In an era of disruptive change, Flinders University is growing its international reputation as a world leader in research, an innovator in contemporary education and a source of enterprising graduates equipped to change the world.

The University acknowledges the traditional owners of the lands Flinders University teaches across (Arrernte, Boandik, Bungarla, Dagoman, Gunditjmara, Jawoyn, Kaurna, Larrakia, Noongar, Nyanguen Jeremy, Paramungu, Kaurna, Ngarinyin, Wiradjuri, Wiradjuri, Lelli), and honours their Elders past and present.
**The Good Universities Guide 2020 (undergraduate), public SA-founded universities**

**JOIN A GLOBAL COMMUNITY**

Flinders University graduates are enterprising, innovative and curious thought leaders in over 120 countries around the world. When you graduate from Flinders, you’ll not only join over 106,000 graduates from an amazing variety of fields, you’ll graduate from SA’s No. 1 university for starting salary.**

**Get the Support You Need**

Flinders is SA’s No. 1 university for student support.** From campus facilities to financial support, mental health and wellbeing resources and services, student grants, counselling services (including careers and financial) and many social opportunities, we offer a range of services to ensure your study experience is everything you want it to be.

Flinders Village development will create a campus environment which merges university life with the wider community. Flinders Village will feature student accommodation, an advanced health research facility, transitional health accommodation, a hotel, and amenities such as retail facilities, benefitting students, staff and the community.

Centred around the new Flinders Train Station (due to open early 2021) and directly connecting the University’s main campus to its Tonsley innovation precinct and the Adelaide city centre, the $1.5 billion Flinders Village development will create a campus environment which merges university life with the wider community. Flinders Village links Bedford Park to Tonsley and the city.
GAIN SKILLS THAT WILL HELP OTHERS

MEDICINE

WORK FOR THE GREATER GOOD

STUDY MEDICINE AT FLINDERS

Our medical practitioners are people who dedicate their lives to helping others. They prevent and treat disease. They heal injuries. They protect our health. You could join their ranks.

HOLD LIFE AND HEALTH IN YOUR HANDS

Becoming a medical practitioner gives you the chance to have a profound impact on the health of the people around you. Imagine the satisfaction you’ll feel as you successfully treat a sick child or treat an injury.

By studying medicine, you’ll be working towards becoming a respected, vital member of our community.

BROAD OPPORTUNITIES

Medical practitioners are in high demand, and with a wide variety of opportunities, you could work towards a career in hospitals, general practice and medical centres across Australia.

STUDY FOR SUCCESS

New medical breakthroughs occur almost daily, and we need practitioners with up-to-the-minute training based on the latest medical research. Flinders can deliver that training.

No. 1 in Australia in Medicine for full-time employment

The Good Universities Guide 2020 (postgraduate)

“My medical education at Flinders was innovative, almost revolutionary, personalised, rigorous, research orientated, and has given me a welcome legacy of lifelong enquiry.”

Professor Chris Baggoley AO, Medicine graduate, Chief Medical Officer of Australia 2011-2016
**Bachelor of Clinical Sciences/Doctor of Medicine (Flinders University, Adelaide)**

Your accelerated undergraduate track to a medical degree.

This double degree program enables school leavers without an undergraduate degree to pursue a career in medicine. The program provides a high standard of academic, clinical and professional medical training to equip graduates with the skills necessary to take up positions as hospital interns and thereby qualify for medical registration in Australia.

Applicants for the double degree in Adelaide must not have a record of study at a higher education level. All medical students at Flinders undertake the MD, which integrates clinical medicine with a strong underpinning in biomedical science.

**Our innovation**

Our Bedford Park-based students learn in Australia’s first purpose-built academic medical centre – Flinders Medical Centre – where they are immersed in authentic, patient-centred clinical experiences from their first few weeks.

Flinders University was the first in Australia to develop a four-year graduate entry medical program as an alternative to the traditional five- to six-year courses for school leavers. We were also the first to offer a full year of rural clinical practice and the first to offer a full medical program in the Northern Territory.

**Our international links**

Flinders has established partnerships with international institutions throughout Asia, Europe and the Americas. We have links with universities, colleges and research institutions which provide valuable opportunities for student and staff exchanges, joint research and teaching programs. Our international students represent a quarter of our overall students and come from over 50 countries globally.

We are current and active members of the International Network of Universities and Innovative Research Universities Australia, of which we are one of only nine universities in Australia represented. Our Medicine program is one of a few that licences our curriculum nationally and internationally, and we are highly regarded for our innovative medical education.

Flinders has a strong commitment to building the rural and remote health workforce by delivering innovative clinical placements in these areas.

Flinders’ focus on Indigenous health is matched by our community engagement in remote communities in the Northern Territory, South Australia and Victoria. Our commitment to Indigenous health is exemplified by the significant role Flinders plays in the recruitment, training and retention of Indigenous doctors.

Flinders is committed to ensuring that people from all walks of life have an opportunity to study medicine. That’s why Flinders offers a range of admission pathways that enable you to enter a medical degree, whatever your background.

Undergraduate entry
If you have completed Year 12 and wish to study medicine in Adelaide or the Northern Territory,* you can apply for admission to a double degree pathway which enables you to enter Flinders’ medical program without having to complete a separate undergraduate degree first. This pathway enables you to complete a Bachelor of Clinical Sciences combined with the Doctor of Medicine (MD) in just six years.

Graduate entry
Flinders University offers graduate entry to the MD in Adelaide and the Northern Territory, providing an alternative to the traditional pathway from secondary school to an undergraduate medical course. The four-year program enables you to graduate with a medical qualification that is comparable to a six-year undergraduate program.

* If studying in the NT, the Bachelor of Clinical Sciences is delivered by Charles Darwin University, and the MD is delivered by Flinders University.

Health pathways
Flinders graduate sub-quotas
Up to 76 per cent of places in the Doctor of Medicine are reserved for those who hold Flinders qualifications and meet the admission requirements. This specifically includes places for up to 26 graduates of the Bachelor of Health Sciences, Bachelor of Medical Science, Bachelor of Paramedic Science, and the medical biotechnology stream of the Bachelor of Science (Biotechnology). The remaining places are available for applicants who hold any Flinders qualifications.

Indigenous applicants
A key priority of the Northern Territory and Commonwealth governments is to increase the participation of Indigenous people in medical training. Flinders University’s Indigenous Entry Stream is available to Indigenous graduates who wish to study medicine either in Adelaide or in the Northern Territory. For this stream, you may apply directly to Flinders University for graduate entry to the Doctor of Medicine without having to sit the Graduate Medical School Admissions Test.

Rural applicants
Consistent with Flinders University’s commitment to improve the health of those in rural and remote areas, at least 28 per cent of Commonwealth supported places for graduate entry to the MD are reserved for students who come from a rural background. This includes a sub quota of up to 24 places available each year for students from rural communities who apply to undertake the entire third year of the MD in one of four rural locations.

Northern Territory applicants
Flinders University, in partnership with Charles Darwin University, offers undergraduate and graduate entry to the Flinders Doctor of Medicine in Darwin through the Northern Territory Medical Program (NTMP). Whether you are a school leaver or university graduate in the Territory, the NTMP allows you to undertake your entire medical training in the Northern Territory. Places are only available to Australian citizens and permanent residents.

Do you want to go to work each day, knowing that what you do matters? Would you like to start a career that could change lives, save lives or help bring new lives into the world? You could have an amazing career in nursing or midwifery.

**CHANGE LIVES. SAVE LIVES.**
A career in nursing or midwifery will give you the opportunity to start each day knowing that your work will change the lives of those around you. Nursing is a fast-paced, exciting career with great opportunities for personal and professional growth. If your path takes you towards midwifery, imagine the satisfaction you’ll feel as you help bring new life into the world.

**A REWARDING CAREER.**
Apart from being personally rewarding, you’ll begin a career in Australia’s largest and fastest growing industry, Health Care and Social Assistance, Australia’s largest and fastest growing industry and is projected to grow by 14.9% over the 5 years to May 2023.¹

The Nursing and Midwifery Board of Australia have made changes to the English language skills registration standard. Please refer to their website for further information: www.nursingmidwiferyboard.gov.au/Registration-Standards/English-language-skills.aspx

- You’ll have the option to undertake your studies at Flinders Bedford Park, or our rural campus in the Riverland.
- Professional placements will prepare you for the workplace, both simulated in state-of-the-art laboratories and in clinical venues throughout the degree backed up in rural and metropolitan South Australia.
- This program is currently undergoing reassessment with the Nursing and Midwifery Accreditation Council. Graduates of this degree are eligible to apply for registration with the Nursing and Midwifery Board of Australia as Registered Nurses.

CAREER OPPORTUNITIES

Your degree is the first step towards a range of employment opportunities including registered nursing positions in settings such as:

- medical/surgical
- emergency
- mental health
- aged care
- community health and general practice
- rural, remote and Indigenous health.

Potential employers include:

- SA Health (metropolitan and rural)
- private health organisations (metropolitan and rural)
- community health organisations
- aged care organisations
- GP Practitioners
- schools.

Bachelor of Midwifery

Provide midwifery care to women, babies, their families and communities.

Reap the rewards of being at the heart of care for women before, during and after the most monumental time of their lives.

FIND YOUR OWN PATH

We understand that everyone is different, so in addition to the Bachelor of Nursing and Bachelor of Midwifery, the University offers the following pathways to enable people from a range of different educational backgrounds to study and gain registration as a practicing nurse or midwife.

Bachelor of Nursing (Graduate Entry)

The Bachelor of Nursing (Graduate Entry) is an accelerated course leading to registration as a nurse with the Nursing and Midwifery Board of Australia (NMBA) for graduates with a degree in an academic area other than nursing (including midwifery), or nurses who hold a degree that does not currently lead to NMBA registration.

The equivalent of nine units of study focused on an understanding of body structures and function such as human biology, physiology and anatomy is also required.

The Nursing and Midwifery Board of Australia have made changes to the English language skills registration standard. Please refer to their website for further information: www.nursingmidwiferyboard.gov.au/Registration-Standards/English-language-skills.aspx

Bachelor of Midwifery (Registered Nurse Entry)

The Bachelor of Midwifery (Registered Nurse Entry) is a pathway for candidates who are graduates of a nursing degree and/or hold a current practising certificate as a registered nurse who would like to become eligible to register with the Nursing and Midwifery Board of Australia as a registered midwife. This pathway aims to build on knowledge and skills gained from previous tertiary qualifications/skills in nursing, and to develop these in a midwifery practice context to prepare students to practise in the role of a registered midwife.

CONCURRENT DEGREES

Explore your interests and unlock more career opportunities by studying another degree.

Studying a concurrent degree at Flinders is the key to enhancing your career opportunities.

Bachelor of Nursing/Bachelor of Letters (Health)

By studying the Bachelor of Nursing concurrently with the Bachelor of Letters (Health), you can follow your interests and aspirations to enhance your career prospects. You will undertake core topics in health practitioner practice, social analysis of health and social health research, plus topics from within one of the following streams:

- Ageing
- Disability
- Health education/promotion
- Nutrition.

RIVERLAND CAMPUS

The Riverland campus of Flinders University is located in the rural township of Renmark, nestled within one of South Australia’s richest horticultural regions.

Studying in the Riverland offers you a distinct rural focus and provides you with many opportunities for professional and personal development. Personally, it provides you with the chance to experience a different lifestyle and meet new people. Professionally, getting involved in the diversity and variety offered by rural practice helps you to develop high levels of professional competence, independence, resourcefulness and flexibility.

Our Riverland program is identical in structure and level of qualification to our Adelaide program.

- Your study will be enriched through education from University staff, local clinicians and visiting academics.
- You’ll have the opportunity for professional experience placements in local hospitals, community centres and aged-care facilities.
- Placements in metropolitan Adelaide are also available.
- You’ll experience integrated learning on the grounds of the Renmark Paringa District Hospital.

Studying Psychology is essential because it addresses and solves human problems.

**Build a Career Solving Human Problems**

Worldwide, there’s a growing awareness of our need to understand human psychology and mental health. The pressures of 21st century living are driving a need for graduates who can assess, advise and help solve some of the human problems that affect how we live and function. From working with autism and sleep disorders to conducting research on social justice or industrial relations, the field of psychology is wide, and skilled graduates are in high demand.

**A Rewarding Career**

Psychology is a large occupation, currently employing over 28,000 people. In Australia, it is expected there will be around 24,000 job openings over the next five years from workers leaving and new jobs being created.* Apply your skills across a range of careers and professions, including community services, human resources management, marketing, policy development and teaching, and combined with further professional training, you can become a practising psychologist.

*Job Outlook 2018

**Study for Success**

Flinders is highly rated in undergraduate psychology for education experience, teaching quality, learning resources and student support**. With a Flinders Psychology degree, you’ll gain essential knowledge and skills required for further study to practice as a registered psychologist. By studying at Flinders, you are eligible to apply for admission to the Flinders University honours program in psychology, as well as other nationally accredited psychology honours programs, which can lead to further postgraduate study opportunities (e.g. PhD) and/or training to become a registered psychologist.

**QILT Student Experience Survey 2018

**Unlock Human Potential**

**Study Psychology at Flinders**

Psychology is the science of the mind and the study of human behaviour. You could begin a rewarding career that has a positive impact on the people around you.
Bachelor of Arts

Build a career around ideas that shape the world we live in.

Develop a range of transferable skills that are highly valued in a wide range of jobs and industries. You’ll learn how to investigate and analyse ideas, communicate your findings and build your knowledge base in a variety of areas. Studying a BA will also give you the chance to gain first-hand experience of how to apply what you learn through practical topics, placements and internship opportunities.

Bachelor of Arts

• You can build a degree that suits your interests and career aspirations.
• Select one or two majors from 25 disciplines and a minor from 30 disciplines.
• You’ll be able to choose from majors unique to SA universities including drama, law and society, archaeology, and innovation and enterprise.
• Your studies will help you develop as a thinker, researcher and communicator.
• There are opportunities to take your studies overseas with a student exchange program.

PSYCHOLOGY MAJOR
Psychology is the study of human behaviour and experience including how we learn and develop, personality and self esteem, thinking processes and psychological problems

CAREER OPPORTUNITIES
Your degree will give you a range of employment opportunities, including:
• graduate policy officer
• editorial assistant
• communications and campaigns assistant
• assistant advocacy officer
• employment consultant.

Potential employers include:
• government departments
• community arts centres
• education/higher education
• media
• marketing organisations.

Bachelor of Behavioural Science (Psychology)

Understand how people think, feel and act.

Combine a psychology major with a second major in a range of disciplines concerned with human behaviour and development. Besides having access to a broad range of majors, you’ll participate in a mentoring program, have access to expert lecturers, and can apply for a one-year honours at the end of the three years provided you achieve a sufficiently high standard. You’ll graduate for work in a variety of settings or continue on with further study.

Bachelor of Behavioural Science (Psychology)

• Can connect your study of human behaviour with topics such as biology, criminology, health, disability, management, philosophy and artificial intelligence.
• You’ll study core areas such as child development, ageing, emotions, interpersonal relationships, mental health, and human learning and memory.
• Gain comprehensive knowledge of the field including the current assessment tests, measurements and techniques used by practising psychologists.
• You’ll graduate with essential knowledge and skills required for further study to practise as a registered psychologist.
• This degree is accredited by the Australian Psychology Accreditation Council.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:
• community rehabilitation worker
• disability employment consultant
• graduate HR consultant
• research assistant
• transition worker.

To register as a practising psychologist in Australia, you must complete an honours program in psychology and either two further years of supervised experience or an approved qualification such as a Master of Psychology (Clinical).

Potential employers include:
• Mind Australia
• Status Employment
• Hurt Street Centre
• Anglicare
• Salvation Army.

Bachelor of Psychological Science

Undertake an extensive range of key subjects and a pathway that could lead you to a career practising psychology. This degree covers fields such as personality; emotion; development; social, cultural and biological influences; and mental health. Besides having access to a broad range of electives, you’ll participate in a mentoring program, have access to expert lecturers, and can apply for a one-year honours at the end of the three years provided you achieve a sufficiently high standard.

Bachelor of Psychological Science

• Develop essential knowledge and skills required for further study to practise as a registered psychologist.
• You’ll gain skills and knowledge for other professions where psychology is beneficial such as government, social and community work, and statistics.
• Enhance your career opportunities by combining your psychology degree with an area that suits your interests.
• Learn from internationally renowned researchers on core topics like brain function, autism, trauma, social justice, sleep disorders, learning and memory, and eating disorders.
• This degree is accredited by the Australian Psychology Accreditation Council.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:
• graduate market researcher
• research assistant
• disability employment consultant
• graduate resource worker
• employment consultant
• psychology and either two further years of supervised experience, or an approved qualification such as a Master of Psychology (Clinical).

Potential employers include:
• Australian Bureau of Statistics
• Department for Communities and Social Inclusion
• Department of Human Services
• Families SA
• Accenture.

Bachelor of Psychological Studies (Graduate Entry)

Expand your career opportunities with a degree in psychology.

A nationally accredited psychology major is available to students who have already completed a degree in any discipline, with the Bachelor of Psychological Studies (Graduate Entry). This degree will enhance your understanding of human behaviour to pursue further studies in psychology. You could begin your career in areas such as youth work, advertising and marketing, policy and research, consumer research, industrial relations, human resources, program coordination and welfare.

Bachelor of Psychological Studies (Graduate Entry)

• This degree prepares you for honours in psychology and subsequent higher degree studies towards registration as a psychologist.
• You’ll gain a grounding in theory and practice in core areas of basic and applied psychology.
• You can apply for a one-year honours at the end of the three years provided you achieve a sufficiently high standard.
• You’ll undertake practical experience that prepares you for the workforce, and develop the skills to critically evaluate psychological literature and to apply psychology knowledge to real-world problems.
• The degree provides the equivalent of a major in psychology for those who hold a degree in another discipline.
• This degree is accredited by the Australian Psychology Accreditation Council.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:
• community health providers
• consulting firms
• government agencies
• hospitals
• market research companies
• research centres
• rehabilitation facilities.

To register as a practising psychologist in Australia, you must complete an honours program in psychology and either two further years of supervised experience, or an approved qualification such as a Master of Psychology (Clinical).

Potential employers include:
• community health providers
• consulting firms
• government agencies
• hospitals
• market research companies
• research centres
• rehabilitation facilities.

*Studying Psychology at Flinders has been one of the best decisions I have ever made. From the friends you make in tutorials, to the lecturers and academics who guide you through your journey, I have received nothing but unconditional support from everybody I have met at Flinders. Flinders is definitely the best choice for anybody interested in pursuing a career in psychology.*

Ksenia Zinoviev,
Bachelor of Psychology (Honours)

**Bachelor of Behavioural Science (Psychology)/Bachelor of Computer Science**

The combined Bachelor of Behavioural Science (Psychology)/Bachelor of Computer Science provides the opportunity to link the disciplines of psychology and computer science and the management of data. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

**CAREER OPPORTUNITIES**

You will analyse predator-prey behaviour and understand the role human and animal behaviour plays in our welfare, survival and evolution. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

**Combining the Bachelor of Behavioural Science (Psychology)/Bachelor of Computer Science**

The combined Bachelor of Behavioural Science (Psychology)/Bachelor of Computer Science provides the opportunity to link the disciplines of psychology and computer science and the management of data. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

**Bachelor of Laws and Legal Practice/Bachelor of Behavioural Science (Psychology)**

Combining the Bachelor of Laws and Legal Practice/Bachelor of Behavioural Science (Psychology) with law prepares you for occupations where law and psychology interact. You will develop an understanding of human behaviour, motivation, relationships, communication and cognitive processes. Better understand the actions of clients, judges, jurors and the changes to law, which will help you develop a stronger and more effective argument for your legal cases, and explore a social justice perspective for understanding human behaviour.

This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

**Bachelor of Psychological Science/Bachelor of Business (Human Resource Management)**

To manage an organisation effectively, you need to understand its people. The Bachelor of Psychological Science/Bachelor of Business (Human Resource Management) helps you to develop an understanding of psychology and apply it to human resource management. This combined degree meets the accreditation requirements of both the Australian Human Resources Institute and the Australian Psychology Accreditation Council.

**Bachelor of Psychological Science/Bachelor of Business (Marketing)**

The combined Bachelor of Psychological Science/Bachelor of Business (Marketing) provides the opportunity to link the psychology of marketing with consumer buying behaviour. It teaches you to market to people effectively by understanding how psychology influences their decisions, and is one of only a few programs that allow you to delve into consumer buying behaviour, rational and irrational decision-making processes, impulse buying behaviour, heuristic decision-making, and other frameworks.

This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

For a full list of combined degree options visit flinders.edu.au/combineddegrees
A global focus on the importance of health has led to a growing demand for skilled professionals who can teach us to live healthier lives. Flinders can help you become one of those professionals.

With over 40 years’ experience in disability, speech pathology, nutrition and dietetics education, and over 20 years’ experience in audiology, palliative care and health sciences, Flinders is a leader in health education.

STUDY WITH LEADERS
Flinders University has a reputation for excellence in teaching, learning and research that spreads across the globe. Learn from the brightest minds in health research who will bring you the latest knowledge and skills, and prepare you for the future of health.

A REWARDING CAREER
Start a career that is rewarding in many ways. Not only will you help others, you could be well rewarded. Healthcare and social assistance are Australia’s fastest growing industries* and Flinders’ graduates enjoy a median salary above the national average.**

- The Bachelor of Healthy Ageing teaches you foundation skills in ageing studies and covers a broad spectrum of knowledge such as experience of ageing, psychological wellbeing and physical activity, along with areas such as elder abuse and neglect, popular culture and ageing, and dementia.

- Prepare to work with older people and to develop new opportunities within ageing societies across the globe.

- Learn about attitudes, communication and experience of ageing, and mental health and psychological dimensions of ageing.

- Study from anywhere in the world with our optimum online learning delivery.

**CAREER OPPORTUNITIES**

Your degree could open up a range of employment opportunities, including:
- community or residential aged care worker
- elder advocate or advisor
- gerontological entrepreneur
- ageing services manager.

Potential employers include:
- residential and/or community aged care providers
- government departments
- advocacy organisations
- local, national or international non-government organisations.

"The teachers are very experienced in their fields, and that helps to build up our knowledge with practical experience rather than just looking at theories and textbooks. Studying at Flinders was the best decision I’ve ever made – Flinders met and exceeded my expectations." - Natalie Yee, Bachelor of Healthy Ageing (Online)
Bachelor of Human Nutrition

You could help address the future health needs of Australia and create a healthier world.

Human nutrition is one of the most interesting careers in health. Think about what we eat and why. How do our food choices affect our lifestyles and our health?

Bachelor of Medical Science

Prepare for a career as a medical scientist.

Are you fascinated by the science of the human body? Why not build a career around your passion?

Bachelor of Medical Science

This specialised degree provides exciting options for students interested in a wide range of careers in the medical and health sciences, and emphasises the fundamental sciences that underpin virtually all fields of medical science.

Bachelor of Medical Science (Vision Science)/Master of Optometry

Build a career helping improve people’s vision.

Bachelor of Medical Science (Vision Science)/Master of Optometry

You will receive a grounding in the fundamentals of science with an emphasis on vision science, where you will study the visual system and factors that influence sight, in preparation for intensive study and clinical experience in optometry.

Bachelor of Nutrition and Dietetics

Prepare to become a professional who can interpret and translate scientific knowledge into practical information to help people improve their health through diet.

Bachelor of Nutrition and Dietetics

You will gain knowledge about the nature, management and prevention of diet-related diseases, and the social and psychological factors that influence what people eat.

Career Opportunities

Your degree is the first step towards a range of employment opportunities, including:

- clinical dietitian
- food service dietitian
- private practice dietitian
- aged care dietitian
- dietitian working in rehabilitation.

Potential employers include:

- community-based services
- private practices
- food industry
- aged Care & Community Care
- disability e.g. NDIS
- childcare
- hospitals
- research institutions
- local and state government
- non-government organisations
- Country Health.

Bachelor of Paramedic Science

Your skills in an emergency could save lives.

Becoming a paramedic means keeping your cool in emergency and non-emergency situations. It means helping people when they need it most, and it means working in a career dedicated to helping others.

Bachelor of Paramedic Science

- You could make a real difference. Develop the skills, knowledge and attitudes to manage pre-hospital emergency and out-of-hospital non-emergency situations in a manner consistent with best practice.
- This is an accredited degree for anyone seeking a career as a paramedic with an Australian state ambulance service or a research career in pre-hospital science.
- Your degree is accredited by the Council of Ambulance Authorities.
- Your degree has a strong focus on paramedic-specific clinical practice as well as broader studies in the health sciences relevant to health care delivery.
- Your degree will prepare you for the workforce by delivering evidenced-based education from qualified paramedics and providing clinical experience with SA Ambulance Service.

CAREER OPPORTUNITIES

Your Bachelor of Paramedic Science will prepare you for a range of employment opportunities, including:
- paramedic intern
- graduate paramedic
- communications officer
- emergency services/rescue officer
- mine site paramedic
- industrial paramedic

Potential employers include:
- South Australian Ambulance Service
- ACT Ambulance Service
- Ambulance Victoria
- St John Ambulance Australia (WA and NT)
- Ambulance Service of New South Wales
- Queensland Ambulance Service
- various providers internationally including the National Health Service in the UK
- various private providers nationally.

Bachelor of Speech Pathology

Help people build better communication. Enhance mealtime experiences and their quality of life.

Speech Pathologists provide both diagnosis and treatment strategies to help people overcome a wide range of communication and swallowing difficulties across the lifespan.

Bachelor of Speech Pathology

- You could make the lives of people with communication and swallowing difficulties easier, more comfortable and more productive.
- Learn from exceptional educators and an innovative enquiry-based curriculum.
- Benefit from one of the highest numbers of placement hours for a speech pathology degree in Australia.
- Graduates will meet the entry-level standards of Speech Pathology Australia, the national accrediting body, which will enable them to practise in Australia and to apply for mutual recognition of qualifications in many other countries and regions around the world, including the UK, New Zealand and Asia.

CAREER OPPORTUNITIES

Your degree could open up a range of employment options, including:
- speech pathologist
- project officer
- researcher
- manager
- policy advisor.

Potential employers include:
- healthcare sector (including hospitals, rehabilitation centres, community health services, mental health services)
- aged care sector
- disability services sector
- education sector (including mainstream and special schools and special education units)
- early childhood education sector
- private practice.

CHANGE THE WORLD FOR THE BETTER

SOCIAL WORK

IMPLEMENT POSITIVE CHANGES IN THE LIVES OF OTHERS
Explore a career that makes a positive impact on society. Your career could see you working in child protection or with older people. You could become a disability advocate or a drug and alcohol counsellor. You will enhance the wellbeing of individuals, groups and communities and address inequality and injustice.

A REWARDING CAREER
Social work is a large occupation, currently employing over 28,000 people. It is expected there will be around 29,000 job openings over the next five years, from workers leaving and new jobs being created.* Starting a career in social work means joining a field with long-term career prospects.

*Job Outlook 2018

STUDY FOR SUCCESS
With 1,000 hours of industry experience, purpose-built facilities and a highly experienced team of educators, studying social work at Flinders will see you graduate career-ready, with in-demand skills and knowledge.

BE THE CHANGE
STUDY SOCIAL WORK AT FLINDERS

Social Work is the province of the troublemakers. The ones who stand up for what’s right. The people who say I cannot ignore. I will not stand by.

Social Work is the career for those who will always be difficult, because they want to change the world for the better, and because they will never accept injustice.

We welcome the troublemakers.

Nationally and globally, we struggle with issues of child protection, domestic and family violence, housing and homelessness, racial inequalities and many other social problems. Issues of social inequality have become daily headlines, and we need skilled graduates to work towards social change.

No. 1 in SA in Social Work for overall quality of educational experience

The Good Universities Guide 2020 (undergraduate), public SA-founded universities only

“My social work degree has prepared me for my career in several ways and equipped me with numerous theories and tools that I can incorporate into my future practice when working with clients. I learnt more than I could have ever anticipated.”

Hayley Chenoweth, Bachelor of Social Work student
Bachelor of Social Work

Build a career helping, supporting and empowering people.

This degree will equip you with the knowledge, skills and values required for social work practice. You’ll graduate prepared to work in a range of contexts, including government, not-for-profit and private organisations.

Bachelor of Social Work (External) New in 2021

See the inside back spread for more information on your admission pathways, opportunities to enhance your degree, and how to apply.

Students can choose to enrol in individual topics internally face-to-face or externally (online). In accordance with AASW requirements, students are required to attend the Bedford Park campus in South Australia for 20 days of face-to-face learning, focusing on practice skills. This is taught in intensive so that students in regional and remote areas and interstate can travel to attend.

Students are required to undertake a National Police Check as well as screening assessments through the Department of Human Services (DHS) for working with children, in the aged care sector and disability services. Students may also be required to address other industry-specific conditions before commencing placement.

You will be prepared to enact the values of the profession, including respect, social justice and professional integrity, and to work in a culturally responsive manner.

You will learn to apply social work theories, methods and skills to enhance the wellbeing of individuals, groups and communities and to address inequality and injustice.

Incorporating knowledge from a range of disciplines, including psychology, sociology and social policy, you will focus on the interaction between people, their environments and broader societal structures.

This degree provides you with valuable industry experience, including two 500 hour supervised work placements in settings such as child protection services, hospitals, mental health services, aged care services and schools.

You’ll also gain practical experience in the purpose-build on-campus Social Work Skills and Simulation Lab.

On graduation, you’ll be eligible for membership of the Australian Association of Social Workers.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:

- direct practice with individuals
- group work
- community development
- research
- social policy.

Areas of employment include:

- child protection
- health
- mental health
- domestic violence
- homelessness.

"Flinders University’s Social Work course offers all the academic and professional tools needed for students to achieve their goals. The environment of the campus and learning areas are very encouraging. With supportive and helpful teaching staff, and endless opportunities, studying Social Work at Flinders will help you to achieve your goals and help improve people’s lives."

Danielle Hanson, Bachelor of Social Work

GET MORE OUT OF YOUR STUDY

Combined degrees
Combining your degree with a qualification in another discipline will give you more expertise and expand your career prospects. Studying a combined degree at Flinders will help you stand out from the crowd.

A combined degree is a combination of two Flinders bachelor degrees. As a combined degree graduate you will have two qualifications in just one to one-and-a-half years of extra study.

Our combined degree programs are designed to enhance your educational, academic and professional qualifications while minimizing the cost and length of your studies. Flinders’ combined degrees allow you to undertake in-depth study in exciting combinations that aren’t usually available in single degrees.

flinders.edu.au/combineddegrees

Bachelor of Letters
The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

The Bachelor of Letters is available in the following disciplines:

- Archaeology
- Creative enterprise
- Creative writing
- Criminology
- English
- Health
- History
- Innovation and enterprise
- Languages (French, Italian, Modern Greek, Spanish)
- Mathematics
- Sports performance coaching
- Theology.

The Bachelor of Letters is normally undertaken part-time over three years to allow concurrent study with your primary bachelor degree, adding one year to your overall study program.

STUDENT SUPPORT

PATHWAYS TO STUDY
Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that’s right for you.

If you have recent secondary education

Year 12 Entry
Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

Elite Athlete Pathway
If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

Research Project B Pathway
If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

unTEST
If you’re in Year 12, unTEST may enhance your chances of getting into Flinders. We will select students based on Year 12 results and unTEST performance.

If you have some higher education

Tertiary Transfer
If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

If you have vocational education and training (VET)

TAFElink
Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met.

TAFE SA Dual Offer
Flinders University together with TAFE SA offer over 45 dual offer pathways in various disciplines.

Adult Entry
The adult entry scheme enables people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SATAC.

If you have work and life experience

Foundation Studies
The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

Military Pathways
Use your military service in the Australian Defence Force as a pathway to a Flinders University degree.

Special Tertiary Admissions Test (STAT)
Adult entry to university via the Special Tertiary Admissions Test (STAT) assesses your ability to study at a tertiary level.

A pathway to all degrees

Bachelor of General Studies
Begin your journey to a successful career. Flinders’ Bachelor of General Studies is a flexible degree designed to prepare you with communication skills, a firm grasp of ethics and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.
