1. Purpose

This policy sets out the principles which apply to admission, enrolment, progression, examination and completion for a University higher degree by research (HDR) award.

2. Framework

The University’s research training policy framework comprises:

- Course Rules for HDR awards
- this Higher Degrees by Research Policy
- HDR Supervisor Policy
- Research Training Program Scholarships Administrative Rules
- Supporting procedures and documents
- Charter for HDR Student and Supervisor Responsibilities
- Responsible Conduct of Research Policy

3. Scope

a. This policy applies to all HDR courses which lead to the HDR awards listed in the Courses Policy.

b. Except as stated in c. and d., an HDR course is one where at least two-thirds of the assessable components of the total course are based on a time-based research project, resulting in a thesis undertaken during the student’s HDR candidature.
c. In special circumstances only, the assessable components of the Doctor of Philosophy course may be based on work published prior to admission to candidature.
d. All higher doctorates are based on work published prior to admission to candidature.

4. Policy statement

4.1. Admission eligibility

a. Eligibility for admission to any HDR candidature requires attainment of the following (or their equivalents as determined by the University):
   i. the minimum academic qualifications and/or requirements as prescribed in the Course Rule for that course, and
   ii. the minimum prescribed English language proficiency levels for that course.

b. Admission of an eligible applicant to an HDR candidature will be based on the University's assessment of whether the applicant is reasonably likely to be able to successfully complete the requirements of the award in the proposed field of research within the maximum duration (see section 4.5).

c. Exceptions to admission eligibility requirements may be approved by an authorised delegate for individual applicants in special circumstances.

4.2. Admission applications

Applications are made in accordance with the HDR Admission and Enrolment Procedures or the Higher Doctorate Procedures (under development).

4.3. Supervision

a. All HDR students must have at least two supervisors, except those in a PhD by Prior Published Work or a Higher Doctorate who must have one, as specified in the HDR Supervisor Policy and related procedures.

b. Changes to supervisor arrangements must be made in accordance with the HDR Supervisor Procedures.

4.4. Enrolment

a. To be an enrolled HDR student, a successful applicant to an HDR candidature must enrol in accordance with the Enrolment Policy and the HDR Admission and Enrolment Procedures.

b. As stated in the Enrolment Policy, only an enrolled student of Flinders University is able to participate in formal University learning and research activities, have their research output assessed, and qualify for an award.

4.5. Enrolment duration

a. Unless approved otherwise, the minimum, expected and maximum duration of candidature is as set out below.

b. Duration is measured from the date of enrolment to the date of submission of the thesis (excluding any periods of approved intermission).

### 4.6. Variations to enrolment conditions

Any changes to enrolment must be approved, as per the [HDR Admission and Enrolment Procedures](#) or the [Higher Doctorate Procedures](#) (under development). This includes: changes to full-time / part-time status or internal / external status; candidature extensions, intermissions and reductions; and transfers between HDR courses.

### 4.7. Withdrawal of enrolment

An HDR student’s enrolment may be withdrawn by either the student or the University, in accordance with the [HDR Admission and Enrolment Procedures](#) or the Higher Doctorate Procedures (under development).

### 4.8. Student progression

a. All HDR students, except those in a PhD by Prior Published Work or Higher Doctorate candidature, must satisfactorily complete the Milestones for each stage of their candidature, or otherwise make satisfactory progress, as specified in the [HDR Progression Procedures](#).

b. Failure to do so may lead to the student being asked to show cause why their candidature should not be terminated or, if appropriate, transferred to another candidature.

### 4.9. Research integrity

Throughout their candidature HDR students must comply with the [Research Integrity Policy](#). Any complaint about breach of that policy will be dealt with in accordance with the [Breach of Research Integrity Procedures](#).

### 4.10. Examination

a. Only an enrolled HDR student may submit work for examination for the award of a higher degree by research.
b. All HDR students must submit a digital copy of their thesis in the format and location specified in the HDR Thesis Rules for examination.

c. The student's thesis must comply with the University's Research Integrity Policy and Academic Integrity Policy.

d. At least two independent, qualified, research-active examiners with international expertise in the discipline/s being examined must be appointed to examine the work submitted by an HDR student.

e. The identity of examiners must remain confidential from the time that they are formally nominated to the Office of Graduate Research.

f. An HDR student must not attempt to identify or communicate with any examiner or potential examiner of their thesis, either before or during the examination process.

g. Supervisors must not communicate with the examiners, and individual examiners must not communicate with each other, about any aspect of the examination during the examination process.

h. Each examiner must provide the University with a report on the prescribed form with a recommendation for one of the outcomes listed in Table 1 below.

i. After consideration of the examiners’ reports, the University will make a determination based on Table 1 below (noting that determination D will result in re-examination and further consideration by the University).

<td>Revise and resubmit: that the degree not be awarded but the student be permitted one opportunity to revise and resubmit the thesis for re-examination.</td>
</tr>
<tr>
<td>E</td>
<td>Award alternate degree: that, where the thesis submitted is for the degree of PhD or Professional Doctorate, an appropriate Masters degree or designated exit award be awarded, subject to any minor or major amendments to the thesis (as specified by the examiner).</td>
</tr>
<tr>
<td>F</td>
<td>Non Award: that the degree not be awarded and the student not be allowed to present for the degree again.</td>
</tr>
</tbody>
</table>

* B, C, D and E are not available for Higher Doctorates

j. Implementation of these principles must occur in accordance with the HDR Examination Procedures or the Higher Doctorate Procedures (under development).

4.11. Award requirements

Following a determination to award a degree after the thesis examination, and the University’s acceptance of any amendments to the thesis, the student will qualify for the award of the degree, provided the student has:

a. satisfied all coursework requirements (if applicable) specified in the Course Rule, and
b. uploaded into the University Library’s digital thesis repository, in the prescribed format, a digital copy of their thesis which will serve as the authoritative version.

### 5. Student complaints

Complaints about breaches of this policy may be made in accordance with the Student Complaints Policy and Student Complaints Procedures.
