Sport is more than a hobby. Sport is big business, and you could build an exciting career following your dreams.

**TAKE ADVANTAGE OF OUR ONGOING PASSION FOR SPORT**

Australia’s sports industry is thriving. According to Australian Government’s Job Outlook statistics*, future jobs growth for sportspersons is strong, and very strong for sports coaches, instructors and officials. If you have a passion for sport, your studies could lead to a long-term, rewarding career.

* joboutlook.gov.au (accessed 16/4/18)

**A REWARDING CAREER**

Imagine building a career around one of your greatest passions. A career in sport will not only help you stay physically and mentally fit, you’ll have the opportunity to help others perform at their best. From coaching to training to teaching sport in schools, the industry offers a wide range of career opportunities for you to pursue.

**STUDY FOR SUCCESS**

The range of courses offered by Flinders are designed to give you a real competitive advantage in your chosen field. You’ll be able to study with passionate professionals alongside like-minded peers, and develop skills and knowledge that will enable you to work at the highest possible level, wherever you go.

**MAKE SPORT YOUR BUSINESS**

**AT FLINDERS, IT’S ALL ABOUT YOU.**

Taking your first step into university life is a big change. New faces, new spaces, new experiences.

That’s why at Flinders, we do all we can to make your time at university the best it can be.

Our facilities are purpose-built for your study needs, providing the best the world has to offer.

Plugged into industry trends, professional placements and practical experiences, our teaching is designed to take you from learning to earning.
Sport is important in many cultures, and Australia is no exception. The sporting industry is fast-paced, exciting and supportive of a healthy lifestyle. Could you play your part? Would you love to wake each morning knowing you play a part in Australia’s sporting cultures, and Australia is no exception. The sporting industry is fast-paced, exciting and supportive of a healthy lifestyle. Could you play your part?

Does your favourite sport make you feel alive? Do you get excited each time the activity in the context of a healthy lifestyle, and prepare yourself for a range of roles within the sports industry. Could you play your part?

Take your interest in a healthy lifestyle into the classroom. This degree will give you the knowledge and skills required to register as a PE teacher in secondary school. The course is taken as a double degree with a Bachelor of Health Sciences, providing core health sciences topics and a choice from one of two specialisation options. This is your chance to use your passions to help others.

Turn your enthusiasm for sport and health into an active career. Your studies will prepare you for a career in the sport development, sport coaching, leisure, health, sport and event management industries, and provide a pathway to further studies in physical education teaching through the Master of Teaching courses.

You’ll become an effective sport and physical activity professional and advocate. You can choose unique topics in strength and conditioning coaching in resistance training, outdoor education and exercise in musculoskeletal physiology. You’ll develop important contacts and networks with local and national sporting clubs, associations, and health and tourism marketing organisations.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:
- association and clubs development officer
- umpiring coordinator
- council sport and recreation officer
- sport coach
- sport development officer.

Potential employers include:
- Bicycles SA
- City of Onkaparinga
- Gray-Nicolls Sports
- Office for Recreation and Sport
- Tennis South Australia.

You’ll earn a double degree in only four years that includes an education degree with a health sciences degree.

Your course program includes two specialisation options, one in physical education or in health education.

You can undertake professional experience placements in secondary schools where you can learn practical skills, and put theory into practice.

Your placements will help you to develop and consolidate your teaching knowledge and skills in order to meet the necessary national standards for registration as a teacher.

You’ll be taught vital interpersonal skills that will help you form cooperative and effective professional relationships with students, staff and parents.

Upon successful completion you will be eligible to apply for registration with the Teachers Registration Board of South Australia.

CAREER OPPORTUNITIES
Your degree is the first step towards a range of employment opportunities, including:
- secondary teacher
- developmental educator
- graduate administrative officer
- youth and children’s support officer.

Potential employers include:
- secondary schools
- government schools
- independent schools
- government education departments.

Take your place in Australia’s sporting culture.
Bachelor of Exercise Science

Build a career improving lives through fitness.

If your interest in an active life goes beyond sport, you could begin a career helping others improve health, or enhance exercise, motor skill and movement performance. Study in the area where preventative health meets the fitness industry. This degree will qualify you for a career in the evolving field of exercise science. You’ll undertake study in the basic medical sciences such as human physiology, anatomy, psychology and pathology, and graduate with specialised knowledge and skills in the use of exercise.

Expert coaching

Learn from industry experts and active researchers who build academic programs on real-world experience.

Dr Shane Pill is just one example of the range of dynamic talent teaching across our sports programs.

Our staff strive to push the boundaries of teaching excellence through research, and through progressive pedagogical methods. They work with students to develop courses, and tailored academic programs, that provide the best outcomes and career development for each potential athlete, coach, physio, analyst, or even sports enthusiast.

Dr Shane Pill has literally written the book on sports leadership. In fact, he’s written six, not to mention over 100 scholarly and academic papers. Current Chair of the Bachelor of Sport, Health and Physical Activity Academic Programs Advisory Committee, Dr Pill is a specialist in curriculum design and enactment, pedagogy and instructional strategies for games and sport teaching, sport coaching, and curriculum leadership.

With 18 years experience in science and physical education classrooms and now lecture halls, as well as extensive experience in coordination and coaching roles, his research is built on a foundation of practical experience – no ivory tower here. It’s no wonder he’s become a major contributor to high impact programs including Cricket Australia’s cricket coaching programs, Tennis Australia Hot Shots Tennis, and AFL Sport Science.
Bachelor of Health Sciences (Principles of Physiotherapy)/Master of Physiotherapy

Work in a field that helps maximise movement in people of all ages.

We're more aware than ever of the need to care for our bodies across our lives. This degree will give you the skills and knowledge you'll need to become registered and work as a physiotherapist. From sports injuries to helping the aged maintain mobility, you'll be able to draw on Flinders University's strengths in rural health and health service improvement to prepare for a career as a contemporary health professional able to work across a variety of settings.

Bachelor of Sport, Health and Physical Activity

Make a career in outdoor education.

There are a broad range of employment opportunities in the sport development, sport coaching, leisure, health, outdoor education and recreation, sport and event management industries. This degree will help prepare you for a career based around an outdoor lifestyle. With increasing demand for outdoor education practitioners, the Bachelor of Sport, Health and Physical Activity (Outdoor Education) aims to provide you with an understanding of the significance of sport and physical activity within the context of a healthy lifestyle. You'll develop a wide knowledge base by combining the study of outdoor education, sport and physical activity with other areas including health and nutrition, tourism, business and disability.

Broaden your opportunities

Explore your interests and unlock more career opportunities by combining degrees. Combining your degree with a qualification in another discipline will help you to stand out from the pack. Our combined degrees provide the perfect pathway to take a passion for sport into a professional role. Teaming a range of sports science with specialised knowledge, a combined degree in sport at Flinders broadens your options while sharpening your skills.

Bachelor of Sport, Health and Physical Activity/Bachelor of Business (Management)

Work towards a career in the business side of sport.

Bachelor of Sport, Health and Physical Activity/Bachelor of Psychological Science

Combine your sport studies with psychological science.

Bachelor of Letters (Sports Performance Coaching) (Graduate Entry)

Study a Bachelor of Letters in combination with your degree, or as a standalone graduate-entry degree and learn the principles of sport coaching.

Bachelor of Sport, Health and Physical Activity/Bachelor of Business (Marketing)

Combine your sport studies with communication and professional writing.
Physical Education Major

The physical education major covers areas such as foundation studies in physical education, inclusive and adaptive practices in sport and physical education, physical activity and health, sport and physical education, exercise physiology for physical educators, sport in society, and skill acquisition and biomechanics for physical educators.

Pathways
Flinders offers a range of pathways if you want to become a Physical Education teacher. You can select the course that is right for you depending on the school level you’d want to teach in, early childhood, primary or secondary level.

A major in physical education can be taken in the following courses:
- Bachelor of Arts/Master of Teaching (Early Childhood)
- Bachelor of Arts/Master of Teaching (Primary R-7)
- Bachelor of Education (Primary R-7)/Bachelor of Arts
- Bachelor of Education (Secondary)/Bachelor of Health Sciences

Elite Athlete Program
Flinders offers a range of support to help elite athletes prepare for their next career while meeting the demanding schedules of their current one. Flinders is a member of the Elite Athlete Friendly University (EAFU) program that supports Australia’s elite athletes to achieve academic excellence while also pursuing a sporting career. Our Elite Athlete Program includes advice and guidance, flexible academic timetables, medical and counselling services, and career development opportunities to assist elite athletes to juggle their study commitments.

We also offer a range of scholarships through Flinders Sport and fitness and a dedicated Elite Athletes Admissions Scheme that provides a pathway to university study for elite sportspeople.

Find out more flinders.edu.au/eliteathlete

“Of other university in Adelaide offers a sporting degree that offers a broad range of topics that allows students to find their key areas of interest and provides a vision for their future.”

Benjamin Drogemuller, Bachelor of Sport, Health and Physical Activity

Elite Athlete Scholarships
$100,000* in scholarships is available to elite athletes. These may provide:
- financial assistance towards sporting competition costs
- gym membership with access to onsite sport and fitness facilities to train
- allied health professional support, including dietitian, physiotherapy and massage
- coached strength and conditioning programming and facility access
- Australian University Games package waived (travel not included).

*Scholarship funding is accurate as of 10/4/19 and is subject to change.

ELITE ATHLETE ADMISSIONS SCHEME
Our dedicated Elite Athletes Admissions Scheme provides a pathway to university study for elite sportspeople.

If you’ve officially represented your school or state at a national level competition, we’ll consider your school’s recommendation about your academic potential when you apply.

The pathway is available for a wide range of Flinders courses.

Francesca Kidd
Whether you want to keep in shape and maintain your training regime, or would simply like to have some fun playing sport, Flinders gives you plenty of options to train and play on campus while you study.

**FLINDERS SPORT AND FITNESS**

Flinders Sport and Fitness provides all your fitness needs in one convenient location. Open 24 hours a day all year round, you can work out at Flinders whenever it suits you. Our facilities include a group fitness room, fully equipped cardio room, Peloton spin room, ladies-only gym, and free-weight and pin-loaded general gym. We also offer services including a dietician, physiotherapy, massage and personal training, and regular wellness programs such as Zumba, yoga and boot camp.

**SPORTING CLUBS**

Flinders currently has 22 affiliated sporting clubs catering for a wide range of interests. Whether it be soccer, netball or martial arts, there’s a sporting club at Flinders to suit you.

By registering for a Flinders sporting club, you’ll give yourself the opportunity to meet new people and make friends while staying physically active. And being a member means you’ll be included in regular training sessions, competitions and events.

**UNIVERSITY SPORT**

Flinders provides you with the support to represent your university at state and national levels.

Students can compete in UniSport Australia events such as the UniSport Nationals Division 1 and 2, the premier sporting events in the tertiary sector, and Indigenous Nationals. Representing your university nationally means you can compete against the best in the country across 32 different sports.

You can also represent Flinders against other South Australian universities in events such as the SA Challenge.

**UNIVERSITY SPORT**

Starting at university is a big step, let’s make it easier.

The Transition Office can help make your shift into university study as smooth as possible, and the Student Learning Centre provides a range of services from writing and mathematics support to assistance with study and time-management skills.

**Work-Integrated Learning**

Work-Integrated Learning (WIL) enables you to gain work experience while you study.

Flinders aims to provide each and every student with access to a WIL opportunity during their studies through placements, practicums, field studies, and simulated workplace settings and assessment activities.

**Scholarships**

Flinders University offers over 550 undergraduate scholarships, worth $2.2M in total. A generous range of scholarships is available to new and continuing undergraduate students.

**Flinders Connect**

Flinders Connect can help with everything from enrolment and fees to exams and graduation.

You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

**Flinders University Student Association (FUSA)**

Flinders has a long history of active student involvement.

The Flinders University Student Association (FUSA) continues that tradition, and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, the student publication Empire Times, and helps with academic, administrative and welfare issues.

**Careers & Employability Service**

The Careers and Employability Service helps give you the edge in your career.

CareerHub, our online employment portal, is more than a service to help you prepare for and find the job you want. It offers personalised job opportunities, career planning, programs to help you broaden your skills and experience, access to employer events and career-related resources.

Whatever you are studying, CareerHub can help you find your direction and start your career.

**INNOVATION & ENTERPRISE**

Careers are evolving and the workplace of the future will look very different from today.

That’s why we offer a suite of innovation and enterprise electives and courses to prepare you for the careers of tomorrow. Powered by Flinders’ New Venture Institute, these electives will help you to develop the ‘personal enterprise skills’ that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally.

Find out more [flinders.edu.au/innovation](http://flinders.edu.au/innovation)
**How do I apply?**

Applicants need to apply through the South Australian Tertiary Admissions Centre (SATAC): [satac.edu.au](http://satac.edu.au)

To find out more about your admission pathways to Flinders, visit: [flinders.edu.au/pathways](http://flinders.edu.au/pathways)

**INHERENT REQUIREMENTS**

The Australian Government has introduced the Literacy and Numeracy Test for all initial teacher education students to ensure they have the high level of personal literacy and numeracy skills required of teachers. For further information, including registration details, please check the test administrator’s website at: [teacheredtest.acer.edu.au](http://teacheredtest.acer.edu.au)

**ENTRY REQUIREMENTS**

At prospective students interested in studying an initial teacher education course in South Australia are required to complete a non-academic assessment task known as a Teaching Capabilities Statement. This is a requirement of the Australian Institute for Teaching and School Leadership (AITSL) and supports the national priority to ensure those entering the teaching profession have the personal qualities to best support learners and graduate as classroom ready, high quality teachers.

**ADMISSION PATHWAYS**

At Flinders we recognise that every prospective student is an individual and that what works for one might not be right for another.

That’s why we provide various admission pathways into Flinders University and your preferred degree. You’re encouraged to explore your options and find the entry path that’s right for you.

**Year 12 entry**

The majority of Year 12 applicants enter university via the traditional competitive entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled.

Your selection rank is used by Flinders to assess your admission to a course, and is based on your ATAR plus any adjustment factors for which you are eligible. The 2019 Minimum Selection Rank is the minimum selection rank required for consideration to enter in next intake. The 2019 selection rank indicates the lowest rank for which an offer was made to an applicant in that degree for the previous year (including any adjustment factors). This selection rank is provided only as a guide for 2020 entry as it may change from year to year.

**Adjustment factors**

Adjustment factors (formerly referred to as bonus points) may be used in combination with your ATAR to derive your course selection rank. Adjustment factors may be available for South Australian Year 12 students applying for entry to Flinders in 2020: the SA Universities Equity Scheme (USES) and the SA Language; Literacy and Mathematics Bonus Scheme (LLM).

**Guaranteed entry selection rank**

Achieve a selection rank equal to or above the published guaranteed entry selection rank and you’ll be guaranteed a place at Flinders. All you need to do is ensure you have listed Flinders degrees first in your preferences and you will be offered a place in the highest Flinders degree preference that you are eligible for in 2020.

**uniTEST**

If you’re a school leaver, uniTEST is your chance to increase your options to gain a place in your preferred degree. uniTEST is designed for school leavers and complements existing selection criteria by enhancing your overall selection rank.

**Flinders UniLeap**

Flinders UniLeap helps school leavers qualify for entry into a Flinders University degree in four weeks. It’s a free intensive four-week program that has been designed for school leavers, to develop their independent learning skills and prepare them for university study.

**Foundation Studies**

The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

**TAFElink**

Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degrees prerequisites are met. Importantly, your TAFE/VET qualification does not need to be related to your selected area of study at Flinders.

**TAFE SA dual offers**

You can apply for a TAFE SA diploma or advanced diploma that is linked to a Flinders degree. You’ll receive an offer for both TAFE SA and Flinders University and, on successful completion of the TAFE course, you’ll have secured an offer for a Flinders degree. TAFE SA dual offers are available for a range of Flinders degrees. **TAFE SA RTO Code: 41028**

**Adult entry**

The adult entry scheme enables people aged 15 and over to apply to study at Flinders via the Special Tertiary Admissions Test (SATAT). Applications are made via SATAC.

**Tertiary transfer**

If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

**Bachelor of General Studies**

The Bachelor of General Studies is a flexible degree that provides a sound basis of knowledge in an area of your choice. It is designed to help you prepare with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.

Successful completion of the first year to the required standard also provides you with guaranteed entry into a range of our degrees.

Get more out of your degree.

Whatever you’re studying, Flinders gives you the opportunity to do more with your degree to help you have a competitive edge when you graduate.

A combined degree is a combination of two Flinders bachelor degrees, meaning you will have two qualifications in just one to one-and-a-half years of extra study and undertake in-depth study in exciting combinations that aren’t usually available in single degrees.

The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

**When can I start?**

Flinders offers two admissions cycles each year for undergraduate degrees.

- Semester 1 – February start. Applications open in August for commencement the following year.
- Semester 2 – July start. Mid-year applications open in August for commencement in July the following year.

**This is Flinders**

Flinders’ huge main campus features an award-winning hub and plaza, with retail, food outlets and a state-of-the-art sport and fitness centre. Take a virtual tour of Flinders University and explore our amazing locations. It’s the next best thing to being here! [flinders.edu.au/midyear](http://flinders.edu.au/midyear)

**Student Hub & Plaza**

Open 24/7, the award-winning Hub and Plaza brings the best of coffee and street food culture to the heart of the Bedford Park campus, with retail options, innovative study spaces and free wi-fi access.

**Food & Drink**

You’ll never go hungry at Bedford Park, with a wide variety of food options.

**Retail**

Bedford Park features a range of retail outlets.

**Flinders Victoria Square is within walking distance of restaurants, cafes and public transport.**
