Pursue your passion in a specialised field

For many students, their Flinders University journey leads to the pursuit of a lifelong passion.

Christiana Harous completed her undergraduate psychology studies at Flinders in 2017, but her Bachelor of Psychology (Honours) was just the beginning...

“Flinders was the right choice for my undergraduate degree because it equipped me with an excellent array of research skills. After completing my undergraduate studies, I moved to Sweden and was able to land a job working in R&D at a global automotive company.”

Christiana’s love for psychology and research soon prompted her to return to Flinders and study for her PhD. The broadness of the field and Flinders’ links to industry played an important part in her decision.

“For Flinders is preparing me for the future of the workforce by providing a fantastic array of professional development options. For example, as an HDR student you have access to a huge range of professional development courses on a rolling basis, so you can pick and choose topics that align with your future goals.”

Christiana’s PhD, which aims to understand how offenders can work to restore their moral identities and social relationships, will help her pursue her goals, and her passion for psychology.

“There are so many things that inspire and excite me about the psychology industry! After my PhD, I aspire to work as a clinical psychologist in the corrections field. Perhaps I’m an idealist, but I’d like to help change the criminal justice system.”

Glossary

There are many terms used within a university that may be unfamiliar or confusing. Below are a few terms that may need explanation.

**Admission pathway**
Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

**ATAR**
The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

**Adjustment factors**
Often referred to previously as ‘bonus points’, these are additional points that may be used in combination with an applicant’s ATAR to derive a person’s course selection rank.

**Defer**
Delaying the start of a course of study by one year (commencing students only). If you have already enrolled, then you need to withdraw from topics before you can defer.

**Guaranteed entry selection rank**
Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders.

**Major**
A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

**Minor**
A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

**Offer round/s**
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

**Selection rank**
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.
