Enterprise Agreement 2014–2017, Clause C8 Off-Shore Teaching

C8.1 Off-shore activities will usually be considered to be within normal academic workloads.

C8.2 Wherever practicable there will be consistent treatment of staff across the University which also allows flexibility to suit individual circumstances and operational needs.

C8.3 Inability to participate in off-shore programs should not affect a staff member’s position at the University, unless participation in such programs is part of the agreed job specification.

C8.4 [Remuneration] All staff undertaking approved off-shore teaching activities will receive an allowance for each day worked in addition to normal salary, subject to clause C8.6. This daily allowance will be paid at a rate per day equivalent to the one hour L2 rate applicable to casual academic staff as prescribed in this Agreement.

C8.5 The University will approve payment additional to that specified in clause C8.4 in exceptional cases where a full campus-based workload is maintained in addition to undertaking off-shore activities, subject to clause C8.6.

C8.6 Travel days will not attract any additional remuneration under clauses C8.4 and C8.5.
C8.7 The Australian Taxation Office ‘reasonable’ overseas travel expenses rates will be payable as a per diem without the need for acquittal.

C8.8 Additional expenses related to a staff member’s travel overseas for the purpose of course delivery will be reimbursed where established and agreed by the Executive Dean prior to departure.

C8.9 The University's expectation is that off-shore teaching will, in the majority of cases, be undertaken by staff in continuing/convertible/fixed-term appointments. Where a casual academic staff member undertakes off-shore teaching, notwithstanding C8.6, the casual academic staff member will be remunerated for seven (7) hours per travel day at the OD1 rate as prescribed by this Agreement.
