ENGINEERING

There are few fields as broad or as rewarding as engineering. If you can imagine it, chances are you can help bring it to life. From robotics to renewable energy, shipbuilding and defence, civil engineering or new medical technologies… the list is long and the opportunities are broad. You can help design and build tomorrow.

Electrical and Electronic

244431 Bachelor of Engineering (Electrical and Electronic) (Honours)

| Available | Guaranteed selection rank: 70
| Guaranteed selection rank: 80
| Guaranteed selection rank: 85

Prerequisites: SACE stage two specialist mathematics, mathematical methods or equivalent.

Electrical engineering is concerned with large-scale electrical systems including renewable power generation and electric motors. Electronic engineering focuses on lower voltage systems such as computer systems, communication networks and integrated circuits. Together they are critical for next-generation applications such as autonomous vehicles, space technology, smart cities and a low-carbon economy.

Environmental

244411 Bachelor of Engineering Technology (Environmental) (Honours)

| Available | Guaranteed selection rank: 70
| Guaranteed selection rank: 80
| Guaranteed selection rank: 85

Prerequisites: SACE stage two specialist mathematics, mathematical methods or equivalent.

Environmental engineering is where advances in science and technology are transformed into practical solutions that will protect and improve the quality of our environment. Environmental engineers are problem-solvers who design solutions to a range of hazards from air and waterborne diseases, water and air pollution, wastewater management and recycling.

General Entry

244441 Bachelor of Engineering (Honours) - General Entry

| Available | Guaranteed selection rank: 70
| Guaranteed selection rank: 80
| Guaranteed selection rank: 85

Prerequisites: SACE stage two general mathematics or equivalent.

Environmental engineering is where advances in science and technology are transformed into practical solutions that will protect and improve the quality of our environment. **HEALTH**

A global focus on the importance of health has led to a growing demand for skilled professionals who can teach us to live healthier lives. Flinders can help you become one of these professionals. With over 40 years' experience in disability, speech pathology, and nutrition and dietetics education, and over 20 years' experience in audiology, palliative care and health sciences, Flinders is a leader in health education.

**Health Science Specialisations**

- 244351 Bachelor of Health Sciences (Health Science Specialisations)
  - Specialisations: Health Sciences, Ageing, Health Management, Health Promotion, Innovation
  - Indicative selection rank: 70 | Guaranteed selection rank: 80
  - Gain an excellent grounding in all aspects of the health sector with a particular focus on Ageing, Health Management, Health Promotion or Innovation. You will develop the ability to critically approach new challenges in contemporary healthcare and be equipped to enter the workforce in a variety of health-related sectors or pursue postgraduate studies in a health-related discipline.

- 244381 Bachelor of Health Sciences (Psychology)
  - Indicative selection rank: 70 | Guaranteed selection rank: 80
  - Gain a well-grounded knowledge of the nervous system, and study how our brain and body functions.

- 244361 Bachelor of Health Sciences (Digital Health)
  - Indicative selection rank: 70 | Guaranteed selection rank: 80
  - Develop a detailed knowledge of anatomy and physiology through specialisation topics in Therapy Studies and cover the pre-requisites for postgraduate studies in various fields in Allied Health.

- 244391 Bachelor of Health Sciences (Therapy Studies)
  - Indicative selection rank: 70 | Guaranteed selection rank: 80
  - Gain an insight into the way mental processes impact human behaviour, and the importance of mental health and wellbeing.

**HERALD**

The technology industry is fast paced, stimulating and a key innovator in multiple fields. Our degrees prepare you to assist in solving problems in areas such as medical research, climate change, the environment and business, and to contribute to the creative industries and the development of new products and services.

**Game Development**

- 244101 Bachelor of Information Technology (Game Development)
  - Minimum selection rank: 70 | Guaranteed selection rank: 70
  - If you love games and want to learn how to make them, this course will familiarise you with the tools and practices of game development. Alongside entertainment applications, game development is used to create experiences to aid in training, marketing, or for social change.

- 244107 Bachelor of Information Technology (Game Development) (Honours)
  - Minimum selection rank: 80 | Guaranteed selection rank: 80

**INTERNATIONAL RELATIONS & POLITICAL SCIENCE**

An incredible breadth of career opportunities awaits you in the corporate world, in the public sector or with non-government organisations. You could work locally for a government department or an SA-based business, pursue a corporate career helping set international policy or help change the world with organisations like Amnesty International or Projects Abroad.

**Social Work**

Social Work is the province of the troublemakers. The ones who stand up for what’s right. The people who say I cannot ignore. I will not stand by. The people who will always step on your path to become an expert in a specialist field of study and enhance your understanding of the key political trends of our time. Lead the next generation of political influencers through research and a comprehensive understanding in politics and contemporary international politics.

**International Relations and Political Science**

- 244211 Bachelor of International Relations and Political Science (Honours)
  - Indicative selection rank: 80 | Guaranteed selection rank: 80
  - Develop a grounding in research, enhance your experience and expand your career options with a four-year combined honours degree in international relations and political science. Take the next step on your path to become an expert in a specialist field of study and enhance your understanding of the key political trends of our time. Lead the next generation of political influencers through research and a comprehensive understanding in politics and contemporary international politics.

- 244285 Bachelor of Social Work (Online)
  - Indicative selection rank: 70 | Guaranteed selection rank: 80
  - Build a career helping, supporting and empowering people. This degree qualifies you to work as a social worker in a wide-range of health and social welfare services. It combines traditional social work skills with the broader issues of social policy and planning. You’ll graduate prepared for careers in government and non-government sectors in largely project- and policy-based positions.
