

Position Description – Collaborative Platforms Manager (Science)

9 June 2026

POSITION DETAILS	
College/Portfolio	College of Science and Engineering
Organisational Unit	College Services, Technical Services
Supervisor (Title)	Director of College Services
Classification	Higher Education Officer Level 9
Employment Type	Continuing, Full Time

POSITION SUMMARY
<p>The Collaborative Platforms Manager is responsible for the strategic and operational leadership of multiple collaborative research and support facilities within the College of Science and Engineering. This senior role ensures the delivery of high-quality, efficient, and innovative services, driving achievement of key performance indicators in revenue, research impact, and user satisfaction.</p> <p>The Manager leads technical teams, oversees facility operations, and contributes to the strategic development of new facilities to advance the College’s research and teaching objectives. The incumbent will foster a culture of innovation, customer service, and operational excellence, ensuring alignment with University and College priorities.</p>

UNIVERSITY EXPECTATIONS AND VALUES
<p>All staff at Flinders are responsible for understanding their obligations and responsibilities as set out in the University’s code of conduct and are expected to:</p> <ul style="list-style-type: none"> demonstrate commitment to the University’s values of Integrity, Courage, Innovation, Excellence, and the underlying ethos of being Student Centred; contribute to the efficient and effective functioning of the team or work unit to meet the University’s objectives. This includes demonstrating appropriate and professional workplace behaviours, providing assistance to team members, if required, and undertaking other key responsibilities or activities as directed by one’s supervisor; promote and support an inclusive workplace culture which values diversity and embraces the principles of equal opportunity; perform their responsibilities in a manner which reflects and responds to continuous improvement; and Familiarise themselves and comply with the University’s <i>Work Health and Safety, Injury Management and Equal Opportunity</i> policies. <p>Flinders University is committed to providing a safe, respectful and inclusive environment, free from gender based violence. Appointment to this role is conditional on the completion of required pre employment checks and declarations, each of which must be satisfactory to the University. This includes a Gender Based Violence declaration, in accordance with the National Higher Education Code to Prevent and Respond to Gender Based Violence (2025), and a Nationally Coordinated Criminal History Check.</p>

KEY POSITION RESPONSIBILITIES

The Collaborative Platforms Manager is accountable for:

Strategic Leadership and Operational Management

- Develop and implement strategic plans for the growth and sustainability of core facilities, aligned with College and University priorities.
- Identify opportunities for new facility development, including business case preparation and execution.
- Foster a culture of innovation, continuous improvement, and service excellence.
- Oversee daily operations of multiple core facilities, ensuring optimal performance, compliance, and user experience.
- Develop and review operational policies, procedures, and service models.
- Ensure compliance with all regulatory, safety, and quality standards (e.g., WHS, PC2, accreditation).
- Manage facility scheduling, access, and resource utilisation.
- Lead, mentor, and develop teams of technical staff and promote a collaborative, inclusive, and high-performance team culture.

Performance Management and Reporting

- Develop and manage facility budgets, including forecasting, cost recovery, and revenue generation.
- Set, monitor, and report on KPIs related to revenue, research impact, user satisfaction, and operational efficiency.
- Prepare regular performance reports for College leadership and stakeholders.

Facility Development and Innovation

- Lead the evaluation, acquisition, and commissioning of new equipment and technologies.
- Drive initiatives to expand facility capabilities and support emerging research needs.

Compliance and Risk Management

- Ensure all facilities operate in accordance with University policies, legal and compliance requirements, and best practice standards.
- Oversee risk management, including safety audits, incident investigations, and corrective actions.

Stakeholder Engagement and Service Support

- Build and maintain strong relationships with academic staff, students, and external partners.
- Promote facility capabilities and services to internal and external users.
- Oversee user training, support, and communication to ensure satisfaction and compliance.
- Undertake additional responsibilities as required, commensurate with the classification and scope of the role.
