The program can give you a unique insight into US politics and an appreciation of the workings of the American political system.

The goal of the internship is to provide an experience of political life in an influential congressional office and the many tasks, priorities and pressures of that office.

“I’ve had several ‘pinch myself’ moments... You never know what historic world events might unfold during the Washington Internship Program, and being able to witness those events from within the global centre of power that is the US Congress is an experience unlike anything else.”
