**WELCOME
TO Tianjin
University**

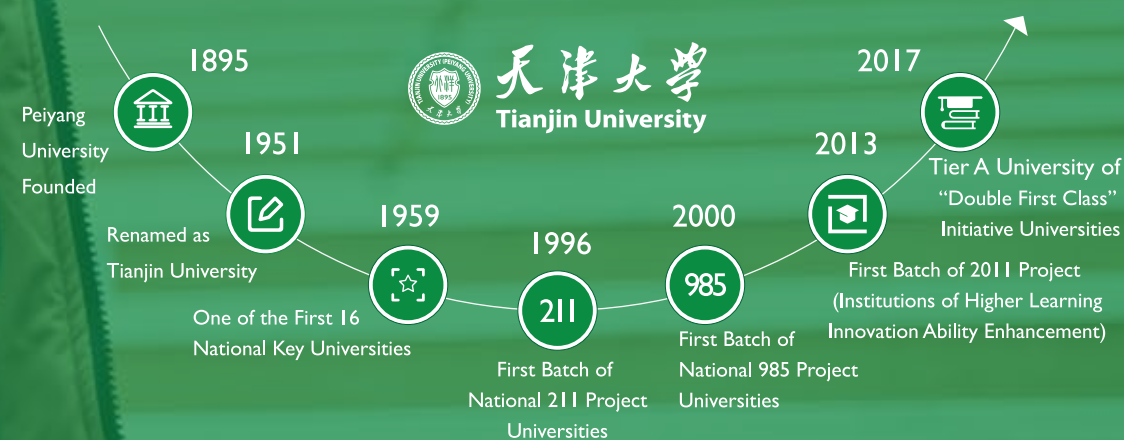

Introduction to TJU

Tianjin University (TJU), founded in 1895 as Peiyang University, is the oldest institution of higher education in the modern history of China and is a national key university that is under direct administration of Ministry of Education. Tianjin University has been selected as the first batch of universities under project “211” and “985” as well as “Double First Class” Initiative universities. Adhering to the motto of “Seeking Truth from Facts”, spirit of “Precise in Learning and Strict in Teaching” and the pursuit to “Commitment of Innovation”, Tianjin University has become a research-oriented high level university with international influence on the basis that TJU boasts of abundant educational resources, distinctive discipline features and top ranking of educational quality as well as scientific research among universities across China.

Introduction to Tianjin

As a municipality directly under central government of China, Tianjin is not only a national central city and a megacity, but also an economic center in the Bohai Rim Region. Tianjin, constructed in 1404 AD, boasts a history of more than 600 years and a unique city feature and style where the east meets the west and the modern merges with the past.

Regarded as the biggest port city in the northern part of China, Tianjin serves as a vital window for China to participate in regional economic integration and globalization. Tianjin can share the convenience of Beijing, capital of China, as it is only 120 KM away from Beijing and it is only a 30-minute intercity bullet train ride. Moreover, the advantageous location of Tianjin also brings development benefits, manifested by the more than 14,000 foreign invested company and 168 Fortune 500 enterprises in Tianjin.

Compared to other big cities in China, the living expenses in Tianjin is quite affordable.

Accommodation
750-1800RMB/Month

Food
600-1000 RMB/Month

Transportation
100-200 RMB/Month

Communication
50-200 RMB/Month

Architecture in Tianjin

The Tientsin Eye, The Yongle Bridge Tientsin Eye, is a Ferris Wheel built on a river and can serve as a bridge, which possesses both function of sightseeing and transportation. The Tientsin Eye is regarded as the landmark of Tianjin.

Tianjin Broadcast TV Tower is a 4A national tourist attraction. With a height of 415.2 M, it is the fourth highest tower in Asia and the sixth highest tower across the world, which makes it one of the ten famous scenic spots for tourism in Tianjin.

The Five Major Avenues, located in the center of Tianjin, is the most complete preserved architectural complex of western-style mansion in Tianjin and in China. There are more than 2000 garden-style villas in the region, which is called International Architecture Exhibition Group.

Tianjin Ancient Culture Street, a commercial pedestrian street, distinguishes itself as cultural collection with Chinese features, Tianjin characteristics and traditional styles. More than 100 craft workshops and local cuisine restaurants are gathered in this area.

Folk Culture in Tianjin

Tianjin is the cradle of northern China folk arts with diversified artistic performances. The traditional four folk art forms of Tianjin are Clay Figurine Zhang, Yangliuqing New Year Paintings, Kite Making Wei and Brick Carving Liu.

Xiangsheng (Cross Talk) of Tianjin

Tianjin plays a decisive role in the development of Xiangsheng in China. With unique language performance skills and humorous viewpoints, Xiangsheng is quite popular in the tea houses in Tianjin and has become a widely-known cultural card of Tianjin.

Delicacies in Tianjin

Go-believe Bun, Ear-hole Fried Cake and 18th Street Fried Dough Twist are traditional and famous Tianjin delicacies, which are not only quite famous in Tianjin, but also well-known throughout China.

Study @ TJU

Academic Disciplines

Adhering to the concept of comprehensive development of Engineering, Science, Liberal Arts and Medical Science, Tianjin University has formed distinctive academic features in engineering with combination of science and coordinated discipline layout encompassing economics, management, liberal arts, law, medical science, education, arts and philosophy etc. As of academic year 2021, Tianjin University provides 75 undergraduate programs, 42 national first master disciplines, 30 national first doctoral disciplines and 25 post-doctoral programs.

Emerging Engineering Education

Tianjin University has initiated “Emerging Engineering Education Roadmap” and proposed “Tianjin University Action Plan” with 61 higher education institutions to implement Emerging Engineering Education that covers all levels and types of study through the whole education system. Tianjin University has established the world's first scientific research, training and communication base for Emerging Engineering Education, i.e. Tianjin University Emerging Engineering Education Center and has founded Tianjin Emerging Engineering Education Alliance, Tianjin Emerging Engineering Education Research Institute and International Emerging Engineering Alliance etc. in order to promote Emerging Engineering Education construction in a coordinated way and foster scientific and innovative talents of engineering, encompassing fields from engineering scientific discovery to scientific technological invention.

Academic Resources

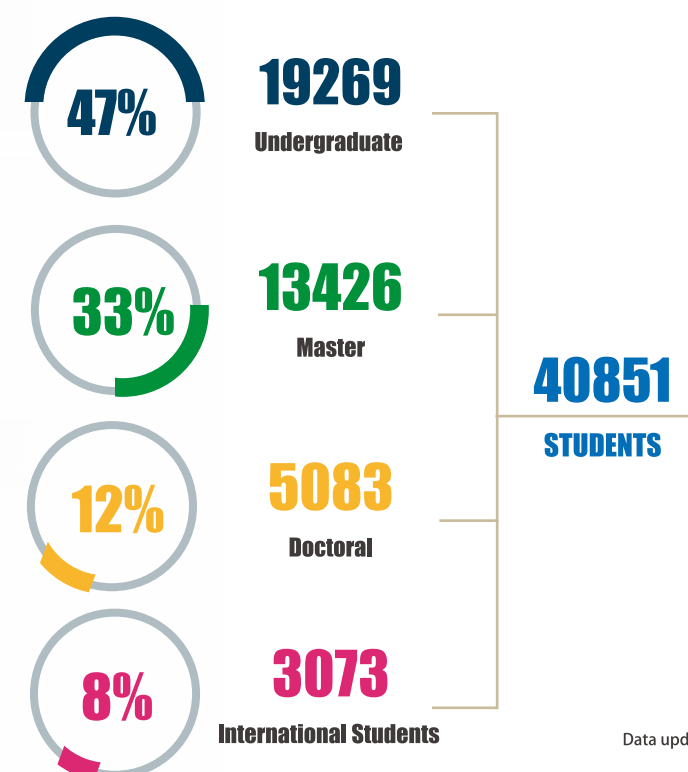

Scientific Research

- 2015 to present, TJU has obtained over **20** National Science and Technology Award
- 2012-2018 TJU has funded over **3 billion** yuan for scientific research, harvested more than **1260** patents and published **4012** or more SCI papers
- **15** National Level Laboratories and Research Centers
- **14** Ministerial Key Laboratories and Engineering Research Centers
- **33** Provincial Key Laboratories, **23** Provincial Engineering Centers, **36** Provincial International Cooperation Bases
- **6** Innovative Research Groups, National Natural Science Foundation of China
- **12** Ministerial Innovative Teams

- Institute of Molecular Plus
- Division of Medicine

Undergraduate Programs

For academic year 2021, 62 undergraduate programs of Tianjin University are open to international applicants, among which 58 are Chinese-taught majors with annual tuition of 16600 RMB/year and 4 are English-taught majors with annual tuition of 20000 RMB/year. Undergraduate programs commonly are 4-year-long, with exception of Architecture, which takes 5 years and an annual tuition of 26000 RMB/year.

Career Guidance

TJU has established partnership with enterprises and institutes of different fields. Each year, TJU will hold more than 4000 employment campaigns, through which students can seek for internship opportunities and job offers at Fortune Global 500 by Alumni recommendation, Employment of Specific Disciplines and TJU Employment Fairs etc.

2020 has witnessed TJU's online employment campaigns, offering international students opportunities to do intern and work in China. TJU has assisted a large number of international students seek for job offer or start up their own companies in Shanghai, Guangzhou and Hangzhou etc. Moreover, favorable policies have been made to encourage international students work at higher education institutions and enterprises of China. International students from the graduating class of 2020 have entered corporations in Tianjin, Wuxi and Hangzhou etc. in China.

Multicultural Research and Psychological Consultation Center

Founded in 2009, TJU Psychological Consultation Center is the first university consultation center in China to provide psychological services to international students.

Psychological Consultation Center mainly focuses on cross-cultural adaptation, academic pressure, interpersonal relationship, emotional management, love psychology and other issues of international students.

Campus Facilities

Teaching Buildings

There are lots of teaching buildings on Peiyang Park Campus and Weijin Road Campus at TJU, where students could complete academic study and research activities.

Libraries

Libraries at TJU consist of the Library (North Library) and the Science Library (South Library) on Weijin Road Campus and the Zhengdong Library on Peiyang Park Campus, among which Zhengdong Library is acclaimed as “The Most Beautiful Library in Asia”.

As of the end of 2019, there are over 3.1 million printed books and periodicals, 1.93 million e-books, 82,000 electronic periodicals as well as 105 general e-databases and 203 sub e-databases at TJU. Moreover, libraries at TJU also distinguish themselves as reader-oriented service center with its featured reader spaces, online and offline reader service.

On-campus Dormitories

Weijin Road Campus

Single Room: 60 RMB/ day/ person

Twin Room: 50 RMB/day/person

Quadruple Room: 25 RMB/day/person

Peiyang Park Campus

Single Room: 40 RMB/day/person

Twin Room: 50 RMB/day/person
(Kela Hotel)

Canteens

Tianjin University boasts 14 canteens on Weijin Road Campus and Peiyang Park Campus (with halal dining hall on each campus). With diversified cuisines and specialties of different countries, canteens at TJU provide students with a wide range of flavorful diet choices with affordable costs, which are well-liked by students and faculty members.

Gymnasium

Student Center

Extra-curricular Activities

TJU is a beautiful and vibrant community, with more than 300 academic, cultural and arts, sports and volunteering student associations and clubs. Furthermore, TJU will hold campus opening day at flower season and International Cultural Festival annually, promoting cultural and academic exchange among students.

Student Testimonials

I am thrilled that I was admitted to Tianjin University and obtained the opportunity of studying Chinese at TJU. The courses are interesting and my classmates are active in learning. After I came to TJU, I have not only acquired knowledge, but also become more passionate about Chinese language and cultures. For me, it is a journey of learning, culture and accumulation.

UZUN PELDA (Turkey)

Chinese Language Program Student

Chemical Engineering of TJU ranks No.1 in China, and I feel it an honor to gain admission under the sponsorship of Chinese Government Scholarship. At TJU, my professors guide me to study and conduct research, and my classmates are friendly, as we participate in group discussions and project research together. Their help prompts me to become more firm in my decision to pursue further study after my graduation and work harder towards my dream.

DZIVA GODKNOWS (The Republic of Zimbabwe)

Master Student in Chemical Engineering

I have been in Tianjin University for more than 5 years and it has become my second home. My professors impart me knowledge and supervise me to attend cultural study, contests and other extra-curricular activities. TJU is the oldest institution of higher education in the modern history of China and develops with China. I hope I could follow the advance steps of TJU, continuing my study and research so as to help more people who love Chinese and contribute to the transmission of Chinese cultures.

SIDOR JAGODA (The Republic of Poland)

Master Student in Teaching Chinese to Speakers of Other Languages

After my graduation from University of Sydney, I have always hoped to pursue doctoral study during my employment and Tianjin University fulfills my dream. TJU boasts three national 1st level management disciplines for doctoral study, and has gained several international accreditations. College of Management and Economics is also a valued member of The Association to Advance Collegiate Schools of Business (AACSB). Moreover, TJU has friendly cooperation with high level universities and enterprises around the world, which could offer students abundant opportunities to enhance learning, conduct research, exchange academically and seek for suitable occupations.

LEE CHING YAN (Malaysia)

Ph.D. Student in Public Management

Q&A

Are Reference Letter, Acceptance Letter and Pre-Admission Letter compulsory for application?

One

- Two Reference Letters are compulsory for graduate program applicants, including master and Ph.D., and optional for other program applicants, including bachelor program, foundation program and Chinese Language program.
- With regard to Acceptance Letter, it is highly suggested that master and Ph.D. applicants contact professors of academic schools at TJU for an Acceptance Letter.
- Pre-Admission Letter could be applied through TJU International Student Service System for CGS Type A Scholarship. (<http://tju.at0086.cn/student>)

Can degree students begin academic study from spring semester?

Two

- No, all degree program students shall begin academic study from fall semester.

Is hard copy needed?

Three

- No hard copy is needed. All applications shall be submitted online (<https://tju.at0086.cn/StuApplication/Login.aspx>).

Are English Proficiency Certificates required for applicants of English-taught programs?

Four

- Yes, TOEFL 80 or IELTS 6.0 is mandatory. Native English speakers are allowed to be exempted from providing relevant certificates. For applicants who complete the high school study, undergraduate study or master study in English can submit Certificate of English as instructed language for above mentioned learning period as alternative language certificate of TOEFL or IELTS.

Is Non-criminal Record Certificate compulsory?

Five

- Yes, all applicants must submit non-criminal record certificate and applicants of the graduating class could submit certificate of conduct at school for further admission review.

Is Physical Check Form for international students compulsory?

Six

- Applicants who are outside China must provide valid physical check form; applicants who are in China can upload visa page and Resident Permit first and contact International Admissions Office to supplement physical check form after being admitted.
