Be taught by leaders in health and care

Flinders’ health and care degrees are taught by highly qualified academics who are active in their respective fields and have the practical skills and industry networks to ensure that you graduate more than ready for the next step in your career path.

Gain real-world experience

Flinders’ Work Integrated Learning (WIL) enables you to gain work experience while you study. You’ll have the opportunity to gain real-world experience through placements, practicums, field studies and simulated workplace settings and assessment activities. Flinders aims to provide each and every student with access to a WIL opportunity during their studies.

“My degree is really vibrant and dynamic. You do a lot of practical experience in the laboratories and the equipment is really good. The lecturers and tutors are confident in their teaching and they are keen to teach you. We can ask anything from them and they help you negotiate your work.”

Build a career solving human problems

Worldwide, there is a growing awareness of our need to understand human psychology and mental health. The pressures of twenty-first century living are driving a need for graduates who can assess, advise and help solve some of the human problems that affect how we live and function. From working with autism and sleep disorders to conducting research on social justice or industrial relations, the field of psychology is wide, and skilled graduates are in high demand.

A rewarding career

Apply your skills across a range of careers and professions, including community services, human resources management, marketing, policy development and teaching, and – combined with further professional training – you can become a practising psychologist.

Study for success

Flinders is highly rated in undergraduate psychology for full-time employment, overall educational experience and teaching quality.* With a Flinders psychology degree, you’ll gain essential knowledge and skills required for further study to practise as a registered psychologist. By studying at Flinders, you are eligible to apply for admission to the Flinders University Honours program in psychology, as well as other nationally accredited psychology Honours programs, which can lead to further postgraduate study opportunities (e.g. PhD) and/or training to become a practising psychologist.

For many students, their Flinders University journey leads to the pursuit of a lifelong passion.

Christiana Harous completed her undergraduate psychology studies at Flinders in 2017, but her Bachelor of Psychology (Honours) was just the beginning...

“Flinders was the right choice for my undergraduate degree because it equipped me with an excellent array of research skills. After completing my undergraduate studies, I moved to Sweden and was able to land a job working in R&D at a global automotive company.”

Christiana’s love for psychology and research soon prompted her to return to Flinders and study for her PhD. The broadness of the field and Flinders’ links to industry played an important part in her decision.

“Flinders is preparing me for the future of the workforce by providing a fantastic array of professional development options. For example, as an HDR student you have access to a huge range of professional development courses on a rolling basis, so you can pick and choose topics that align with your future goals.”

Christiana’s PhD, which aims to understand how offenders can work to restore their moral identities and social relationships, will help her pursue her goals and her passion for psychology.

“There are so many things that inspire and excite me about the psychology industry! After my PhD, I aspire to work as a clinical psychologist in the corrections field. Perhaps I’m an idealist, but I’d like to help change the criminal justice system.”

Flinders at Festival Plaza – opening 2024

Flinders University students want flexibility, convenience and connectivity. That’s why we’re taking our presence in the Adelaide CBD to a whole new level. As an anchor tenant in the new Festival Plaza development on North Terrace, Flinders will offer new courses and new career pathways in a new city campus.

Flinders in the Northern Territory

Flinders has many sites across the Northern Territory; our aim is to be a hub for innovative health research, education and workforce development in the NT.

Tonsley

Flinders at Tonsley is a place where our students interact with business, and where business interacts with our researchers in areas such as engineering, medical devices and nanoscale technologies.

Expansive footprint

Flinders' health and medical footprint stretches from Adelaide to rural and remote areas in South Australia and the Northern Territory, enabling students and practitioners from an array of cultures and contexts to provide healthcare to a vast range of communities.
Flinders University is investing in a world-class Health and Medical Research Building (HMRB) for Southern Adelaide.

As a leading research facility, it will enable collaboration between researchers, healthcare and industry partners, translating world-class research into improved community healthcare outcomes. The new facility will provide a focus for education and lifelong learning, leveraging academic and research opportunities, and providing platforms for collaboration, innovation and the exchange of knowledge.

Seamlessly connected to Flinders University at Tonsley and Flinders in the CBD by the new Flinders train station, HMRB is the first stage and centrepiece of our Flinders Village development – Adelaide’s largest fully integrated education, research and healthcare precinct.

“I originally chose Flinders as they have one of the best facilities for future teachers and fantastic student engagement. Studying at Flinders has been a wonderful experience that has given me the opportunity to discover what I truly want into the future while also providing me with support in every way imaginable. Flinders and Yungkurinthi have given me the opportunity to meet others with similar ambitions and goals as myself and find the benefit of an education in places I would never have thought to look. As a proud Indigenous woman, I want to use my degree to work in First Nation communities to help our young people make it through their high schooling experience and onto their own future aspirations.”

“I always knew I wanted to study overseas at some stage during my degree. A semester exchange gave me the chance to complete topics that weren’t available in my home university and experience life in a city that is very different to my own. Having completed a semester overseas, I now have an edge over the countless other students that are completing the same degree as me and have formed memories that will always stay with me.”

Annelise Smith
Bachelor of Business (Advanced Leadership)

“The Wyndham Richardson Scholarship Fund has been invaluable to reduce the financial pressure during studies, especially now that I am in the later years of my degree.”

Ryan Rowston
Bachelor of Computer Science

Fees and charges
Your course fees – Commonwealth support
All our courses list indicative fees, but as an undergraduate student your course is Commonwealth supported provided you’re an eligible Australian citizen, New Zealand citizen or permanent resident. Your course being Commonwealth supported means that your course fees are shared between the Australian government and you – with your portion being the student contribution amount.

HECS-HELP loan
You won’t have to pay your fees up-front if you’re an Australian citizen or holder of a permanent humanitarian visa. You can get a HECS-HELP loan for your student contribution portion of your uni fees. Find out more about costs to plan for while you’re at uni at flinders.edu.au/fees

Admission pathway
Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

ATAR
The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

Adjustment factors
Often referred to as ‘bonus points’, these are additional points that may be used in combination with an applicant’s university aggregate to derive their course selection rank.

Guaranteed entry selection rank
Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders.

Major
A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

Minor
A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

Offer round/s
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Selection rank
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.
