At Flinders, it’s all about your career

Combine your degree
Flinders University offers a range of flexible degrees covering areas such as criminology, laws and legal practice, forensics and cybersecurity. Combine your degree to pursue multiple passions and broaden your job prospects. Graduate with the skills and knowledge to take your place in an ever-changing world.

Experienced teaching made personal
Flinders has the state’s largest and longest-running criminology program, and the most innovative and access-to-justice-focused law team. Our classes are comparatively small with, on average, 40 students per topic. That means our teachers and staff will know your name and customise learning to suit you.

Hands-on experience
Flinders’ Work Integrated Learning (WIL) enables you to gain work experience while you study. You’ll have the opportunity to gain real-world experience through placements, practicums, field studies and simulated workplace settings and assessment activities.

“The sense of community and support at Flinders Law is second to none. The lecturers and academics are passionate, experienced, immensely supportive and caring.”

Brayden Mann
Bachelor of Laws and Legal Practice
Our society needs legal professionals empowered to face the legal and technological challenges of our changing world. Flinders Law has the most innovative law curriculum in Australia. Join us and become a future-ready leader. You’ll also study the academic components required for admission to legal practice, with a legal team committed to your future.

**Innovation is the future of law**

You’ll graduate future-ready with three innovative topics including: Legal Innovation and Creative Thinking, Innovation for Social Justice Impact, and From Innovation to Impact. In Law in a Digital Age, you’ll work with computing science students to create a simple legal software for a not-for-profit client, collaborating to make a real difference to increase access to justice.

**Four professional placements**

Students participate in professional placements providing real work experience to develop networks and be prepared for a successful career. At Flinders as part of Law in Action, you’ll undertake a semester-long placement for one day a week, putting what you’ve learnt into practice with either the Flinders Legal Centre or industry partners, in addition to the Law in a Digital Age topic where students work with a not-for-profit client. Legal practice students also undertake 225 hours of workplace experience.

**The only all-in-one degree in SA**

At Flinders, you’ll be ready to practise because it offers the only integrated undergraduate legal practice degree in South Australia. You’ll undertake practical legal training in your final year of study. This enables you to seek admission from the Supreme Court of South Australia to practise law right after you graduate.

Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

satac.edu.au

Guaranteed entry
If you achieve an ATAR equal to or above the published guaranteed entry selection rank (and you meet course prerequisites) you will be guaranteed a place at Flinders. We offer guaranteed entry for most courses.

School Recommendation Program
We may consider your school’s recommendation about your academic performance as part of your admission into Flinders.

uniTEST
If you’re in Year 12, uniTEST is available to enhance your chances of getting into Flinders. We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don’t do well, we will only consider your highest selection rank.

Glossary

There are many terms used within a university that may be unfamiliar or confusing. Below are a few terms that may need explanation.

Admission pathway
Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

ATAR
The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

Adjustment factors
Often referred to previously as ‘bonus points’, these are additional points that may be used in combination with an applicant’s ATAR to derive a person’s course selection rank.

Deferr
Delaying the start of a course of study by one year (commencing students only). If you have already enrolled, then you need to withdraw from topics before you can defer.

Guaranteed entry selection rank
Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders.

Major
A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

Minor
A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

Offer round/s
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Selection rank
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.
