flinders.edu.au/experience

There is a global focus on the importance of health. You could help people live healthier, happier lives. Our social media feeds are filled with ‘health hacks’. A new superfood pops up every few weeks, and celebrities regularly declare their latest diet/exercise/health secret will ‘break the internet’. The truth is, we need more than fads. We need skilled professionals to teach us how to live healthy lives.

CREATE A HEALTHIER WORLD
We are all growing more and more aware of the importance of living healthy lives. We need trained professionals who can help us become healthier, and stay healthier. This is your chance to make a real difference.

A REWARDING CAREER
Start a career that is rewarding in many ways. Not only will you help others, you could be well rewarded. Health care and social assistance is Australia’s fastest growing industry* and Flinders’ graduates enjoy a median salary above the national average**.

*Dept of Jobs & Small Business 2018 / **QILT Student Experience Survey 2018

Flinders programs are professionally accredited and globally recognised. We are the only university in South Australia with an on-campus teaching hospital, and we have over 26 globally recognised health and medical research institutes and centres. By studying at Flinders, you’ll graduate job-ready.

Bachelor of Health Sciences

The Bachelor of Health Sciences will give you exposure to a wide variety of health professions, as well as the opportunity to focus your studies in a particular area with a major.

- You’ll get industry experience including overseas study options in your third year.
- This degree provides pathway opportunities into Flinders’ medical degree and a range of allied health degrees.

CAREER OPPORTUNITIES
Your degree could open up a range of employment opportunities, including:
- health promotion officer
- drug diversion assessor
- community health officer
- clinical trials study assistant
- health and aged care support worker.

Potential employers include:
- SA Health
- Australian Institute of Health and Welfare
- Health Outcomes International
- Royal Australasian College of Surgeons
- Southern Cross Care
- Cancer Council South Australia.

Bachelor of Exercise Science/Master of Clinical Exercise Physiology

- Qualify for a career in the evolving field of exercise science.
- You can choose from specialisations in health promotion, behavioural sciences, sports science, business, or allied health, preparing you for a range of allied health postgraduate degrees.
- You’ll take on practical experience that prepares you for the workforce, including a 140-hour placement that will prepare you with skills and knowledge applicable to careers in health, sport and exercise fields.
- The Master of Clinical Exercise Physiology includes a further 360 hours of clinical placement.
- There are opportunities to take your studies overseas as part of your practicum.
- By successfully completing the Bachelor of Exercise Science, you’ll be eligible to apply for membership with Exercise and Sport Science Australia as an exercise scientist.
- By continuing to the Master of Clinical Exercise Physiology, you’ll be eligible to apply for membership with Exercise and Sport Science Australia.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:
- exercise scientist
- health and injury prevention advisor
- cardiac technician
- sport and exercise science support officer
- active living project officer.

Potential employers include:
- Bupa
- Konekt
- Health By Design
- SA Health
- MJF Wellness Centres.

Accelerate your career with this pathway to a masters in clinical exercise physiology.

The teachers are very experienced in their fields, and that helps to build up our knowledge with practical experience rather than just looking at theories and textbooks. Studying at Flinders was the best decision I’ve ever made—Flinders met and exceeded my expectations.

Natalie Yee
Bachelor of Healthy Ageing (Online)

Help improve the health of communities.

If you’re fascinated by the ways in which we interact with our environment, then why not build a career exploring the effects of environmental factors on human health? Occupational therapy is an incredibly rewarding career. You’ll learn skills that will help people rebuild and regain their health through high quality therapy.

Bachelor of Health Sciences/Graduate Diploma in Environmental Health Practice

You’ll graduate with two qualifications with just one extra year of study, ready to work as an accredited environmental health officer in Australia and overseas and with the knowledge required to promote community understanding of environmental health issues.

• You’ll gain an understanding and skill set to make a difference to people’s lives.
• You’ll have the chance to get industry experience, including overseas study options in your third year.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities.

Potential employers include:
• SA Health
• Eastern Health Authority
• City of Salisbury
• South Australian Health and Medical Research Unit (SAHMRI)
• Health Protection Unit.

Bachelor of Health Sciences (Principles of Occupational Therapy)/Master of Occupational Therapy

With 1000 hours of fieldwork experience, you’ll graduate with the hands-on knowledge required to register and work as an occupational therapist.

• First-year placements in organisations such as Flinders Medical Centre, Repat hospital, educational providers and occupational therapy clinics will give you early exposure to work as an occupational therapist.
• You’ll enjoy small class sizes and one-on-one tuition with supportive staff.

CAREER OPPORTUNITIES
Your degree could open up a range of employment opportunities, including:
• occupational therapist
• job capacity assessor
• allied health clinician
• community development project officer
• community occupational therapist.

Potential employers include:
• state government departments such as health, disability and education
• large non-government agencies such as Novita
• private hospitals
• aged care providers
• schools.

Help people of all ages maximise their movement.

If you love the idea of helping people recover from injury, helping them improve their mobility and improve their quality of life, then you’ll find a career in physiotherapy rewarding in many ways.

**Bachelor of Health Sciences (Principles of Physiotherapy)**

**Master of Physiotherapy**

This degree will give you the skills and expertise you’ll need to prepare for professional practice in physiotherapy.

- **Prerequisites Assumed**
  - SACE Knowledge
  - SATAC Code 321
  - SATAC Required

- **Assumed Knowledge**
  - 4 years of study in Bachelor of Health Sciences
  - Bachelor of Medical Science
  - Bachelor of Human Nutrition
  - Bachelor of Human Nutrition
  - Bachelor of Medical Science

CAREER OPPORTUNITIES

Your degree is the first step towards a range of employment opportunities, including:

- physical therapist
- neurological physiotherapist
- injury management consultant
- sport physiotherapist
- musculoskeletal physiotherapist.

Potential employers include:

- hospitals
- community health centres
- aged care facilities
- mental health services
- sports clinics and fitness centres.

**Bachelor of Human Nutrition**

This is your opportunity to contribute to the health and wellbeing of an ageing society, and to work in a field that can greatly improve the quality of life of older people.

- **Knowledge of SACE stage two biology is assumed.**
- **Assumed Knowledge**
  - SACE Knowledge
  - SATAC Code 421

CAREER OPPORTUNITIES

Your degree could open up a range of employment opportunities, including:

- community or residential aged care worker
- elder advocacy or advisor
- gerontological entrepreneur
- ageing services manager.

Potential employers include:

- residential and/or community aged care providers
- government departments
- advocacy organisations
- local, national or international non-government organisations.

**Bachelor of Medical Science**

Are you fascinated by the science of the human body? Why not build a career around your passion?

This specialised degree provides exciting options for students interested in a wide range of careers in the medical and health sciences, and emphasises the fundamental sciences that underpin virtually all fields of medical science.

You’ll study areas such as biochemistry, biotechnology, microbiology, molecular biology and neuroscience, and gain skills that could see you move into a wide range of careers.

- **You’ll study in state-of-the-art research facilities.**
- **Choose topics from both biological sciences and medicine to combine a solid understanding of the human body with the laboratory skills for medical science.**
- **You’ll be immersed in a strong clinical and research environment, and undertake laboratory practicals and experiments to prepare you for work as a medical scientist.**

CAREER OPPORTUNITIES

Your degree is the first step towards a range of employment opportunities, including:

- bone densitometry technician
- cardiac physiologist
- medical laboratory technician
- medical scientist
- research and development scientist

Potential employers include:

- Clinpath Laboratories
- CSIRO
- GlaxoSmithKline
- Peter MacCallum Cancer Centre
- Department of Health.

Bachelor of Medical Science
(Vison Science)/Master of Optometry

Build a career helping improve people’s vision.

Prepare yourself for a rewarding career in optometry in a high-quality learning environment.

Bachelor of Medical Science
(Vison Science)/Master of Optometry

You will receive a grounding in the fundamentals of science with an emphasis on vision science, where you will study the visual system and factors that influence sight, in preparation for intensive study and clinical experience in optometry.

You’ll be taught by award-winning lecturers in state-of-the-art facilities.

You’ll have the opportunity to study unique topics including ophthalmology, communication for the consulting room, and a business intensive module that will help you prepare for the workforce.

You’ll have the chance to complete diverse urban and rural clinical placements.

CAREER OPPORTUNITIES
Your degree could open up a range of employment opportunities, including:

- optical consultant
- optometrist
- outreach optometry coordinator
- paediatric optometrist
- public health optometrist.

Potential employers include:
- independent optometrists
- OPSM
- Specsavers
- Laubman & Pank
- ophthalmologists
- universities
- public health organisations.

Bachelor of Nutrition and Dietetics

Turn your passion for healthy eating into a career, by helping people achieve the best health through nutrition.

Prepare to become a professional who can interpret and translate scientific knowledge into practical information to help people improve their health through diet.

Bachelor of Nutrition and Dietetics

You will gain knowledge about the nature, management and prevention of diet-related diseases, and the social and psychological factors that influence what people eat.

- You’ll graduate with a degree accredited by the Dietitians Association of Australia.
- Flinders’ research in nutrition and dietetics has been ranked well above world standard in the Australian Government’s Excellence in Research Australia rankings (2015).

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:

- clinical dietician
- sports nutritionist
- consultant and private practitioner
- dietician working in rehabilitation
- community health nutritionist
- diabetes educator
- food industry nutritionist.

Potential employers include:
- Country Health SA
- Cancer Council
- CSIRO
- Diabetes Australia
- Heart Foundation.

Bachelor of Paramedic Science

Becoming a paramedic means keeping your cool in emergency and non-emergency situations. It means helping people when they need it most, and it means working in a career dedicated to helping others.

Bachelor of Paramedic Science

You could make a real difference. Develop the skills, knowledge and attitudes to manage pre-hospital emergency and out-of-hospital non-emergency situations in a manner consistent with best practice. This is an accredited degree for anyone seeking a career as a paramedic with an Australian state ambulance service or a research career in pre-hospital science.

- Your degree is accredited by the Council of Ambulance Authorities.
- Your degree has a strong focus on paramedic-specific clinical practice as well as broader studies in the health sciences relevant to health care delivery.
- Your degree will prepare you for the workforce by delivering evidenced-based education from qualified paramedics and providing clinical experience with SA Ambulance Service.

CAREER OPPORTUNITIES
Your Bachelor of Paramedic Science degree will prepare you for a range of employment opportunities, including:

- paramedic intern
- graduate paramedic
- communications officer
- emergency services/rescue officer
- mine site paramedic
- industrial paramedic.

Potential employers include:
- South Australian Ambulance Service
- ACT Ambulance Service
- Ambulance Victoria
- St John Ambulance Australia (WA and NT)
- Ambulance Service of New South Wales
- Queensland Ambulance Service
- various providers internationally including the National/Health Service in the UK
- various private providers nationally.

Bachelor of Speech Pathology

Working as a speech pathologist can help people in many ways. Speech pathologists help people whose educational, vocational, personal and social functioning is affected by communication or swallowing impairment resulting from developmental difficulties, social disadvantage, illness or accident.

Bachelor of Speech Pathology

You could make their lives easier, more comfortable and more productive.

- Learn from award-winning educators and an innovative enquiry-based curriculum.
- Begin observational placements in your first year, and gain an early insight into work as a speech therapist.
- Benefit from one of the highest numbers of placement hours for a speech pathology degree in Australia.

CAREER OPPORTUNITIES
Your degree could open up a range of employment options, including:

- graduate speech pathologist
- early childhood intervention worker
- project officer
- job capacity assessor
- rehabilitation consultant.

Potential employers include:
- healthcare sector (including hospitals, rehabilitation centres, community health services, mental health services)
- aged care sector
- disability services sector
- education sector (including mainsteam, special schools and special education units)
- early childhood education sector
- private practice.

Broaden your opportunities

You could unlock more career opportunities by combining degrees. Combining your degree with a qualification in another discipline will help you develop specialised abilities to stand out from the pack. Studying a combined degree at Flinders is the key to enhancing your career opportunities.

Find out about combining these qualifications:
- Bachelor of Health Sciences/ Bachelor of Business (Human Resource Management) – health management major only
- Bachelor of Health Sciences/ Bachelor of Nursing
- Bachelor of Human Nutrition/ Bachelor of Exercise Science

When I came to Flinders I felt a sense of community, a sense of person-hood. I feel I belong here within the disability program. Students and staff are not afraid to project an authentic reflection of themselves. We might be here for different reasons but we share the same purpose...to help and support people with disabilities to become active citizens of our community.

Rash Ramassamy
Master of Disability Policy & Practice Program

Explore your options
flinders.edu.au/combined-degrees
The degree provides foundational concepts from experienced professionals, training me both for a vocation and as an entrepreneur...Studying at Flinders University has been the icing on the cake, if you will, as the natural and active campus promotes a learning environment of exploration and freedom to share with diverse backgrounds and passions. You need not look hard to find something to challenge and inspire you.

Naomi Crosby
Bachelor of Nutrition & Dietetics

We’re here to help

Whatever you decide to study at Flinders, we’re always here to help you succeed.

Transition to university
Starting at university is a big step, let’s make it easier.
The Transition Office can help make your shift into university study as smooth as possible, and the Student Learning Centre provides a range of services from writing and mathematics support to assistance with study and time-management skills.

Work-Integrated Learning
Work-Integrated Learning (WIL) enables you to gain work experience while you study.
Flinders provides each and every student with access to a WIL opportunity during their studies, through placements with over 500 organisations, including public, private and catholic schools, across metropolitan Adelaide and throughout rural South Australia, interstate and overseas.

Scholarships
Flinders University offers over 550 undergraduate scholarships, worth $2.2M in total. A generous range of scholarships is available to new and continuing undergraduate students.

Flinders Connect
Flinders Connect can help with everything from enrolment and fees to exams and graduation.
You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

Flinders University Student Association (FUSA)
Flinders has a long history of active student involvement.
The Flinders University Student Association (FUSA) continues that tradition, and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, the student publication Empire Times, and helps with academic, administrative and welfare issues.

Careers & Employability Service
The Careers and Employability Service helps give you the edge in your career.
CareerHub, our online employment portal, is more than a service to help you prepare for and find the job you want. It offers personalised job opportunities, career planning, programs to help you broaden your skills and experience, access to employer events and career-related resources. Whatever you are studying, CareerHub can help you find your direction and start your career.

INNOVATION & ENTERPRISE

Careers are evolving and the workplace of the future will look very different from today.
That’s why we offer a suite of innovation and enterprise electives and courses to prepare you for the careers of tomorrow. Powered by Flinders’ New Venture Institute, these electives will help you to develop the ‘personal enterprise skills’ that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally.

ADMISSION PATHWAYS

At Flinders we recognise that every prospective student is an individual and that what works for one might not be right for another. That’s why we provide various admission pathways into Flinders University and your preferred degree. You’re encouraged to explore your options and find the entry path that’s right for you.

Year 12 entry

The majority of Year 12 applicants enter university via the traditional competitive entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course, and is based on your ATAR plus any adjustment factors for which you are eligible. The 2019 Minimum Selection Rank is the minimum selection rank required for consideration to enter in next intake. The 2019 selection rank indicates the lowest rank for which an offer was made to an applicant in that degree for the previous year (including any adjustment factors). This selection rank is provided only as a guide for 2020 entry as it may change from year to year.

Adjustment factors

Adjustment factors (formerly referred to as bonus points) may be used in combination with your ATAR to derive your course selection rank. Adjustment factors may be available for South Australian Year 12 students applying for entry to Flinders in 2020: the SA Universities Equity Scheme (USES) and the SA Language, Literacy and Mathematics Bonus Scheme (LLM).

Guaranteed entry selection rank

Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders. All you need to do is ensure you have listed Flinders degrees first in your preferences and you will be offered a place in the highest Flinders degree preference that you are eligible for in 2020.

unTEST

If you’re a school leaver, unTEST is your chance to increase your options to gain a place in your preferred degree. unTEST is designed for school leavers and complements existing selection criteria by enhancing your overall selection rank.

BACHELOR OF GENERAL STUDIES

The Bachelor of General Studies is a flexible degree that provides a sound basis of knowledge in an area of your choice. It is designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries. Successful completion of the first year to the required standard also provides you with guaranteed entry into a range of our degrees.

Get more out of your degree

Whatever you’re studying, Flinders gives you the opportunity to do more with your degree to help you have a competitive edge when you graduate.

A combined degree is a combination of two Flinders bachelor degrees, meaning you will have two qualifications in just one to one-and-a-half years of extra study and undertake in-depth study in exciting combinations that aren’t usually available in single degrees. The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

WHEN CAN I START?

Flinders offers two admissions cycles each year for undergraduate degrees.

Semester 1 – February start.
Applications open in August for commencement in the following year.

Semester 2 – July start.
Mid-year applications open in August for commencement in July the following year.

*Not all degrees are offered for midyear entry. Check our midyear site for details: flinders.edu.au/midyear
