In an era of disruptive change, Flinders University is growing its international reputation as a world leader in research, an innovator in contemporary education and a source of enterprising graduates equipped to change the world.

**TOP 2% UNIVERSITY WORLDWIDE**

**NO.1 IN SA**

for teaching quality, student support, and starting salary**

More than 500 undergraduate, postgraduate and research degrees

Over 25,000 students supported by over 2,600 staff***

Over 550 scholarships, worth $2.2m in total

---

The University acknowledges the traditional owners of the lands Flinders University teaches across (Arrernte, Boandik, Bungarla, Dagoman, Gunditjmara, Jawoyn, Kaurna, Larrakia, Nauo, Ngarrindjeri, Paramungga, Kuyani/Nyikina, Warakurna, Wiradjuri, Wiradjuri, Yolŋu) and honour their Elders past and present.
GET THE SUPPORT YOU NEED

Flinders is SA’s No. 1 university for student support.* From campus facilities to financial support, mental health and wellbeing resources and services, student grants, counselling services (including careers and financial) and many social opportunities, we offer a range of services to ensure your study experience is everything you want it to be. Find out more about student support on page 49.

* The Good Universities Guide 2020 (undergraduate), public SA-founded universities only.

EXPENSE A UNIVERSITY LIKE NO OTHER

Our geographic footprint stretches from the top of the Northern Territory through to South Australia and regional Victoria. Internationally, joint courses are delivered with leading universities in China, Hong Kong, Malaysia, Singapore and Indonesia. Our main campus at Bedford Park is an environment that fosters creativity. Sitting in stunning natural surrounds, it boasts spectacular views to the city and coast and features an award-winning, state-of-the-art student hub that fosters interactive learning in a digitally enabled environment.

JOIN A GLOBAL COMMUNITY

Flinders University graduates are enterprising, innovative and curious thought leaders in over 120 countries around the world. When you graduate from Flinders, you’ll not only join over 106,000 graduates from an amazing variety of fields, you’ll graduate from SA’s No. 1 university for starting salary.**

** The Good Universities Guide 2020 (undergraduate), public SA-founded universities only.

EXPLORE FLINDERS SCHOLARSHIPS

Flinders offers a generous range of scholarships for students in undergraduate courses. With over 550 available scholarships, including scholarships to students from low socio-economic backgrounds, students from rural and regional areas and Indigenous students, you may be eligible for support that will help you achieve your goals at university.

"The Wyndham Richardson Scholarship Fund has been invaluable to reduce the financial pressure during studies, especially now that I am in the later years of my degree."

Ryan Rowston, Bachelor of Computer Science

Wyndham Richardson Scholarship Fund

EXPLORE YOUR FUTURE OPTIONS

From medicine to business, science or arts offerings, Flinders University offers more than 500 undergraduate, postgraduate and research degrees taught by global and national experts focused on the experience and outcomes of its students.

BE TAUGHT BY LEADERS

At Flinders, you’ll be taught by teachers who are leaders in their fields. They are plugged into industry trends and connected to professional networks. Your future career will take practical shape from the very beginning of your studies as we guide you from the classroom to the workplace through inspired teaching, practical placements, internships, field education and industry projects.

BENEFIT FROM WORLD-CLASS RESEARCH

Flinders University’s research strengths include biomedical and clinical sciences, culture, policy and society, health and medicine, mental health and human behaviour, molecular science and technology, defence, engineering, water and environment. With 90% of Flinders’ research rated world-standard or above,* your studies will be supported by the up-to-the-minute knowledge of highly skilled researchers and lecturers.

* Flinders rating 89.7%, rounded up to 90%. Excellence in Research for Australia, 2018

MEDICINE

WORK FOR THE GREATER GOOD

STUDY MEDICINE AT FLINDERS

Our medical practitioners are people who dedicate their lives to helping others. They prevent and treat disease. They heal injuries. They protect our health. You could join their ranks.

No. 1 in Australia
in Medicine for full-time employment
The Good Universities Guide 2020 (postgraduate)

HOLD LIFE AND HEALTH IN YOUR HANDS

Becoming a medical practitioner gives you the chance to have a profound impact on the health of the people around you. Imagine the satisfaction you’ll feel as you successfully treat a sick child or treat an injury. By studying medicine, you’ll be working towards becoming a respected, vital member of our community.

BROAD OPPORTUNITIES

Medical practitioners are in high demand, and with a wide variety of opportunities, you could work towards a career in hospitals, general practice and medical centres across Australia.

STUDY FOR SUCCESS

New medical breakthroughs occur almost daily, and we need practitioners with up-to-the-minute training based on the latest medical research. Flinders can deliver that training.

“Medical education at Flinders was innovative, almost revolutionary, personalised, rigorous, research orientated, and has given me a welcome legacy of lifelong enquiry.”

Professor Chris Baggoley AO,
Medicine graduate,
Chief Medical Officer of Australia 2011-2016

### Bachelor of Clinical Sciences/Doctor of Medicine (Flinders University, Adelaide)

Your accelerated undergraduate track to a medical degree.

This double degree program enables school leavers without an undergraduate degree to pursue a career in medicine.

The program provides a high standard of academic, clinical and professional medical training to equip graduates with the skills necessary to take up positions as hospital interns and thereby qualify for medical registration in Australia.

* Applicants for the double degree in Adelaide must not have a record of study at a higher education level. Applicants for the CD20/Flinders double degree in Darwin may have completed up to one year of higher education study.

#### Bachelor of Clinical Sciences/Doctor of Medicine (Flinders University, Darwin)

* Applicants must complete the University Clinical Aptitude Test for Australia and New Zealand (UCAT ANZ). Final ranking for a place is determined by combining scores from the applicant’s Year 12 subject results that are used to calculate the ATAR (or equivalent) and their UCAT results. Only UCAT ANZ scores from tests held in July 2020 will be considered for 2021 entry.

**Graduate well prepared for the challenges of internship and future professional training.**

The Flinders Doctor of Medicine (MD) is the cornerstone of the University’s dynamic and highly regarded medical program.

The MD delivers outstanding clinical and academic training, and draws on the innovation and excellence that characterises the University’s medical program.

Our degrees

Flinders University is recognised as a leader in medical teaching, and the curriculum of our medical program has been adopted by universities worldwide. All medical students at Flinders undertake the MD, which integrates clinical medicine with a strong underpinning in biomedical science.

Our innovation

Our Bedford Park-based students learn in Australia’s first purpose-built academic medical centre – Flinders Medical Centre – where they are immersed in authentic, patient-centred clinical experiences from their first few weeks.

Flinders University was the first in Australia to develop a four-year graduate entry medical program as an alternative to the traditional five- to six-year courses for school leavers. We were also the first to offer a full year of rural clinical practice and the first to offer a full medical program in the Northern Territory.

Our international links

Flinders has established partnerships with international institutions throughout Asia, Europe and the Americas. We have links with universities, colleges and research institutions which provide valuable opportunities for student and staff exchanges, joint research and teaching programs. Our international students represent a quarter of our overall students and come from over 50 countries globally.

We are current and active members of the International Network of Universities and Innovative Research Universities Australia, of which we are one of only nine universities in Australia represented.

Flinders values diversity and equity, and encourages applicants from a variety of academic backgrounds. The MD is focused on providing you with an understanding of social accountability, and graduates are prepared with leadership qualities, knowledge and skills that enable them to practise in under-served communities.

### Doctor of Medicine

**Graduate well prepared for the challenges of internship and future professional training.**

The Flinders Doctor of Medicine (MD) is the cornerstone of the University’s dynamic and highly regarded medical program.

The MD delivers outstanding clinical and academic training, and draws on the innovation and excellence that characterises the University’s medical program.

### Our degrees

Flinders University is recognised as a leader in medical teaching, and the curriculum of our medical program has been adopted by universities worldwide. All medical students at Flinders undertake the MD, which integrates clinical medicine with a strong underpinning in biomedical science.

### Our innovation

Our Bedford Park-based students learn in Australia’s first purpose-built academic medical centre – Flinders Medical Centre – where they are immersed in authentic, patient-centred clinical experiences from their first few weeks.

Flinders University was the first in Australia to develop a four-year graduate entry medical program as an alternative to the traditional five- to six-year courses for school leavers. We were also the first to offer a full year of rural clinical practice and the first to offer a full medical program in the Northern Territory.

### Our international links

Our international students represent a quarter of our overall students and come from over 50 countries globally.

We are current and active members of the International Network of Universities and Innovative Research Universities Australia, of which we are one of only nine universities in Australia represented.

### Our community engagement

The Flinders medical program is embedded in health services across Australia – from Flinders Medical Centre to multiple regional, rural and remote communities in the Northern Territory, South Australia and Victoria. Flinders has a strong commitment to building the rural and remote health workforce by delivering innovative clinical placements in these areas.

### Our commitment to diversity and equity

Flinders values diversity and equity, and encourages applicants from a variety of academic backgrounds. The MD is focused on providing you with an understanding of social accountability, and graduates are prepared with leadership qualities, knowledge and skills that enable them to practise in under-served communities.

### Our commitment to Indigenous health

The Flinders MD recognises and values the contribution that Indigenous knowledge and Indigenous doctors make to the health of our country. Our Indigenous and non-Indigenous academic staff will lead you to a greater understanding of this heritage, and teach you how to work safely and confidently in a multicultural society.

### Our alumni and staff

Our alumni and staff are leaders in the field of medicine. Former students and staff of the Flinders medical program include Professor Chris Bagnall AO (Australia’s Chief Medical Officer 2011-2016), Professor Paddy Phillips (Chief Medical Officer of South Australia), Professor Steve Wesselingh (Executive Director, South Australian Health and Medical Research Institute), and Air Vice Marshal Dr Tracy Smart AO (former Commander Joint Health and Support General, Australian Defence Force), Dr Richard Harris AO 2019 Australian of the Year, among others.

### “The strong clinical program at Flinders gave me the skills that I use every day to diagnose my patients. Studying medicine involves maintaining focus on your ultimate goal.”

Felicia Hui,

Medicine graduate, Doctor, Greenslopes Hospital (USA)
Find your own path

There’s more than one way to get into the Flinders Doctor of Medicine.

Flinders is committed to ensuring that people from all walks of life have an opportunity to study medicine. That’s why Flinders offers a range of admission pathways that enable you to enter a medical degree, whatever your background.

Undergraduate entry

If you have completed Year 12 and wish to study medicine in Adelaide or the Northern Territory, you can apply for admission to a double degree pathway which enables you to enter Flinders’ medical program without having to complete a separate undergraduate degree first.

This pathway enables you to complete a Bachelor of Clinical Sciences combined with the Doctor of Medicine (MD) in just six years.

Graduate entry

Flinders University offers graduate entry to the MD in Adelaide and the Northern Territory, providing an alternative to the traditional pathway from secondary school to an undergraduate medical course. The four-year program enables you to graduate with a medical qualification that is comparable to a six-year undergraduate program.

To qualify for graduate entry, you must have completed a Bachelor of Health Sciences and meet the minimum selection rank requirements.

Indigenous Entry Stream

Consistent with Flinders University’s commitment to improve the health of those in rural and remote areas, at least 28 per cent of Commonwealth supported places for graduate entry to the MD are reserved for students who come from a rural background. This includes a sub quota of up to 24 places available each year for students from rural communities who apply to undertake the entire third year of the MD in one of four rural locations.

Northern Territory applicants

Flinders University, in partnership with Charles Darwin University, offers undergraduate and graduate entry to the Flinders Doctor of Medicine in Darwin through the Northern Territory Medical Program (NTMP). Whether you are a school leaver or university graduate in the Territory, the NTMP allows you to undertake your entire medical training in the Northern Territory. Places are only available to Australian citizens and permanent residents.

Health pathways

Flinders graduate sub-quotas

Up to 75 per cent of places in the Doctor of Medicine are reserved for those who hold Flinders qualifications and meet the admission requirements. This specifically includes places for up to 26 graduates of the Bachelor of Health Sciences, Bachelor of Medical Science, Bachelor of Paramedic Science, and the medical biotechnology stream of the Bachelor of Science (Biotechnology). The remaining places are available for applicants who hold any Flinders qualifications.

Indigenous applicants

A key priority of the Northern Territory and Commonwealth governments is to increase the participation of Indigenous people in medical training. Flinders University’s Indigenous Entry Stream is available to Indigenous graduates who wish to study medicine either in Adelaide or in the Northern Territory. For this stream, you may apply directly to Flinders University for graduate entry to the Doctor of Medicine without having to sit the Graduate Medical School Admissions Test.

Rural applicants

Graduate entry to Flinders University for graduate entry to the MD is available for applicants who hold any Flinders qualifications and meet the admission requirements. This specifically includes places for up to 75 per cent of places in the Doctor of Medicine without having to sit the Graduate Medical School Admissions Test.

PATHWAYS TO STUDY

Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that’s right for you.

If you have recent secondary education
Year 12 Entry
Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

Elite Athlete Pathway
If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

Research Project B Pathway
If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

unTEST
If you’re in Year 12, unTEST may enhance your chances of getting into Flinders. We will select students based on Year 12 results and unTEST performance.

If you have some higher education
Tertiary Transfer
If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

If you have vocational education and training (VET)
TAFE Link
Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met.

TAFE SA Dual Offer
Flinders University together with TAFE SA offer over 45 dual offer pathways in various disciplines.

Adult Entry
The adult entry scheme enables people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SACEAC.

If you have work and life experience
Foundation Studies
The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

Military Pathways
Use your military service in the Australian Defence Force as a pathway to a Flinders University degree.

Special Tertiary Admissions Test (STAT)
Adult entry to university via the Special Tertiary Admissions Test (STAT) assesses your ability to study at a tertiary level.

A pathway to all degrees
Bachelor of General Studies
Begin your journey to a successful career. Flinders’ Bachelor of General Studies is a flexible degree designed to prepare you with communication skills, a firm grasp of ethics and the confidence to make connections across geographical, disciplinary, social and cultural boundaries. flinders.edu.au/study/pathways
