1. Governing Policies

Educational Quality Framework
Award Courses Policy

2. Purpose

To support the Course Improvement and Accreditation principles and requirements specified in the Educational Quality Framework and the Award Courses Policy.

3. Course (and Topic) Improvement

3.1. Continuous improvement and monitoring
   a. Teaching Program Directors or their nominees are responsible for:
      i. the identification of evidence that can guide the development and implementation of quality improvements to curriculum and teaching, and
      ii. the regular monitoring of University quality indicator data (Key Accountability Measures (KAMs) and Operational Performance Measures (OPMs)).
   b. In consultation with Teaching Program Directors or their nominees, Topic Coordinators are responsible for the monitoring and improvement of topic curriculum and teaching delivery.

3.2. Course Quality Advisory Groups
   a. Course Quality Advisory Groups are an essential mechanism for the continuous monitoring of course quality and improvement.
b. Course Quality Advisory Groups will have a common composition and Terms of Reference in accordance with Annex A.

c. A Course Quality Advisory Group must be convened at least once each year.

d. Any proposed Course Quality Advisory Group members external to the university will be nominated by the relevant Teaching Program Director or nominee, and approved by the Dean (Education).

e. Each Course Quality Advisory Group will produce an annual structured summary report reflecting its discussions and recommendations, to be submitted for the information of the College Education Committee and any relevant Industry Advisory Boards.

3.3. Academic Calibration

One capstone or core topic in each course must undergo academic calibration every seven years (subject to the availability of a suitable calibrator) in accordance with the Academic Calibration Procedures.

4. Internal Course Accreditation

4.1. Responsibility

The relevant Teaching Program Director or nominee will assume the role of academic lead, and will work closely with the University’s Educational Quality Team to prepare and finalise a submission for internal reaccreditation during the fifth year of the current accreditation period for the course or courses (or at the time specified by Academic Senate if the submission has been requested by Academic Senate).

4.2. Submission content

The submission will include the following:

a. a summary of the improvements recommended as a result of the last reaccreditation submission, and details of how these have been developed and implemented

b. observations and improvements made as a result of the continuous monitoring approach detailed in s.3 of these procedures, including:
   i. quality indicator data (KAMs and OPMs) captured, monitored and acted upon since the last submission
   ii. outcomes based on recommendations made by Course Quality Advisory Groups since the last submission
   iii. outcomes based on recommendations made by Industry Advisory Boards since the last submission
   iv. outcomes of any academic calibration activities undertaken since the last submission
   v. improvement-focused changes to the teaching or other delivery aspects made since the last submission, and
   vi. any additional data requested from the University’s Planning Services Unit

c. the current Course Rule, including current Program of Study and Learning Outcomes for each course

d. an outline of all topics included in the course and a summary report of current topic assessment methods

e. a current market viability statement (domestic and international)

f. details of any third-party agreements and credit arrangements

g. a submission from the Course Coordinator/s

h. a summary of Quality Indicators for Learning and Teaching (QILT) available since the last submission

i. relevant professional accreditation information, if applicable.
4.3. Submission format

The submission will:

a. align the data and information listed at 4.2 above with the applicable standards of the Higher Education Standards Framework relevant to course accreditation, as outlined in Column 4 of the table at Annex B, and

b. include a set of recommendations to support the ongoing improvement of the course curriculum and delivery, and

c. include a plan and timeframes for the development and implementation of the recommendations that must not extend beyond one year from the date of the finalised submission, unless an extension of time has been granted by the Pro Vice-Chancellor (Academic Quality and Enhancement).

4.4. Review and decision

a. The submission will be provided to the Education Quality Committee for review of the course’s suitability for internal reaccreditation, including whether it meets the applicable standards of the Higher Education Standards Framework.

b. On the advice of the Education Quality Committee, the Deputy Vice Chancellor (Students) will determine whether to reaccredit the course for a maximum period of seven years, with the next reaccreditation submission due during the fifth year of accreditation, or to discontinue the course (see diagram at Annex C).

c. The Educational Quality Team will store the submission in a secure, shared folder, and will maintain a record of:

i. the year during which the accreditation of the course will expire (typically the seventh year, or a shorter period if specified by the DVC(S))

ii. the recommended year for the next internal accreditation review (typically the fifth year, or a shorter period if specified by the DVC(S)).

d. The relevant College will work with the Educational Quality Team to develop and facilitate approval for amendments to courses and topics aligned with improvements identified and recommended as a part of the submission.

e. The Educational Quality Team will provide the Deputy Vice Chancellor (Students) with a report on the implementation of recommendations one year after the reaccreditation of the course.

5. Professional Accreditation or Recognition (External)

a. Every course that is subject to professional accreditation or professional recognition will have an academic staff member nominated to lead professional accreditation/recognition activities.

b. The nominated academic lead is responsible for preparation of a professional accreditation or recognition submission for a course or courses requiring professional accreditation or recognition, with oversight of the Dean (Education).

c. The nominated academic lead may request relevant data and information from other areas of the University to support the relevant College in addressing all submission requirements.

d. All documents relevant to the submission will be stored in a secure, shared folder established by the University’s Educational Quality Team.

e. Upon completion of the final draft of the full submission, the academic lead will forward it to the Educational Quality Team for final quality assurance checking, editing and formatting.

f. An Educational Quality Team officer will provide the final, edited submission back to the academic lead for submission to the relevant College Senior Executive Team.

g. Once approved by the College Senior Executive Team, the Dean (Education) is responsible for ensuring the submission is lodged with the relevant accrediting body.

h. Upon notice of accreditation or reaccreditation, the Dean (Education) will notify the Pro Vice-Chancellor (Academic Quality and Enhancement), who will ensure the new accreditation expiry date is recorded in University systems.

Annex A – Course Quality Advisory Group Composition and Terms of Reference

1. Course Quality Advisory Groups are an essential mechanism for the continuous monitoring of course quality and improvement.

2. The composition of a Course Quality Advisory Group must include:
   a. Teaching Program Directors or their nominees for the course/s overseen by the Course Quality Advisory Group, one of whom must serve as the Chair
   b. the academic lead for any professional accreditation relating to the course/s overseen by the Course Quality Advisory Group
   c. another Flinders University academic staff member with expertise in a related discipline area
   d. at least two student representatives where available, or if more than one student is not available, one student representative
   e. at least one member who is not a staff member of Flinders University, and has academic or industry expertise in the relevant discipline area
   f. at least one representative from a professional body, government, community or other organisation with expertise in the discipline area.

3. Course Quality Advisory Groups will:
   a. review and make recommendations based on quality indicator data (Key Accountability Measures and Operational Performance Measures) for course/s and the topics within them
   b. seek and contribute additional input focused on continuous improvement of the course/s and the topics within them
   c. focus on monitoring and improvement of both curriculum and teaching quality, and
   d. take a risk-based approach to identify topics within courses that require a more detailed review
     i. If KAMs and OPMs at the topic level highlight indicators of risk, the Course Quality Advisory Group will request that the relevant Topic Coordinators submit a structured summary report focused on student learning and success, aligned with the KAMs and OPMs for the relevant topics.
     ii. In accordance with Section 4 in the Educational Quality Framework, reports prepared by Topic Coordinators will be informed by outcomes of student perspectives on teaching and peer perspectives on teaching.
