In an era of disruptive change, Flinders University is growing its international reputation as a world leader in research, an innovator in contemporary education and a source of enterprising graduates equipped to change the world.

The University acknowledges the traditional owners of the lands Flinders University teaches across (Arrernte, Boandik, Bungarla, Dagoman, Gunditjmara, Jawoyn, Kaurna, Larrakia, Noongar, Ngarrindjeri, Parwanolng, Raukkan, Maranungum, Wiradjuri, Wiradjuri, Yidinji) and honour their Elders past and present.

**TOP 2% UNIVERSITY WORLDWIDE**

**NO.1 IN SA**

for teaching quality, student support, and starting salary*

More than 500 undergraduate, postgraduate and research degrees

Over 25,000 students supported by over 2,600 staff***

Over 550 scholarships, worth $2.2m in total

---

*THE World University Rankings 2020 as a percentage of the total number of universities in the world according to the International Association of Universities

**The Good Universities Guide 2020 (undergraduate), public SA-founded universities only

***Staff and student numbers are preliminary figures based on data collected 6 April 2020 and subject to change.
**EXPERIENCE A UNIVERSITY LIKE NO OTHER**

Our geographic footprint stretches from the top of the Northern Territory through to South Australia and regional Victoria. Internationally, joint courses are delivered with leading universities in China, Hong Kong, Malaysia, Singapore and Indonesia. Our main campus at Bedford Park is an environment that fosters creativity. Sitting in stunning natural surrounds, it boasts spectacular views to the city and coast and features an award-winning, state-of-the-art student hub that fosters interactive learning in a digitally enabled environment.

**JOIN A GLOBAL COMMUNITY**

Flinders University graduates are enterprising, innovative and curious thought leaders in over 120 countries around the world. When you graduate from Flinders, you’ll not only join over 106,000 graduates from an amazing variety of fields, you’ll graduate from SA’s No. 1 university for starting salary.**

**GAIN REAL-WORLD EXPERIENCE**

Flinders Work Integrated Learning (WIL) enables you to gain work experience while you study. You’ll have the opportunity to gain real-world experience through placements, practicums, field studies, and simulated workplace settings and assessment activities. Flinders aims to provide each and every student with access to a WIL opportunity during their studies.

**THINK BIG. MAKE AN IMPACT. DESIGN YOUR FUTURE.**

Careers are evolving and the workplace of the future will look very different from today. Powered by Flinders’ New Venture Institute, our suite of innovation and enterprise electives and courses will help you to develop the ‘personal enterprise skills’ that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally. No matter what you choose to study at Flinders, you can embed an innovation and enterprise elective into your degree.

**TAKE YOUR STUDIES OVERSEAS**

Why wait until you graduate to explore the world? Flinders’ Learn Without Borders could see you studying overseas, gaining a unique perspective and immersing yourself in a different culture, language and lifestyle.

“My exchange was honestly one of the most amazing and rewarding six months of my life. The friends I made, the things I saw and experienced will stick with me for the rest of my life.”

Rebekah Jones
Canada

**EXPLORE FLINDERS SCHOLARSHIPS**

Flinders offers a generous range of scholarships for students in undergraduate courses. With over 550 available scholarships, including scholarships to students from low socio-economic backgrounds, students from rural and regional areas and Indigenous students, you may be eligible for support that will help you achieve your goals at university.

“The Wyndham Richardson Scholarship Fund has been invaluable to reduce the financial pressure during studies, especially now that I am in the later years of my degree.”

Ryan Howston, Bachelor of Computer Science

The Wyndham Richardson Scholarship Fund

**GET THE SUPPORT YOU NEED**

Flinders is SA’s No.1 university for student support.** From campus facilities to financial support, mental health and wellbeing resources and services, student grants, counselling services (including careers and financial) and many social opportunities, we offer a range of services to ensure your study experience is everything you want it to be. Find out more about student support on page 49.

**FLINDERS VILLAGE**

Centred around the new Flinders Train Station (due to open early 2021) and directly connecting the University’s main campus to its Tonsley innovation precinct and the Adelaide city centre, the $1.5 billion Flinders Village development will create a campus environment which merges university life with the wider community. Flinders Village will feature student accommodation, an advanced health research facility, transitional health accommodation, a hotel, and amenities such as retail facilities, benefitting students, staff and the community.
There are a wide range of careers available in information technology. You could work in areas such as medical research, climate change, the environment and business, or contribute to the creative industries and the development of new products and services.

A REWARDING CAREER
Make a difference in areas as diverse as business, commerce, defence, medical research, climate change and the environment. The skills and knowledge you’ll develop at Flinders are in high demand, and could help create innovative solutions to the challenges arising from technological changes.

STUDY FOR SUCCESS
You’ll study at our $120 million science and technology precinct at Tonsley. With close ties to industry and state-of-the-art facilities, including specialised collaborative computer and communications network labs, you’ll graduate career-ready with a professionally accredited degree.

The technology industry is fast paced, stimulating and a key innovator in multiple fields. You could drive innovation and solve real-world problems.

EXPLORE INFINITE POSSIBILITIES
STUDY INFORMATION TECHNOLOGY AT FLINDERS

No. 1 in Australia in Computing & Information Systems for overall quality of experience

Industry Partnerships
As an authorised Cisco Academy, Flinders partnership with Cisco allows you to undertake courses that contribute towards Cisco certification as a Cisco Certified Entry Networking Technician (CCENT) or Cisco Certified Networking Associate (CCNA).
Bachelor of Applied Geographical Information Systems

Create a career mapping the complexity of our world.

In this degree, you’ll be taught skills to support change and growth in areas like global warming, urban planning, mining and exploration, archaeology, transportation and biodiversity management. We integrate field-based data acquisition with modern technology, computer workshops and classroom-based theory.

Bachelor of Computer Science

Your career could help program the future of computing and technology.

Chase your passion and gain the applied skills, tools and techniques to work as a professional software designer and developer. This degree will give you the practical experience required to design efficient, reliable software that meets industry standards. You’ll also learn about the hardware on which software runs. You’ll graduate with a comprehensive understanding of both the theoretical and practical aspects of computing technologies, prepared for a career in a computing-related field.

Bachelor of Computer Science (Artificial Intelligence)

Turn SCi-FI into SCi-FACT.

Turn science fiction dreams into reality and build a career creating a world of intelligent communicating computers and gadgets. You’ll study at the leading edge of AI science and learn how artificial intelligence is integrated into areas as diverse as health, online shopping and driverless transport.

You’ll gain the skills to build systems that have human-like intelligence and understand human expression, emotion and body language.

Bachelor of Computer Science (Artificial Intelligence) (Honours)

Your degree is the first step towards a range of employment opportunities, including:

• analyst programmer
• computer scientist
• software developer
• technology integrator
• intelligent game simulation developer.

Bachelor of Information Technology (Game Development)

Build a career in game development.

If you love games and want to learn how to make them, this course will familiarise you with the tools and practices of game development. Alongside entertainment applications, game development is used to create experiences to aid in training, marketing, or for social and educational purposes.

Game development is an important tool for modelling real-life scenarios for training, problem solving and research in a variety of fields. Making games is a creative and technical art form, and this course will see you graduate with qualifications that are in demand across a broad range of industries.

Bachelor of Information Technology (Game Development) (Honours)

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:

- Digital content coordinator
- Flash/JavaScript developer
- Game economy designer
- Gameplay developer
- Game programmer.

Potential employers include:
- Gamelab
- Imagination Games
- Davidson Technology/ITCOM
- Gameloft New Zealand Limited
- Academy of Interactive Entertainment.

Bachelor of Information Technology (Network and Cybersecurity Systems)

Be a power-player and build a career in our networked society.

The demand for graduates able to design, implement, maintain and manage networked computer systems is growing rapidly. This degree will equip you with a comprehensive understanding of computer security, communications technology, administration, network engineering, enterprise systems and information networks. You’ll graduate with in-demand qualifications for the technology-driven marketplace.

Bachelor of Information Technology (Network and Cybersecurity Systems) (Honours)

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:

- Develop your skills in computing, IT and cybersecurity.
- Discover how electronic communication works (and when it doesn’t).
- Your studies will cover all cutting-edge developments in communications technology like optic fibre technology, cloud computing, and social networking and media.
- You’ll learn how to design electronic communications systems that maximise safety and security.
- Learn to work professionally and in a team through group projects, or take the opportunity to gain first-hand industry experience with a 12-week industry placement.
- This degree is accredited by the Australian Computer Society at the professional level.
- There are opportunities to take your studies overseas with a student exchange program.

Combined degrees
Combining your degree with a qualification in another discipline will help you develop specialised abilities to stand out from the pack. Studying a combined degree at Flinders is the key to enhancing your career opportunities.

Example degree combinations
Bachelor of Mathematical Sciences/Bachelor of Computer Science

SATAC CODE 224632

Combine studies in networks and cybersecurity with criminology to deal with the issues of cybercrime and cybersecurity. Develop a broad and comprehensive knowledge of both the socio-legal and technical aspects of cybersecurity.

For a full list of combined degree options visit flinders.edu.au/combineddegrees

You may also be interested in...

Flinders offers a range of degrees to capture your interest and let you chase your passions. You could take the first steps towards a rewarding career.

Explore these degrees:

Bachelor of Engineering (Robotics) (Honours)

SATAC CODE: 224841

Create a career designing the robot workforce of the future. Changes to the way our workforce operates are opening up career opportunities in fields like robotics. This degree will see you graduate with the latest learning in robotics technologies, preparing you to become a key player in developing the robots that will populate our future. The degree combines electronics, computer control, signal processing and programming in the design, development and application of robots, and their integration with other systems in the work environment.

Bachelor of Engineering (Software) (Honours)

SATAC CODE: 224851

Combine the skill of engineering with the power of computer technology. This future-oriented course enables you to choose a course of study with either an electronics or computer science focus. It provides you with a solid foundation in the technical and professional skills and knowledge required to pursue a successful career in the software industry.

Flinders offers a range of degrees to capture your interest and let you chase your passions. You could take the first steps towards a rewarding career.
With more than 150 staff and 2,000 students – and a 2,000 square metre pod for heavy engineering equipment – Tonsley is a place where innovation, collaboration and entrepreneurial spirit combine to create the products and processes of the 21st century and beyond.

Tonsley embodies world’s best practice in education, teaching and research. It’s a place where Flinders University students interact with business and where business interacts with Flinders researchers in areas such as engineering, medical devices and nanoscale technologies.

Flinders at Tonsley centrally locates computer science, engineering and mathematics at Flinders University, with the New Venture Institute, Medical Device Research Institute and Centre for Nanoscale Science and Technology, alongside some of Adelaide’s biggest businesses and industries.

Tonsley is located centrally between Flinders University’s Bedford Park campus and Adelaide city. It’s connected to the city by train, offering convenient access 15 minutes from the city’s CBD. And Tonsley is a five-minute car ride, a 15-minute ride on the Flinders loop bus, or a 30-minute walk from the Bedford Park campus.

GET MORE OUT OF YOUR STUDY

Combined degrees

Combining your degree with a qualification in another discipline will give you more expertise and expand your career prospects. Studying a combined degree at Flinders will help you stand out from the crowd. A combined degree is a combination of two Flinders bachelor degrees. As a combined degree graduate you will have two qualifications in just one to-one-and-a-half years of extra study. Our combined degree programs are designed to enhance your educational, academic and professional qualifications while minimising the cost and length of your studies. Flinders’ combined degrees allow you to undertake in-depth study in exciting combinations that aren’t usually available in single degrees.

Bachelor of Letters

The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications. The Bachelor of Letters is available in the following disciplines:

- Archaeology
- Creative enterprise
- Creative writing
- Criminology
- English
- Health
- History
- Innovation and enterprise
- Languages (French, Italian, Modern Greek, Spanish)
- Mathematics
- Sports performance coaching
- Theology.

The Bachelor of Letters is normally undertaken part-time over three years to allow concurrent study with your primary bachelor degree, adding one year to your overall study program.

BEGIN YOUR JOURNEY TO A SUCCESSFUL CAREER

Bachelor of General Studies

The Bachelor of General Studies (SATAC code: 234181) is a flexible degree that provides a sound basis of knowledge in an area of your choice. It is designed to prepare you with communication skills, a firm grasp of ethics and the confidence to make connections across geographical, disciplinary, social and cultural boundaries. Successful completion of the first year to the required standard also provides you with guaranteed entry into a range of our degrees.

STUDENT SUPPORT

PATHWAYS TO STUDY

Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that’s right for you.

If you have recent secondary education

Year 12 Entry

Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

Elite Athlete Pathway

If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

Research Project B Pathway

If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

uniTEST

If you’re in Year 12, uniTEST may enhance your chances of getting into Flinders. We will select students based on Year 12 results and uniTEST performance.

If you have some higher education

Tertiary Transfer

If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

If you have vocational education and training (VET)

TAFElink

Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met.

TAFE SA Dual Offer

Flinders University together with TAFE SA offer over 45 dual offer pathways in various disciplines.

Adult Entry

The adult entry scheme enables people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SATAC.

If you have work and life experience

Foundation Studies

The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

Military Pathways

Use your military service in the Australian Defence Force as a pathway to a Flinders University degree.

Special Tertiary Admissions Test (STAT)

Adult entry to university via the Special Tertiary Admissions Test (STAT) assesses your ability to study at a tertiary level.

A pathway to all degrees

Bachelor of General Studies

Begin your journey to a successful career. Flinders’ Bachelor of General Studies is a flexible degree designed to prepare you with communication skills, a firm grasp of ethics and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.
