In an era of disruptive change, Flinders University is growing its international reputation as a world leader in research, an innovator in contemporary education and a source of enterprising graduates equipped to change the world.

Flinders University acknowledges the Traditional Owners on lands in which its campuses and centres are located and honours Elders past and present. These are the traditional lands of the Arrernte, Barngarla, Boolkunjin, Boandik, Dagoman, Erawirung, Gunditjmara, Jawoyn, Kaurna, Larrakia, Nauo, Ngadjuri, Ngarrindjeri, Peramangk, Ramindjeri, Wadjunara, Warramunga and Yolŋu peoples, spanning across South Australia, Northern Territory and Victoria.

TOP 2% UNIVERSITY WORLDWIDE*

NO.1 IN SA

for teaching quality, student support, and starting salary**

More than 500 undergraduate, postgraduate and research degrees

Over 25,000 students supported by 2,600 staff***

Over 550 scholarships, worth $2.2m in total

* The World University Rankings 2021 is a percentage of the total number of universities in the world according to the International Association of Universities

** The Good Universities Guide 2020 (undergraduate), public SA-founded universities only

*** Staff and student numbers are preliminary figures based on data collected 16 December 2020 and subject to change.
ABOUT YOU

CHOSE YOUR DEGREE
From medicine to business, science or arts offerings, Flinders University offers more than 500 undergraduate, postgraduate and research degrees taught by global and national experts focused on the experience and outcomes of their students.

BE TAUGHT BY LEADERS
At Flinders, you’ll be taught by teachers who are leaders in their fields. They are plugged into industry trends and connected to professional networks. Your future career will take practical shape from the very beginning of your studies as we guide you from the classroom to the workplace through inspired teaching, practical placements, internships, field education and industry projects.

BENEFIT FROM WORLD-CLASS RESEARCH
Flinders University’s research strengths include biomedical and clinical sciences, culture, policy and society, health and medicine, mental health and human behaviour, molecular science and technology, defence, engineering, water and environment. With 90% of Flinders’ research rated world-standard or above,* your studies will be supported by the up-to-the-minute knowledge of highly skilled researchers and lecturers.

GET THE SUPPORT YOU NEED
Flinders is SA’s No.1 university for student support,** From campus facilities to financial support, mental health and wellbeing resources and services, student grants, counselling services (including careers and financial) and many social opportunities, we offer a range of services to ensure your study experience is everything you want it to be. Find out more about student support on page 32.

* Excellence in Research for Australia 2018 (Flinders rating 85.7% rounded up to 90%)
** The Good Universities Guide 2020 (undergraduate), public SA-founded universities only

EXPLORE FLINDERS SCHOLARSHIPS
Flinders offers a generous range of scholarships for students in undergraduate and postgraduate courses. With over 550 available scholarships, including scholarships to students from low socio-economic backgrounds, students from rural and regional areas and Indigenous students, you may be eligible for support that will help you achieve your goals at university.

“Wyndham Richardson Scholarship Fund has been invaluable to reduce the financial pressure during studies, especially now that I am in the later years of my degree.”
Rebekah Jones, Canada

JOIN A GLOBAL COMMUNITY
Flinders University graduates are enterprising, innovative and curious thought leaders in over 120 countries around the world. When you graduate from Flinders, you’ll not only join over 106,000 graduates from an amazing variety of fields, you’ll graduate from SA’s No. 1 university for starting salary.”**

* The Good Universities Guide 2020 (undergraduate), public SA-founded universities only

EXPENSE A UNIVERSITY LIKE NO OTHER
Our geographic footprint stretches from the top of the Northern Territory through to South Australia and regional Victoria. Internationally, joint courses are delivered with leading universities in China, Hong Kong, Malaysia, Singapore and Indonesia. Our main campus at Bedford Park is an environment that fosters creativity. Sitting in stunning natural surrounds, it boasts spectacular views to the city and coast and features an award-winning, state-of-the-art student hub that fosters innovative learning in a digitally enabled environment.

GAIN REAL-WORLD EXPERIENCE
Flinders’ Work Integrated Learning (WIL) enables you to gain work experience while you study. You’ll have the opportunity to gain real-world experience through placements, practicums, field studies and simulated workplace settings and assessment activities. Flinders aims to provide each and every student with access to a WIL opportunity during their studies.

THINK BIG. MAKE AN IMPACT. DESIGN YOUR FUTURE.
Careers are evolving and the workplace of the future will look very different from today. Powered by Flinders’ New Venture Institute, our suite of innovation and enterprise electives and courses will help you to develop the ‘personal enterprise skills’ that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally. No matter what you choose to study at Flinders, you can embed an innovation and enterprise elective into your degree.

TAKE YOUR STUDIES OVERSEAS
Why wait until you graduate to explore the world? Flinders’ Learn Without Borders could see you studying overseas, gaining a unique perspective and immersing yourself in a different culture, language and lifestyle.

“My exchange was honestly one of the most amazing and rewarding six months of my life. The friends I made and the things I saw and experienced will stick with me for the rest of my life.”
Ryan Rowston, Bachelor of Computer Science

JOIN A GLOBAL COMMUNITY
When you graduate, you’ll be a part of the Flinders Alumni network connecting the world. As an Alumni, you’ll have access to Think Alumni, a digital community that links you with thought leaders in over 120 countries around the world. When you graduate

BUILD THE SKILLS THAT
EMPLOYERS ARE SEEKING

HUMANITIES &
SOCIAL SCIENCES

GET SET FOR LIFE
STUDY HUMANITIES & SOCIAL SCIENCES AT FLINDERS
Imagine designing a career around your passions. Imagine following your dreams and learning more about what you love. This could be the beginning of an amazing adventure.

CREATE YOUR OWN FUTURE
Study what you love and work towards a career you’ll love. The workplaces of tomorrow are likely to be very different from those we see today. But one thing is unlikely to change: employers will be searching for independently minded people with valuable, transferable skills. A humanities and social sciences degree from Flinders will give you the knowledge and skills you’ll require in tomorrow’s workplace.

A REWARDING CAREER
From a career in education or archaeology to a future in law or science, humanities and social sciences offer a wide variety of career paths. Flinders’ links to industry will help you gain highly desirable practical experience, and the flexibility inherent in your study options will allow you to focus on a career in an area that truly interests you.

STUDY FOR SUCCESS
Flinders has a long history of producing high quality, successful graduates. Our humanities and social sciences graduates are talented leaders in creative arts, business, politics and government. When you study at Flinders, you’ll be taught by teachers who have international reputations for excellence. They are plugged into industry trends and connected to professional networks, helping you graduate ready to pursue an exciting career.

No.1 in SA
in Humanities, Culture & Social Sciences for full-time employment, starting salary and overall quality of educational experience

The Good Universities Guide 2020 (undergraduate), public SA-founded universities only
Bachelor of Archaeology

Your future career lies in the past.

This course prepares you for a professional career in archaeology or related areas, making you suitable for jobs throughout the globe in research, policy development, consulting, laboratory research, hands-on surveying and excavation.

South Australia’s only Bachelor of Archaeology will prepare you for a wide range of jobs in museums, government, community organisations and the cultural heritage management industry.

Get your hands dirty and delve into the world’s rich cultural history, uncovering the links between past, present and future societies.

Pictured right: Students excavating Mary McKillop’s first stable school in Penola South Australia.

Photographers: Heather Burke and Andrew Schaefer

"The best thing about studying archaeology at Flinders would have to be the teaching staff – right from my very first lecture when we were all told that it was their aim for every single student to graduate and support us along the way. Throughout every different topic thereafter, I have always felt supported and encouraged, and have never felt like just a number."

Megan Green

ARTS AND SCIENCE

In addition to choosing an arts major, the following science majors can also be taken:

**Animal biology**

The animal biology major involves the biology of animals, including their classification, molecular and chemical structures, evolution, physiology, ecology and biodiversity.

**Aquatic biology**

Aquatic biology involves the biology of marine and freshwater aquatic life: from mammals, birds and reptiles to plants and algae.

**Biochemistry and molecular biology**

The biochemistry and molecular biology major explores the very building blocks of life: from chemical structures and bonding to proteins and DNA.

**Chemistry**

Chemistry affects almost everything we do or use: from drugs, antibiotics and anaesthetics to polymers and plastics to synthetic fibres and batteries.

**Cognitive science**

Cognitive science is the scientific study of the mind and its processes in both humans and machines, including intelligence and behaviour, perception, language, memory, attention, reasoning and emotion.

**Computer science**

The computer science major provides you with a broad background in programming, databases, networks and computer systems, enabling you to develop technical expertise in computers and their application.

**Ecology and evolutionary biology**

The ecology and evolutionary biology major introduces you to the study of living animals, plants and fungi, how they interact, and their role in the complex ecology of life in communities.

**Environmental geology**

Environmental geology applies geology or geoscience to our living environment. The environmental geology major examines how geological processes and hazards influence human activities and vice versa.

**Environmental hydrology and water resources**

The environmental hydrology and water resources major is about solving a diverse range of environmental and water problems. It gives you a broad background in natural sciences including earth sciences, environmental sciences and marine sciences.

**Environmental management**

Environmental management is the management of our impact on the environment. The environmental management major aims to prepare you with an understanding of the complexity and contexts of environmental decision-making.

**Geography**

The geography major provides a broad foundation in geography. It involves investigating the dynamic relationships between humans and their cultures and environments.

**Mathematics**

The mathematics major provides a firm foundation in the basic principles and techniques of modern mathematics, and an understanding of how mathematics is applied in the social and natural sciences.

**Microbiology**

Microbiology is the study of microscopic organisms: from viruses and bacteria to parasites and fungi. The microbiology major involves the study of evolution, biodiversity, chemistry, biostatistics and immunology.

**Ocean and climate sciences**

The ocean and climate sciences major provides you with a deeper understanding of the physical processes shaping the marine environment and influencing climate.

**Plant biology**

The plant biology major involves study in areas such as Australian environmental change, diversity of plants and algae, animal and plant physiology, conservation biology and restoration ecology, and food biotechnology.

**Physics**

The physics major provides an understanding of the fundamental laws of nature. You will develop an understanding of the broad spectrum of known phenomena from classic and modern science, and explore the frontiers of modern science.

**Statistics**

The statistics major involves the use of mathematics, data science, biostatistics, probability and stochastic processes to analyse and solve complex statistical problems.

**Vertebrate palaeontology**

The Vertebrate palaeontology major involves studying the fossils of extinct vertebrate animals, providing a specialised understanding of palaeontology, palaeocology and vertebrate evolution.
Bachelor of Criminology (Honours)

Build a career exploring the world of crime. There are many employment opportunities in the field of criminology, including intelligence analysis, community corrections, community development and child safety work.

This degree will prepare you for a career within a growing sector. You’ll gain skills and knowledge in such areas as transnational crime, policing and security, organised crime, cybercrime, terrorism, corrections and corruption, and you’ll gain a broad understanding of criminological theory and its applications in criminal justice contexts.

Bachelor of International Relations and Political Science

You could play a part in world events.

Prepare yourself for a successful career engaging with political, social and cultural issues in Australia and around the world. In this degree you’ll develop an understanding of how to drive policy development at home and abroad. You’ll graduate with a comprehensive understanding of key political, social, economic and strategic relations within the domestic and global communities.

Bachelor of International Relations and Political Science (Honours)

Gain real-world understanding of how Parliament and public agencies work through placement opportunities.

You’ll meet professionals working on current international ventures, and could build your international professional network with overseas study.

Take opportunities for practical experience through Work Integrated Learning and industry placements.

Bachelor of International Relations and Political Science (Honours)

See inside back pages for more information on your admission pathways, opportunities to enhance your degree and how to apply.

- You’ll study practical topics to equip you for employment, and graduate work-ready with practical equip you for employment, and opportunities to enhance your degree and how to apply.
- Our teaching is informed by strong connections to government and industry through our internationally recognised research profile and Centres for Crime Policy and Research.
- You’ll have the opportunity to learn from world-class researchers and develop high-level research and analytical skills.
- There are opportunities to take your studies overseas with a student exchange program.
- Undertake our work placement program during honours and receive on-the-job training in an area of interest with one of our diverse partners and providers (eg. state and federal government agencies, and the private and not-for-profit sector).

GET MORE OUT OF YOUR STUDY

Combined degrees
Combining your degree with a qualification in another discipline will give you more expertise and expand your career prospects. Studying a combined degree at Flinders will help you stand out from the crowd.
A combined degree is a combination of two Flinders bachelor degrees. As a combined degree graduate you will have two qualifications in just one to one-and-a-half years of extra study.
Our combined degree programs are designed to enhance your educational, academic and professional qualifications while minimising the cost and length of your studies. Flinders' combined degrees allow you to undertake in-depth study in exciting combinations that aren't usually available in single degrees.
flinders.edu.au/combineddegrees

Bachelor of Letters
The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.
The Bachelor of Letters is available in the following disciplines:
• Creative writing
• History
• Languages (French, Modern Greek)
• Mathematics
• Sports performance coaching.
The Bachelor of Letters is normally undertaken part-time over three years to allow concurrent study with your primary bachelor degree, adding one year to your overall study program.

BEGIN YOUR JOURNEY TO A SUCCESSFUL CAREER

Flinders diplomas
Flinders' diploma-level qualifications give you the chance to experience university life without having to commit to long-term study. The one-year Diploma of Business or Diploma of Arts give you the chance to explore a range of interests, and successful completion allows you to apply for up to one year of credit towards a range of Bachelor degrees, and guaranteed entry to the following courses:
• Bachelor of Archaeology
• Bachelor of Arts
• Bachelor of Arts pathway to Education (Primary R-7)
• Bachelor of Arts pathway to Education (Secondary)
• Bachelor of Arts pathway to Psychological Science
• Bachelor of Business
• Bachelor of Business (Human Resource Management, International Business, Management Marketing, Sports Management)
• Bachelor of Business Economics
• Bachelor of Creative Industries (Digital Media, Film and Television, Interactive Design, Theatre and Performance, Writing and Publishing, Festivals and Arts Production)
• Bachelor of Disability and Community Inclusion
• Bachelor of Disability and Developmental Education
• Bachelor of Engineering Science
• Bachelor of Information Technology
• Bachelor of International Business (Wine, Spirits and Tourism)
• Bachelor of International Relations and Political Science
• Bachelor of Law and Society
• Bachelor of Science

Standard University admission requirements apply.

Transition to university
Starting at university is a big step; let’s make it easier. The Student Learning Centre provides a range of services from writing and mathematics support to assistance with study and time-management skills.

Yunggorendi Student Engagement
Yunggorendi Student Engagement provides high quality support services for Aboriginal and Torres Strait Islander students at Flinders University. Our team of highly qualified Indigenous and non-Indigenous staff connect to Indigenous and non-Indigenous communities on local, national and international levels.

INDIGENOUS ADMISSIONS SCHEME
The Indigenous Admissions Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

Are you eligible?
To be eligible for the Indigenous Admissions Scheme you must be an Aboriginal or Torres Strait Islander in accordance with the Commonwealth definition which requires you to:

• be of Aboriginal or Torres Strait Islander descent, and
• identify as an Aboriginal or Torres Strait Islander, and
• be accepted as an Aboriginal or Torres Strait Islander in the community in which you live or have lived.

You may be currently studying Year 12, or be a non-school leaver.

How to apply
1. Apply for the course you want to study through the South Australian Tertiary Admissions Centre (SATAC). You will get an application number from SATAC that you will need for your Indigenous Admissions application form.
2. Complete the Indigenous Admissions Scheme Application Form at flinders.edu.au/study/pathways/indigenous-admission-scheme and send to Yunggorendi Student Engagement Office as outlined at the end of the form.
3. An interview is part of the application process but you will be notified about this.

Application and interview dates
First round applications close late November and second round applications close early January for semester 1. For our midyear intake to a number of courses, applications close in June.

PATHWAYS TO STUDY
Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that’s right for you.

If you have recent secondary education
Year 12 Entry
Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

Elite Athlete Pathway
If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

Research Project B Pathway
If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

uniTEST
If you’re in Year 12, uniTEST is available to enhance your chances of getting into Flinders.

We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don’t do well, we will only consider your highest selection rank.

If you have some higher education
Tertiary Transfer
If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

If you have vocational education and training (VET)
TAFElink
Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met.

TAFE SA Dual Offers
Flinders University together with TAFE SA offer over 45 dual offer pathways in various disciplines.

Adult Entry
The adult entry scheme enables people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SATAC.

If you have work and life experience
Foundation Studies
The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

Military Pathways
Use your military service in the Australian Defence Force as a pathway to a Flinders University degree.

Special Tertiary Admissions Test (STAT) Adult entry to university via the Special Tertiary Admissions Test (STAT) assesses your ability to study at a tertiary level.
**WHEN CAN I START?**

Flinders offers two admissions cycles each year for undergraduate degrees.

**Semester 1** – March start
Applications open in August for commencement the following year.

**Semester 2** – July start
Mid-year applications open in August for commencement in July the following year.

*Not all degrees are offered for semester 2 entry. Check our midyear site for details: flinders.edu.au/midyear
