### Combined Criminology degrees

Combining your degree with a qualification in another discipline will help you develop specialised abilities to stand out from the pack. Studying a combined degree at Flinders is the key to enhancing your career opportunities. Example degree combinations:

**Bachelor of Psychological Science/Bachelor of Criminology**

**SATAC CODE 224651**

By studying the Bachelor of Criminology combined with the Bachelor of Psychological Science, you can explore the intersection between psychology and the criminal justice system and the psychological factors underlying criminal behaviour. With further study, you'll be able to apply for registration as a psychologist and will be well placed for a future career in forensic psychology.

**Bachelor of Laws and Legal Practice/Bachelor of Criminology**

**SATAC CODE 224411**

By combining studies in law and legal practice with criminology, you'll develop the professional legal skills to prepare you for a job in the legal profession and gain an understanding of how justice and society influence each other. The combination prepares you for a broad range of careers in law but also government, leadership and educational settings.

**Bachelor of Criminology/Bachelor of International Relations and Political Science**

**SATAC CODE 234661**

Combining your criminology studies with an understanding of international relations opens the door to a multitude of careers in international organisations, aid and human rights, government, transnational crime prevention, counterterrorism and non-government organisations.

**Bachelor of Science (Forensic and Analytical Science)/Bachelor of Criminology**

**SATAC CODE 234281**

Forensics and analytical science open up career options in areas such as illicit drug testing, DNA analysis, trace evidence examination and toxicology. Combine a hands-on experience of collecting, analysing and identifying physical evidence with an understanding of the workings of the criminal justice system.

**Bachelor of Information Technology (Network and Cybersecurity Systems)/Bachelor of Criminology**

**SATAC CODE 224701**

This exciting combined degree brings together your studies in network and cybersecurity systems with criminology, providing a comprehensive understanding of computer security, communications technology, administration, network engineering, enterprise systems and information networks. Graduates possess high-demand qualifications for the technology-driven marketplace.

### Bachelor of Law and Society

Develop the skills to research and analyse social issues and assess proposals for social change. This degree will give you a strong foundation in social and public policy and equip you with the skills you'll need to seek employment in a range of public and private sector organisations.

**Bachelor of Law and Society/Bachelor of International Relations and Political Science**

**SATAC CODE 234941**

Combining your study of criminology with a Bachelor of International Relations and Political Science will give you the opportunity to enhance your legal, philosophical and social science skills with a broader understanding of key relationships within the global community.

**Bachelor of Criminology/Bachelor of Law and Society**

**SATAC CODE 234661**

Combining your criminology studies with a Bachelor of Law and Society will prepare you for a range of careers. Your skills in areas such as cybercrime, transnational crime, policing and security will complement your understanding of the relationship between justice, law and society.

Cooper Lawson, a Flinders Criminology student, explored ways of improving the corrections system in his Industry Project. It went so well, that the Department for Correctional Services offered him a job.

Criminology students have the opportunity to complete an Industry Project as part of their degree. In 2022, our students explored the creation of new environments and delivering rehabilitation programs more effectively, in a project involving the Department for Correctional Services.

Representatives from the Department for Correctional Services said that the external view provided by students was immensely helpful in learning about the public’s perspective on rehabilitation. It also helps the Department network with the next generation of public servants, who will one day make a difference to the lives of offenders.

“It was really nice to be able to meet the industry project providers, and some of my future colleagues... I’m actually the first Aboriginal Victim Liaison Officer – this is a new role within the Victim Services Unit,” says Lawson. “Being an Aboriginal student myself, I’m really excited to be able to engage with this, because that means that I can bring that cultural inclusivity, and those different conversations, into such a dynamic workforce.”

Learn more about the Industry Project our students completed with the Department for Correctional Services.

The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

Are you eligible?
To be eligible for the Indigenous Admission Scheme you must be an Aboriginal or Torres Strait Islander person in accordance with the Commonwealth definition, which requires you to:
• be of Aboriginal or Torres Strait Islander descent, and
• identify as an Aboriginal or Torres Strait Islander, and
• be accepted as an Aboriginal or Torres Strait Islander in the community in which you live or have lived. You may be currently studying Year 12 or be a non-school leaver.

How to apply
1. Apply for the course you want to study through the South Australian Tertiary Admissions Centre (SATAC). You will get an application number from SATAC that you will need for your Indigenous Admission Scheme application form.
2. Complete the Indigenous Admission Scheme Application form online (flinders.edu.au/indigenousadmissions). If you are having trouble completing an online application, you can request a paper based application via ias@flinders.edu.au or call us on 08 8201 3033.
3. An interview is part of the application process, but you will be notified about this.

Application and interview dates
First round applications close late November and second round applications close early January for semester 1. For our midyear intake to a number of courses, applications close in June.

“I always knew I wanted to study overseas at some stage during my degree. A semester exchange gave me the chance to complete topics that weren’t available in my home university and experience life in a city that is very different to my own. Having completed a semester overseas, I now have an edge over the countless other students that are completing the same degree as me and have formed memories that will always stay with me.”

Annelise Smith
Bachelor of Business (Advanced Leadership)

“The Wyndham Richardson Scholarship Fund has been invaluable to reduce the financial pressure during studies, especially now that I am in the later years of my degree.”

Ryan Rowston
Bachelor of Computer Science
Wyndham Richardson Scholarship Fund recipient

Fees and charges
Your course fees – Commonwealth support
All our courses list indicative fees, but as an undergraduate student your course is Commonwealth supported provided you’re an eligible Australian citizen, New Zealand citizen or permanent resident.
Your course being Commonwealth supported means that your course fees are shared between the Australian government and you – with your portion being the student contribution amount.

HECS-HELP loan
You won’t have to pay your fees up-front if you’re an Australian citizen or holder of a permanent humanitarian visa. You can get a HECS-HELP loan for your student contribution portion of your uni fees. Find out more about costs to plan for while you’re at uni at flinders.edu.au/fees

Listing your SATAC preferences
You may enter up to six course preferences that you would like to study. You should list these in order in which you’d like to study them, with the one you would like most listed first. If you cannot be offered a place in your first preference, you will then be considered for your second preference and so on. It is also important to consider a backup plan. Ensure you include our recommended pathway courses in your preferences.

Admission pathway
Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

ATAR
The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

Adjustment factors
Often referred to as ‘bonus points’, these are additional points that may be used in combination with an applicant’s university aggregate to derive a person’s course selection rank.

Defer
Delaying the start of a course of study by one year (commencing students only). If you have already enrolled, then you need to withdraw from topics before you can defer.

Not all courses are deferrable, please visit flinders.edu.au/defer for details.

Guaranteed entry selection rank
Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders.

Major
A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

Minor
A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

Offer round/s
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Selection rank
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.
