

# How to modify bucket unit values

**Step 1 – Login to Student Management and navigate to the Study Plan of the relevant student.**

**Step 2 – Using column chooser, ensure you have the 'Min' and 'Max' fields added to your Study Plan data grid. This is important as it is the data field that determines what students see and what unit value they can choose in Student System.**

## Study Plan

## Step 3 – Locate the relevant component bucket and select the corresponding tick box on the left-hand side. Select Maintain Choice Line below Study Plan.

Component Type:\* Option

Year Level:

Study Period:

Description: Option - Year 3 & 4 topics This field is displayed in eStudent

Rule Type: Units **Min: 22.500 Max: 22.500**

Notes:

**Rules**

All of the rules in the grid must be true. Rule descriptions are displayed in eStudent.

Description	Rule Type	At Least	Rule Min	At Most	Rule Max	Rule Max Tolerance	Lists
	Units	At Least	22.500	At Most	22.500	0.000	Option - Year 3 & 4 topics:
