Australia’s sports industry is thriving. According to Australian Government’s Job Outlook statistics*, future jobs growth for sportspersons is strong, and very strong for sports coaches, instructors and officials. If you have a passion for sport, your studies could lead to a long-term, rewarding career.

* joboutlook.gov.au (accessed 16/4/18)

Imagine building a career around one of your greatest passions. A career in sport will not only help you stay physically and mentally fit, you’ll have the opportunity to help others perform at their best. From coaching to training to teaching sport in schools, the industry offers a wide range of career opportunities for you to pursue.

The range of courses offered by Flinders are designed to give you a real competitive advantage in your chosen field. You’ll be able to study with passionate professionals alongside like-minded peers, and develop skills and knowledge that will enable you to work at the highest possible level, wherever you go.

Sports are more than a hobby. Sport is big business, and you could build an exciting career following your dreams.

TAKING ADVANTAGE OF OUR ONGOING PASSION FOR SPORT

Our researchers and lecturers are ready to equip you with up-to-the-minute knowledge based on our world-class research. You’ll gain specialised skills and knowledge in your chosen field plus develop abilities in independent thinking, communication, collaboration, ethics and creativity – qualities that will prepare you to become an expert and innovator in your field.

Everything we do at Flinders is designed to give you the best possible study experience and prepare you not just to succeed, but to go beyond.

Sport is important in many cultures, and Australia is no exception. The sporting industry is fast-paced, exciting and supportive of a healthy lifestyle. Could you play your part?

Would you love to wake each morning knowing you play a part in Australia’s sporting culture?

Could you play your part?

Can you imagine working in a field where every day brings new challenges and helps keep you healthy and motivated?

**CHOOSE YOUR CAREER**

- Bachelor of Sport, Health and Physical Activity – see page 5
- Bachelor of Education (Secondary)/Bachelor of Health Sciences – see page 5
- Bachelor of Health Sciences (Principles of Physiotherapy)/Master of Physiotherapy – see page 8
- Bachelor of Sport, Health and Physical Activity (Outdoor Education) – see page 8

**Bachelor of Sport, Health and Physical Activity**

Turn your enthusiasm for sport and health into an active career.

This degree will see you graduate with the skills to become an effective professional in sport and physical activity careers, and give you a wide knowledge base in areas including health, tourism, nutrition, disability and business. You’ll develop an understanding of the impact of sport and physical activity in the context of a healthy lifestyle, and prepare yourself for a range of roles within the sports industry.

- Your studies will prepare you for a career in the sport development, sport coaching, leisure, health, sport and event management industries, and provide a pathway to further studies in physical education teaching through the Master of Teaching courses.
- You’ll become an effective sport and physical activity professional and advocate.
- You can choose unique topics in strength and conditioning coaching in resistance training, outdoor education and exercise in musculoskeletal physiology.
- You’ll develop important contacts and networks with local and national sporting clubs, associations, and health and tourism marketing organisations.

**CAREER OPPORTUNITIES**

Your degree is the first step towards a range of employment opportunities, including:

- association and clubs development officer
- umpiring coordinator
- council sport and recreation officer
- sport coach
- sport development officer.

**Potential employers include:**
- Bicycle SA
- City of Onkaparinga
- Gray-Nicolls Sports
- Office for Recreation and Sport
- Tennis South Australia.

**Bachelor of Education (Secondary)/Bachelor of Health Sciences**

Enhance your secondary teaching with a health sciences specialisation, including a major in physical education.

Take your interest in a healthy lifestyle into the classroom. This degree will give you the knowledge and skills required to register as a PE teacher in secondary school. The course is taken as a double degree with a Bachelor of Health Sciences, providing core health sciences topics and a choice from one of two specialisation options. This is your chance to use your passions to help others. A long-term career in secondary school teaching is challenging and rewarding.

- You’ll earn a double degree in only four years that includes an education degree with a health sciences degree.
- Your course program includes two specialisation options, one in physical education or in health education.
- You can undertake professional experience placements in secondary schools where you can learn practical skills, and put theory into practice.
- Your placements will help you to develop and consolidate your teaching knowledge and skills in order to meet the necessary national standards for registration as a teacher.
- You’ll be taught vital interpersonal skills that will help you form cooperative and effective professional relationships with students, staff and parents.
- Upon successful completion you will be eligible to apply for registration with the Teachers Registration Board of South Australia.

**CAREER OPPORTUNITIES**

Your degree is the first step towards a range of employment opportunities, including:

- secondary teacher
- developmental educator
- graduate administrative officer
- youth and children’s support officer.

**Potential employers include:**
- secondary schools
- government schools
- independent schools
- government education departments.

**TAKE YOUR PLACE IN AUSTRALIA’S SPORTING CULTURE**

Bachelor of Exercise Science

Build a career improving lives through fitness.

If your interest in an active life goes beyond sport, you could begin a career helping others improve health, or enhance exercise, motor skill and movement performance. Study in the area where preventative health meets the fitness industry. This degree will qualify you for a career in the evolving field of exercise science. You’ll undertake study in the basic medical sciences such as human physiology, anatomy, psychology and pathology, and graduate with specialised knowledge and skills in the use of exercise.

Expert coaching

Learn from industry experts and active researchers who build academic programs on real-world experience.

Dr Shane Pill is just one example of the range of dynamic talent teaching across our sports programs.

Our staff strive to push the boundaries of teaching excellence through research, and through progressive pedagogical methods. They work with students to develop courses, and tailored academic programs, that provide the best outcomes and career development for each potential athlete, coach, physio, analyst, or even sports enthusiast.

Dr Shane Pill has literally written the book on sports leadership. In fact, he’s written six, not to mention over 100 scholarly and academic papers. Current Chair of the Bachelor of Sport, Health and Physical Activity Academic Programs Advisory Committee, Dr Pill is a specialist in curriculum design and enactment, pedagogy and instructional strategies for games and sport teaching, sport coaching, and curriculum leadership.

With 18 years experience in science and physical education classrooms and now lecture halls, as well as extensive experience in coordination and coaching roles, his research is built on a foundation of practical experience – no ivory tower here. It’s no wonder he’s become a major contributor to high impact programs including Cricket Australia’s B Cool Cricket, Tennis Australia Hot Shots Tennis, and AFL Sport Education.

Associate Professor Shane Pill
College of Education, Psychology and Social Work
Bachelor of Health Sciences (Principles of Physiotherapy)/Master of Physiotherapy

Work in a field that helps maximise movement in people of all ages.

We’re more aware than ever of the need to care for our bodies across our lives. This degree will give you the skills and knowledge you’ll need to become registered and work as a physiotherapist. From sports injuries to helping the aged maintain mobility, you’ll be able to draw on Flinders University’s strengths in rural health and health service improvement to prepare for a career as a contemporary health professional able to work across a variety of settings.

Bachelor of Sport, Health and Physical Activity (Outdoor Education)

Make a career in outdoor education.

There are a broad range of employment opportunities in the sport development, sport coaching, leisure, health, outdoor education and recreation, sport and event management industries. This degree will help prepare you for a career based around an outdoor lifestyle. With increasing demand for outdoor education practitioners, The Bachelor of Sport, Health and Physical Activity (Outdoor Education) aims to provide you with an understanding of the significance of sport and physical activity within the context of a healthy lifestyle. You’ll develop a wide knowledge base by combining the study of outdoor education, sport and physical activity with other areas including health and nutrition, tourism, business and disability.

Physical Education Major

The physical education major covers areas such as foundation studies in physical education, inclusive and adaptive practices in sport and physical education, physical activity and health, sport and physical education, exercise physiology for physical educators, sport in society, and skill acquisition and biomechanics for physical educators.

Pathways

Flinders offers a range of pathways if you want to become a Physical Education teacher. You can select the course that is right for you depending on the school level you’d want to teach in, early childhood, primary or secondary level.

A major in physical education can be taken in the following courses:

- Bachelor of Arts/Master of Teaching (Early Childhood)
- Bachelor of Arts/Master of Teaching (Primary R-7)
- Bachelor of Education (Primary R-7)/Bachelor of Arts
- Bachelor of Education (Secondary)/Bachelor of Health Sciences

Elite Athlete Program

Flinders offers a range of support to help elite athletes prepare for their next career while meeting the demanding schedules of their current one. Flinders is a member of the Elite Athlete Friendly University (EAFU) program that supports Australia’s elite athletes to achieve academic excellence while also pursuing a sporting career. Our Elite Athlete Program includes advice and guidance, flexible academic timetables, medical and counselling services, and career development opportunities to assist elite athletes to juggle their study commitments.

We also offer a range of scholarships through Flinders Sport and fitness and a dedicated Elite Athletes Admissions Scheme that provides a pathway to university study for elite sportspersons.

Elite Athlete Scholarships

$100,000* in scholarships is available to elite athletes. These may provide:

- financial assistance towards sporting competition costs
- gym membership with access to onsite sport and fitness facilities to train
- allied health professional support, including dietitian, physiotherapy and massage
- coached strength and conditioning programming and facility access
- Australian University Games package waived (travel not included).

*Scholarship funding is accurate as of 10/4/19 and is subject to change.

Find out more
flinders.edu.au/eliteathlete

ELITE ATHLETE ADMISSIONS SCHEME

Our dedicated Elite Athletes Admissions Scheme provides a pathway to university study for elite sportspersons.

If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

The pathway is available for a wide range of Flinders courses.

“No other university in Adelaide offers a sporting degree that offers a broad range of topics that allows students to find their key areas of interest and provides a vision for their future.”

Benjamin Drogemuller,
Bachelor of Sport, Health and Physical Activity
Work hard, play hard

Whether you want to keep in shape and maintain your training regime, or would simply like to have some fun playing sport, Flinders gives you plenty of options to train and play on campus while you study.

FLINDERS SPORT AND FITNESS

Flinders Sport and Fitness provides all your fitness needs in one convenient location. Open 24 hours a day all year round, you can work out at Flinders whenever it suits you. Our facilities include a group fitness room, fully equipped cardio room, Peloton spin room, ladies-only gym, and free-weight and pin-loaded general gym. We also offer services including a dietician, physiotherapy, massage and personal training, and regular wellness programs such as Zumba, yoga and boot camp.

SPORTING CLUBS

Flinders currently has 22 affiliated sporting clubs catering for a wide range of interests. Whether it be soccer, netball or martial arts, there’s a sporting club at Flinders to suit you. By registering for a Flinders sporting club, you’ll give yourself the opportunity to meet new people and make friends while staying physically active. And being a member means you’ll be included in regular training sessions, competitions and events.

UNIVERSITY SPORT

Flinders provides you with the support to represent your university at state and national levels. Students can compete in UniSport Australia events such as the UniSport Nationals Division 1 and 2, the premier sporting events in the tertiary sector, and Indigenous Nationals. Representing your university nationally means you can compete against the best in the country across 32 different sports. You can also represent Flinders against other South Australian universities in events such as the SA Challenge.

Transition to university

Starting at university is a big step, let’s make it easier. The Transition Office can help make your shift into university study as smooth as possible, and the Student Learning Centre provides a range of services from writing and mathematics support to assistance with study and time-management skills.

Work-Integrated Learning

Work-Integrated Learning (WIL) enables you to gain work experience while you study. Flinders aims to provide each and every student with access to a WIL opportunity during their studies through placements, practicums, field studies, and simulated workplace settings and assessment activities.

Scholarships

Flinders University offers over 550 undergraduate scholarships, worth $2.2M in total. A generous range of scholarships is available to new and continuing undergraduate students.

Flinders Connect

Flinders Connect can help with everything from enrolment and fees to exams and graduation. You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

Flinders University Student Association (FUSA)

Flinders has a long history of active student involvement. The Flinders University Student Association (FUSA) continues that tradition, and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, the student publication Empire Times, and helps with academic, administrative and welfare issues.

Careers & Employability Service

The Careers and Employability Service helps give you the edge in your career. CareerHub, our online employment portal, is more than a service to help you prepare for and find the job you want. It offers personalised job opportunities, career planning, programs to help you broaden your skills and experience, access to employer events and career-related resources. Whatever you are studying, CareerHub can help you find your direction and start your career.

We’re here to help

Whatever you decide to study at Flinders, we’re always here to help you succeed.

INNOVATION & ENTERPRISE

Careers are evolving and the workplace of the future will look very different from today. That’s why we offer a suite of innovation and enterprise electives and courses to prepare you for the careers of tomorrow. Powered by Flinders’ New Venture Institute, these electives will help you to develop the ‘personal enterprise skills’ that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally.

Find out more flinders.edu.au/innovation
INHERENT REQUIREMENTS

The Australian Government has introduced the Literacy and Numeracy Test. This test is linked to a Flinders degree. You’ll need to pass this test to gain entry to a Flinders course.

.Adjustment factors

Adjustment factors (formerly referred to as bonus points) may be used in combination with your ATAR to derive your course selection rank. Adjustment factors may be available for South Australian Year 12 students applying for entry to Flinders in 2020: the SA University Equity Scheme (UES) and the SA Language, Literacy and Mathematics Bonus Scheme (LLM).

Guaranteed entry selection rank

Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders. All you need to do is ensure you have listed Flinders degrees first in your preferences and you will be offered a place in the highest Flinders degree preference that you are eligible for in 2020.

unTEST

If you’re a school leaver, unTEST is your chance to increase your options to gain a place in a preferred degree. unTEST is designed for school leavers and complements existing selection criteria by enhancing your overall selection rank.

Flinders UniLeap

Flinders UniLeap can help you qualify for entry into a Flinders University degree in four weeks. It’s a free intensive four-week program that has been designed for school leavers, to develop their independent learning skills and prepare them for university study.

Foundation Studies

The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

TAFElink

Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met. Importantly, your TAFE/VET qualification does not need to be related to your selected area of study at Flinders.

TAFE SA dual offers

You can apply for a TAFE SA diploma or advanced diploma that is linked to a Flinders degree. You’ll receive an offer for both TAFE SA and Flinders University and, on successful completion of the TAFE course, you’ll have secured an offer for a Flinders degree. TAFE SA dual offers are available for a range of Flinders degrees.* TAFE SA RTO Code: 41026

Adult entry

The adult entry scheme provides people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SATAC.

Tertiary transfer

If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

BACHELOR OF GENERAL STUDIES

The Bachelor of General Studies is a flexible degree that provides a sound basis of knowledge in an area of your choice. It is designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries. Successful completion of the first year to the required standard also provides you with guaranteed entry into a range of our degrees.

Get more out of your degree

Whatever you’re studying, Flinders gives you the opportunity to do more with your degree to help you have a competitive edge when you graduate.

A combined degree is a combination of two Flinders bachelor degrees, meaning you will have two qualifications in just one to one-and-a-half years of extra study and undertake in-depth study in exciting combinations that aren’t usually available in single degrees.

The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

WHEN CAN I START?

Flinders offers two admissions cycles each year for undergraduate degrees.

Semester 1 – February start.

Applications open in August for commencement the following year.

Semester 2 – July start.

Mid-year applications open in August for commencement in July the following year.

Student Hub & Plaza

Open 24/7, the award-winning Hub and Plaza brings the best of coffee and street food culture to the heart of the Bedford Park campus, with retail options, innovative study spaces and free wi-fi access.

Food & Drink

You’ll never go hungry at Bedford Park, with a wide variety of food outlets.

Retail

Bedford Park features a range of retail outlets.

Bedford Park Skyline

Flinders’ huge main campus features an award-winning hub and plaza, with retail, food outlets and a state-of-the-art sport and fitness centre. Take a virtual tour of Flinders University and explore our amazing locations. It’s the next best thing to being here! flinders.edu.au/vr
