Choose your degree
Flinders University offers a range of flexible degrees across business, commerce, finance, international relations and political science. Choose a degree that reflects your passions and graduate with the skills and knowledge to take your place in an ever-changing world. Study on campus or choose from a range of topics offered online.

Be taught by leaders
Flinders’ Business, International Relations & Political Science degrees are taught by teachers who are leaders in their fields. Our close industry links with leading business partners, practical Work Integrated Learning (WIL) placement opportunities and a strong focus on future business trends will help you graduate job-ready. Our international relations and political science experts will teach you how policies are developed and implemented, preparing you for careers in government, non-government and not-for profit organisations in Australia and abroad.

Gain real-world experience
Flinders’ Work Integrated Learning (WIL) enables you to gain work experience while you study. You’ll have the opportunity to gain real-world experience through placements, practicums, field studies and simulated workplace settings and assessment activities. Flinders aims to provide each and every student with access to a WIL opportunity during their studies.

Business industry partners
Flinders has close ties to leading industry partners. Your studies will give you the opportunity to work on real-world industry projects alongside major industry organisations.

“As a first-year student, I have really valued the supportive environment and quality of teaching here at Flinders. The opportunity to learn from some of the best lecturers in Australia has really accelerated my understanding of business and management principles.”

Lewis Carey
Bachelor of Business (Management)
Begin a rewarding career
A career in business means a career in an industry that influences almost every aspect of the modern world. You could work for an amazing organisation or start your own business journey. Your career could take you anywhere on the planet.

Study for success
The business world is constantly changing, but new trends and technologies are creating new employment opportunities. Projected employment growth through to November 2025 is strong across multiple business areas, such as:
- Business, Human Resource and Marketing Professionals 9.5%
- Financial Investment Advisers and Managers 10.8%
- Business Administration Managers 9.9%
- Human Resource Managers 5.6%

Real-world experience
With state-of-the-art facilities such as our Business Trading Room and practical, real-life industry projects, you’ll have the opportunity to hone your business skills, build networks and develop invaluable skills that will deliver career success.
If you want to understand global markets, there’s only so much you can get from textbooks. You need to be out there, on the trading floor, feeling the noise and excitement, making high-stakes decisions in real time.

Welcome to the Business Trading Room. It’s a simulated financial trading centre for students enrolled in Flinders Business degrees.

**How does it work?**

The Flinders Business Trading Room is a cutting-edge market simulation program environment. Students can access time-series data on security prices and exchange rates, execute trades in real time and plug into financial modelling that mimics the global derivatives market.

The Trading Room is powered by the same tech used by institutional dealing rooms, fund managers and government research departments. It even has mobile and algorithmic trading capabilities. Think of it like Wall Street for beginners.

**Who can use the Trading Room?**

The Business Trading Room is built into the curriculum for several Flinders Business degrees, including the Bachelor of Finance, Bachelor of Finance and Business Economics, and Bachelor of Business.

“I’ve found all my academics to be very helpful throughout my study. Many of them have a high degree of expertise and experience, which provide very relevant insight to the legal and business fields. Many of my academics are still engaged in the industry, from consultancy to still practising as lawyers. All of my academics have been very easy to communicate with and have always been willing to help.”

“The opportunity to gain international work experience made Flinders a natural choice for me.”

“I undertook the Washington Internship Program, which was incredible. I also did an internship with the United States Consulate General in Melbourne last year and found learning about diplomacy really fascinating.”

Molly Stephens
Bachelor of Laws and Legal Practice with International Relations (Honours)
The Washington Internship Program provides you with an opportunity, unparalleled in Australia, to experience political life in Washington DC.

Flinders has been sending students on this unique seven-week placement in the US Congress since the program’s inception in 2000. Recently, we sent our 100th Washington intern to Capitol Hill.

The program gives you a unique insight into US politics and an appreciation of the workings of the American political system.

As a participant in the program, you will work full-time in the office of a member of the United States Senate or the US House of Representatives. During this time, you are required to develop a research project, which will be the basis for your assessment. The placement contributes to the completion of your final year of study or a component of your Honours degree.

"My degree has taken me around the world, and in 2020 I interned in Washington DC for Congressman Tom McClintock. I did all sorts of things as an intern: attended hearings and briefings, ran tours of the Capitol building for constituents, talked to visiting dignitaries, Chiefs of Staff, Members of Congress, and much more. I put the theory I’ve learnt at University into practice, learnt about American politics and networked with many people and organisations."

Shannon McSkimming
Flinders International Relations and Political Science student

2020 was the 25th anniversary of the prestigious South Australian Parliamentary Internship Program.

This degree and career enhancing program gives successful applicants the opportunity to experience how Parliament operates from the inside. Interns will work attached to the office of a Member of Parliament while completing a public policy research project nominated by the member under the formal supervision of a member of the Flinders academic staff.
Take your studies global

Flinders University’s links with world-class universities and organisations enable you to undertake an exchange program or internship that will enhance your international relations and political science experience.

Opportunities include six internships in the United States Congress every year – we’ve had over 100 Flinders participants since the year 2000.

There are also opportunities in Indonesia, and over 100 of our students have studied or worked in Indonesia in the last five years, some for a semester or more.

For those interested in an experience closer to home, you can also participate in internationally relevant internships onshore, with a variety of organisations in Adelaide and across Australia.

Key affiliated international institutions in North America, Europe and Asia include:

- Georgetown University – Washington, USA
- York University – Toronto, Canada
- Uppsala University – Uppsala, Sweden
- UNESCO-IHE, Institute for Water Research – The Netherlands
- Hiroshima University – Hiroshima, Japan
- Nankai University – Tianjin, China
- Parahyangan Catholic University – Bandung, Indonesia
- International Network of Universities
- Department of Defence – Adelaide and Canberra
- Defence Science and Technology Group – Adelaide and Canberra
- Cabinet Office, Department of the Premier and Cabinet – South Australia
- Department of Human Services

Pathways to study

Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that’s right for you.

If you have secondary education

Year 12 Entry
Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

satac.edu.au

uniTEST
If you’re in Year 12, uniTEST is available to enhance your chances of getting into Flinders. We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don’t do well, we will only consider your highest selection rank.

flinders.edu.au/unitest

Guaranteed entry
If you achieve an ATAR equal to or above the published guaranteed entry selection rank (and you meet course prerequisites) you will be guaranteed a place at Flinders. We offer guaranteed entry for most courses.

Indigenous Admission Scheme
The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.
See page 27 for further details.

Elite Athlete Pathway
If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.
flinders.edu.au/study/sport/elite-athletes

Research Project B Pathway
If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

Indigenous Admission Scheme

The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

Are you eligible?
To be eligible for the Indigenous Admission Scheme you must be an Aboriginal or Torres Strait Islander person in accordance with the Commonwealth definition, which requires you to:
• be of Aboriginal or Torres Strait Islander descent, and
• identify as an Aboriginal or Torres Strait Islander, and
• be accepted as an Aboriginal or Torres Strait Islander in the community in which you live or have lived. You may be currently studying Year 12 or be a non-school leaver.

How to apply
1. Apply for the course you want to study through the South Australian Tertiary Admissions Centre (SATAC). You will get an application number from SATAC that you will need for your Indigenous Admission application form.
2. Complete the Indigenous Admission Scheme Application form online (flinders.edu.au/indigenousadmissions). If you are having trouble completing an online application, you can request a paper based application via ias@flinders.edu.au or call us on 08 8201 3033.
3. An interview is part of the application process, but you will be notified about this.

Application and interview dates
First round applications close late November and second round applications close early January for semester 1. For our midyear intake to a number of courses, applications close in June.

“I originally chose Flinders as they have one of the best facilities for future teachers and fantastic student engagement. Studying at Flinders has been a wonderful experience that has given me the opportunity to discover what I truly want into the future while also providing me with support in every way imaginable. Flinders and Yungkurrinthi have given me the opportunity to meet others with similar ambitions and goals as myself and find the benefit of an education in places I would never have thought to look. As a proud Indigenous woman, I want to use my degree to work in First Nation communities to help our young people make it through their high schooling experience and onto their own future aspirations.”

“I always knew I wanted to study overseas at some stage during my degree. A semester exchange gave me the chance to complete topics that weren’t available in my home university and experience life in a city that is very different to my own. Having completed a semester overseas, I now have an edge over the countless other students that are completing the same degree as me and have formed memories that will always stay with me.”

Annelise Smith
Bachelor of Business (Advanced Leadership)

“The Wyndham Richardson Scholarship Fund has been invaluable to reduce the financial pressure during studies, especially now that I am in the later years of my degree.”

Fees and charges
Your course fees – Commonwealth support
All our courses list indicative fees, but as an undergraduate student your course is Commonwealth supported provided you’re an eligible Australian citizen, New Zealand citizen or permanent resident.
Your course being Commonwealth supported means that your course fees are shared between the Australian government and you – with your portion being the student contribution amount.

HECS-HELP loan
You won’t have to pay your fees up-front if you’re an Australian citizen or holder of a permanent humanitarian visa. You can get a HECS-HELP loan for your student contribution portion of your uni fees. Find out more about costs to plan for while you’re at uni at flinders.edu.au/fees
**Glossary**

There are many terms used within a university that may be unfamiliar or confusing. Below are a few terms that may need explanation.

**Admission pathway**
Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

**ATAR**
The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

**Adjustment factors**
Often referred to previously as ‘bonus points’, these are additional points that may be used in combination with an applicant’s ATAR to derive a person’s course selection rank.

**Defer**
Delaying the start of a course of study by one year (commencing students only). If you have already enrolled, then you need to withdraw from topics before you can defer.

**Guaranteed entry selection rank**
Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders.

**Major**
A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

**Minor**
A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

**Offer round/s**
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

**Selection rank**
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.
