS
Most graduate entry bachelor degrees, graduate certificates and graduate diplomas require a three-year undergraduate degree from an Australian university or equivalent.

There are also minimum entry requirements for each course. But if you don’t meet the requirements you may be admitted (subject to specific conditions) at the discretion of the College offering the course.

Overseas qualifications need to be equivalent to the above to be considered for entry.

3. CHECK INDIVIDUAL COURSE ENTRIES ON SATAC FOR INFORMATION ON IMPORTANT DATES
Use SATAC’s course search to check individual course entries for information on important dates. You will find information on commencement date options, relevant closing date(s) for applications, and the timing of offers.

satac.edu.au/pages/postgraduate-course-search

4. APPLY ONLINE AT SATAC
Apply for postgraduate coursework at Flinders through the South Australian Tertiary Admissions Centre (SATAC).

satac.edu.au/postgraduate

Applications for Higher Degree by Research (HDR) are lodged directly through Flinders University: flinders.edu.au/research

1. CONFIRM YOUR ELIGIBILITY

2. CONFIRM YOUR SUPERVISOR
Ensure an academic staff member has agreed to supervise your HDR Project.

3. PREPARE YOUR DOCUMENTATION
HDR applicants are required to provide a research outline, research experience statement and academic transcripts prior to submitting your application. Ensure you have reviewed the course rule and course information page for any additional requirements.

4. APPLY ONLINE AT FLINDERS
flinders.edu.au/research

Studying on campus

Flinders’ huge main campus at Bedford Park features an award-winning hub and plaza, with retail, food outlets and a state-of-the-art sport and fitness centre. Take a virtual tour of Flinders University and explore our amazing locations. It’s the next best thing to being here!

satac.edu.au/pages/postgraduate-course-search

Flinders.edu.au/vr

Student Hub & Plaza
Open 24/7, the award-winning Hub and Plaza brings the best of coffee and street food culture to the heart of the Bedford Park campus, with retail options, innovative study spaces and free wi-fi access.

Food & Drink
You’ll never go hungry at Bedford Park, with a wide variety of food outlets.

Retail
Bedford Park features a range of retail outlets.

Advanced Standing – recognition of your experience as a teacher

Are you a registered teacher with two or more years’ experience? Do you hold one or more of the following?

- four-year bachelor degree or equivalent
- Master of Teaching
- Graduate Diploma in Education

If yes, you may be eligible for Advanced Standing for up to 36 units (50%) of Flinders’ Education Masters Degrees.* This means that you could complete your studies within one year (or equivalent part time).

Find out more:
flinders.edu.au/credit-recognition-prior-learning

* Not applicable to Master of Teaching.
**Studying externally/online**

Flinders online courses provide a convenient and flexible way to achieve your study and career ambitions.

You’ll receive the same quality education and qualifications as on-campus students with dedicated support services such as technical, learning, library and general support available throughout your entire degree.

With a variety of industry-focused postgraduate courses, you can work at a pace (and place) that fits in with your lifestyle.
