Bachelor of Languages

Understanding of a culture and knowledge of its language are in high demand. With the internationalisation of the job market, graduates with a qualification in a foreign language will have greater employment opportunities both in Australia and overseas.

Extended majors within the Bachelor of Languages

The following languages can be taken as an extended major (45 units), major (36 units) or minor (18 units).

French
French is an official language in 29 countries across multiple continents (Europe, Africa and America), and is one of the most widely taught second languages in the world.

Indonesian
Studying Indonesian is a vital key to understanding our region. In addition to your new language skills, you’ll learn how Indonesia works and the ways people think, feel and live together.

Italian
Italy is one of the wealthiest nations and a major trading partner with Australia, and its language is the fourth most studied in the world. Italian is a major community language in Australia and a pathway to employment.

Modern Greek
The study of Modern Greek language and culture provides the key to understanding the importance of the Hellenic tradition in western intellectual development.

Spanish
Spanish is second only to English as an international language, with more than 500 million speakers across 23 Spanish-speaking countries. It is one of the six official languages of the UN, making it an essential tool for diplomacy and the business world.

There’s more than one way to study a language at Flinders

In addition to the Bachelor of Languages, you can also study a language as a major in a number of Flinders degrees or take steps towards understanding a language and its culture with a Diploma in Language.

Pathways to study

Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that’s right for you.

If you have secondary education

**Year 12 Entry**
Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

[www.satac.edu.au](http://www.satac.edu.au)

**Guaranteed entry**
If you achieve an ATAR equal to or above the published guaranteed entry selection rank (and you meet course prerequisites) you will be guaranteed a place at Flinders. We offer guaranteed entry for most courses.

**Indigenous Admission Scheme**
The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

See page 31 for further details.

**Elite Athlete Pathway**
If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

**Research Project B Pathway**
If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

[www.flinders.edu.au/study/pathways/year-12-entry/research-project](http://www.flinders.edu.au/study/pathways/year-12-entry/research-project)

**School Recommendation Program**
We may consider your school’s recommendation about your academic performance as part of your admission into Flinders.

---

**uniTEST**
If you’re in Year 12, uniTEST is available to enhance your chances of getting into Flinders. We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don’t do well, we will only consider your highest selection rank.

**If you haven’t achieved the results you expected**
If you haven’t achieved the results you expected in Year 12, there are a number of pathways to your preferred degree. You can start studying one course and move to another via internal transfer or Flinderslink.

Glossary

There are many terms used within a university that may be unfamiliar or confusing. Below are a few terms that may need explanation.

Admission pathway
Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

ATAR
The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

Adjustment factors
Often referred to previously as ‘bonus points’, these are additional points that may be used in combination with an applicant’s ATAR to derive a person’s course selection rank.

Defer
Delaying the start of a course of study by one year (commencing students only). If you have already enrolled, then you need to withdraw from topics before you can defer.

Guaranteed entry selection rank
Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders.

Major
A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

Minor
A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

Offer round/s
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Selection rank
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.
