The world is changing, and we need graduates skilled in the study of the causes, impact and prevention of crime. You could pursue success within the growing field of criminology.

CRIME IS CHANGING, JOIN THE FIGHT

The rate of technological and societal change around the world is astounding. Transnational crime, cybercrime, terrorism and corruption are merely a few of the challenges facing our justice systems. Studying criminology at Flinders could open up a range of employment opportunities in Australia and across the globe.

A REWARDING CAREER

Imagine working in a field that can make a huge difference to the way our society functions. Criminology could take you towards a career in the criminal justice system, crime analysis, intelligence services, corrections, immigration border protection, or victims support services... the opportunities are wide, and the need for skilled graduates is increasingly important.

STUDY FOR SUCCESS

Criminology at Flinders is recognised as above world standard.* At Flinders, you’ll learn from award-winning criminologists and researchers in such areas as transnational crime, policing and security, organised crime, crime analysis, criminal networks, cybercrime, terrorism, corrections and corruption. You’ll have the opportunity for hands-on, practical experience so that you’ll be graduate ready to take on a challenging career.

*Excellence in Research for Australia, 2018.
As crime changes, the people tackling crime must change as well. We need new skills, new knowledge and new leaders ready to respond to criminal conduct.

Are you fascinated by the way the criminal justice system works?
Would you love the opportunity to help others deal with the impact of crime?
Do you believe we need a better understanding of crime in order to combat it?

**CHOOSE YOUR CAREER**

- Bachelor of Criminology – see page 5
- Bachelor of Law and Society – see page 6

**STUDY THE CAUSES, IMPACT AND PREVENTION OF CRIME**

**Bachelor of Criminology**

Build a career exploring the world of crime. There are many employment opportunities in the field of criminology, including intelligence analysis, community corrections, community development and child safety work.

This degree will prepare you for a career within a growing sector. You’ll gain skills and knowledge in such areas as transnational crime, policing and security, organised crime, cybercrime, terrorism, corrections and corruption, and you’ll gain a broad understanding of criminological theory and its applications in criminal justice contexts.

**Bachelor of Criminology (Honours)**

Build your career skills and knowledge in research in the criminal justice system – eg. police, regulatory or intelligence services (state or federal), corrections, and court administration.

**CAREER OPPORTUNITIES**

Your degree is the first step towards a range of employment opportunities, including:
- assistant advocacy officer
- youth justice case manager
- community corrections officer
- investigation support officer.

**Potential career pathways include:**
- research and/or teaching
- public policy development (local, state, federal)
- the criminal justice system – eg. police, regulatory or intelligence services (state or federal), corrections, and court administration
- rehabilitation, counselling-related or welfare services, child safety and social work
- private security.

**HONOURS**

Finders offers South Australia’s only Honours program specifically focused on Criminology.

- Honours students undertake work placement and receive on-the-job training with providers such as the Department of Corrections, Victims Support Service, Court Administration Authority, and the Aboriginal Drugs and Alcohol Council.
- Our Honours students are consistently rated as excellent by service providers, and many are employed at the same or a similar agency as their placement.

**Combined degrees**

Explore your interests and unlock more career opportunities by combining degrees.

Combining your degree with a qualification in another discipline will help you develop specialized abilities to stand out from the pack. Studying a combined degree at Flinders is the key to enhancing your career opportunities.

Find out about combining these qualifications.

**Bachelor of Psychological Science/Bachelor of Criminology**

Build a career exploring the world of crime. There are many employment opportunities in the field of criminology, including intelligence analysis, community corrections, community development and child safety work.

This degree will prepare you for a career within a growing sector. You’ll gain skills and knowledge in such areas as transnational crime, policing and security, organised crime, cybercrime, terrorism, corrections and corruption, and you’ll gain a broad understanding of criminological theory and its applications in criminal justice contexts.

**Bachelor of Psychological Science**

By studying the Bachelor of Psychological Science, you can explore the intersection between psychology and the criminal justice system and the psychological factors underlying criminal behaviour. With further study, you’ll be able to apply for registration as a psychologist, and will be well placed for a future career in forensic psychology.

**Bachelor of Science (Forensic and Analytical Science)**

Forensics and analytical science opens up career options in areas such as illicit drug testing, DNA analysis, trace evidence examination and toxicology. Combine a hands-on experience of collecting, analysing and identifying physical evidence with an understanding of the workings of the criminal justice system.

**Bachelor of Information Technology (Network and Cybersecurity Systems)**

This exciting new combined degree brings together your studies in network and cybersecurity systems with criminology, providing a comprehensive understanding of computer security, communications technology, administration, network engineering, enterprise systems and information networks.

Graduates possess high-demand qualifications for the technology driven marketplace.

Gun culture

Despite some of the strictest gun laws in the world, Australia’s criminal underworld still manage to get their hands on a wide range of weapons.

Criminologists Andrew Goldsmith and Mark Halsey are investigating the ascent of a gun culture within organised crime gangs – seeking answers behind the increasing rate of offences involving handguns and other firearms.

“We are interested, for example, in the use of handguns by people like bikies, gang members and people in the drug trade. These guys may once have taken a knife as their form of intimidation and protection but their use of handguns is escalating,” Professor Halsey said.

“We want to understand how it got to this stage – what kind of value they give to their weapon in terms of getting the job done and what it means to carry one type of pistol compared to another. We need to better understand what drives crime and the roles of different perpetrators – what it means to actually pull the trigger instead of merely displaying a gun. There are also a lot of questions about how the illicit gun market has changed in recent years, so we can develop a picture of where guns are coming from and how criminals find them,” Professor Andrew Goldsmith, Strategic Professor of Criminology, and Professor Mark Halsey, ARC Future Fellow.

“Going into prisons and talking to convicted offenders of drug and gun crimes isn’t by any stretch of the imagination a walk in the park. They’re generally distrustful of us at first and scared the information they share could make their sentence worse, but we have found honesty is our best weapon against this,” Professor Goldsmith said.

“It can take some time to build their trust but once we have it, these guys are an incredible wealth of knowledge about the link between guns and organised crime in Australia.”

Transition to university

Starting at university is a big step; let’s make it easier.

The Transition Office can help make your shift into university study as smooth as possible, and the Student Learning Centre provides a range of services from writing and mathematics support to assistance with study and time-management skills.

Work Integrated Learning

Work Integrated Learning (WIL) enables you to gain work experience while you study. Flinders aims to provide each and every student with access to a WIL opportunity during their studies through placements, practicums, field studies, and simulated workplace settings and assessment activities.

Scholarships

Flinders University offers over 550 undergraduate scholarships, worth $2.2m in total. A generous range of scholarships is available to new and continuing undergraduate students.

Flinders Connect

Flinders Connect can help with everything from enrolment and fees to exams and graduation.

You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

Flinders University Student Association (FUSA)

Flinders University Student Association (FUSA) continues that tradition, and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, the student publication Empire Times, and helps with academic, administrative and welfare issues.

Careers & Employability Service

The Careers and Employability Service helps give you the edge in your career. CareerHub, our online employment portal, is more than a service to help you prepare for and find the job you want. It offers personalised job opportunities, career planning, programs to help you broaden your skills and experience, access to employer events and career-related resources. Whatever you are studying, CareerHub can help you find your direction and start your career.

We’re here to help

Whatever you decide to study at Flinders, we’re always here to help you succeed.

How do I apply?

Applicants need to apply through the South Australian Tertiary Admissions Centre (SATAC): satac.edu.au

To find out more about your admission pathways to Flinders, visit: flinders.edu.au/pathways

ADMISSION PATHWAYS

At Flinders, we recognise that every prospective student is an individual and that what works for one might not be right for another. That’s why we provide various admission pathways into Flinders University and your preferred degree. You’re encouraged to explore your options and find the entry path that’s right for you.

**Year 12 entry**

The majority of Year 12 applicants enter university via the traditional competitive entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course, and is based on your ATAR plus any adjustment factors for which you are eligible. The 2020 Minimum Selection Rank is the minimum selection rank required for consideration to enter in the next intake. The 2020 selection rank indicates the lowest rank for which an offer was made to an applicant in that degree for the previous year (including any adjustment factors).

This selection rank is provided only as a guide for 2021 entry, as it may change from year to year.

**Adjustment factors**

Adjustment factors (formerly referred to as bonus points) may be used in combination with your ATAR to derive your course selection rank. Adjustment factors may be available for South Australian Year 12 students applying for entry to Flinders in 2021: the SA Universities Equity Scheme (USES) and the SA Language, Literacy and Mathematics Bonus Scheme (LLM).

**Guaranteed entry selection rank**

Achives a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders. All you need to do is ensure you have listed Flinders degrees first in your preferences and you will be offered a place in the highest Flinders degree preference that you are eligible for in 2021.

**unTEST**

If you’re a school leaver, unTEST is your chance to increase your options to gain a place in your preferred degree. unTEST is designed for school leavers and complements existing selection criteria by enhancing your overall selection rank.

**Foundation Studies**

The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

**TAFElink**

Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met. Importantly, your TAFE/VET qualification does not need to be related to your selected area of study at Flinders.

**TAFE SA dual offers**

You can apply for a TAFE SA (RTO code: 41026) diploma or advanced diploma that is linked to a Flinders degree. You’ll receive an offer from both TAFE SA and Flinders University and, on successful completion of the TAFE course, you’ll have secured an offer for a Flinders degree. TAFE SA dual offers are available for a range of Flinders degrees.

**Adult entry**

The adult entry scheme enables people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SATAC.

**Tertiary transfer**

If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

**BACHELOR OF GENERAL STUDIES**

The Bachelor of General Studies (SATAC code: 234181) is a flexible degree that provides a sound basis of knowledge in an area of your choice. It is designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.

Successful completion of the first year to the required standard also provides you with guaranteed entry into a range of our degrees.

**Get more out of your degree**

Whatever you’re studying, Flinders gives you the opportunity to do more with your degree to help you have a competitive edge when you graduate.

A combined degree is a combination of two Flinders bachelor degrees, meaning you will have two qualifications in just one to one-and-a-half years of extra study and undertake in-depth study in exciting combinations that aren’t usually available in single degrees.

The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

**WHEN CAN I START?**

Flinders offers two admissions cycles each year for undergraduate degrees.

- Semester 1 – February start.
- Semester 2 – July start.

Applications open in August for commencement the following year.

*Not all degrees are offered for semester 2 entry. Check our midyear site for details: flinders.edu.au/midyear

**This is Flinders**

Flinders’ huge main campus features an award-winning hub and plaza, with retail, food outlets and a state-of-the-art sport and fitness centre. Take a virtual tour of Flinders University and explore our amazing locations. It’s the next best thing to being here! flinders.edu.au/vr
