

What is My Research Summary?

Research Summary Overview

The research summary is an official academic document that outlines the key details of a postgraduate research student's enrolment and progress within their degree program. It typically includes information such as the course type (e.g., PhD), thesis title, supervisory team, expected submission date, and study load status. The summary also records enrolment periods, study rates, and any relevant administrative data like admission dates and funding categories. Designed to provide a comprehensive snapshot of the student's higher degree by research journey, it serves as a formal reference for both the student and the institution.

Step 1 – Select the “My Overview” tile

The screenshot displays the Flinders University Student System dashboard. At the top, there is a dark blue header with the Flinders University logo on the left and user information (Test23 UAT) on the right. Below the header is a yellow banner with an 'Enterprise Search' bar. The main content area is titled 'Student System' and features a grid of tiles. The 'My Overview' tile, located in the top right of the grid, is highlighted with a red box. A red arrow points from this tile to a larger, detailed view of the 'My Overview' tile at the bottom right of the dashboard. This detailed view also has a red box around it. Other tiles visible include 'Hello! Manage key activities using the Student System', 'My Tasks', 'Getting started video', 'My Study', 'My Class Registrations', 'My Calendar', 'My Finances', 'My Details', 'My Applications', 'My Scholarships', and 'Forms'. The bottom left of the dashboard includes footer text: 'CRICOS Provider: 00114A | flinders.edu.au' and 'Powered by TechnologyOne | Enterprise software, incredibly simple'.

Step 2 – Select the “Research Summary” from the Left-hand menu.

- Course Information** Details the degree program the student is enrolled in (e.g., PhD – Doctor of Philosophy).
- EFTSL Summary** Shows the Equivalent Full-Time Student Load (EFTSL) consumed to date, both at this institution and others. This reflects how much of the program has been completed.
- Admission and Funding Details** Includes the admission date and the student's liability category (e.g., RTP Domestic), indicating funding arrangements.
- Thesis Details** Lists the thesis code, student ID number, title, and expected submission date. This is the core research focus of the student.
- Supervisory Team** Names the principal, associate, and adjunct supervisors, along with their start dates. These are the academic staff guiding the research.
- Thesis Title** Provides the proposed thesis title of the research project.
- Current Enrolment Period** Shows the current study period, enrolment status, and study rate (e.g., full-time or part-time).
- Enrolment History** Provides a timeline of previous enrolment periods and statuses, useful for tracking academic progression.
- Download Button** Downloads the PFD to your device
- Printer Button** Opens Printer settings dialog for you to print the document to your local printer.
