Health & Medical Research Building

The future of medical research is here

Renowned as innovative and progressive, Flinders University knows bringing the brightest minds together with industry can change the world. That's why we've invested in and built a new Health and Medical Research Building (HMRB).

The HMRB enables researchers, practitioners and industry partners to work together more closely than ever before, creating a hub of collaboration within southern Adelaide's own biomedical research precinct.

Located adjacent to Flinders Medical Centre and Flinders Private Hospital, it is the focal point of research informed by genuine patient need, positioned to make an immediate improvement to people's health and wellbeing.

Building on more than 50 years of exceptional health and medical teaching, the HMRB is a once-in-a-generation initiative that will transform how we understand, diagnose and treat illness.

The HMRB is a defining achievement in Flinders University's history; a landmark investment in the health and wellbeing of all South Australians and the next step in undertaking research that will change lives and change the world.

\$120m
Innovation centre

Explore Flinders' Tonsley campus: a \$120 million centre of innovation. It's a place where collaboration and entrepreneurial spirit combine to create the products and processes of the 21st century.

With more than 150 staff, 2,000 students – and a 2,000 square metre pod for heavy engineering equipment – Tonsley centrally locates the University's teaching and research in computer science, engineering and mathematics.

The New Venture Institute (NVI), based at both Bedford Park and Tonsley, links businesses, government and the community sector to all that the University has to offer.

Through their programs and activities, NVI inspires, educates and connects students like you: the future generation of innovators and entrepreneurs.

Flinders at Tonsley has strong connections to industry. The centre is also home to local and international businesses, including industrial manufacturing company Siemens.

Flinders Partners, the Medical Device Research Institute, Flinders Centre for Nanoscale Science and Technology, and Flinders Factory of the Future – Australia's first large-scale advanced manufacturing accelerator – are also located at Tonsley.

Tonsley is located centrally between Flinders' Bedford Park campus and Adelaide city. Tonsley is a five-minute car ride, a 15-minute ride on the Flinders loop bus or a 30-minute walk from the Bedford Park campus.

The \$141 million extension of the Flinders rail line links Flinders' Bedford Park and Tonsley campuses by rail and allows Flinders' Bedford Park students to access Tonsley in 2 minutes and the CBD in 22 minutes.

Flinders' City Campus

Flinders University's cutting-edge, vertical campus offers a new way of learning in the heart of the city. Flinders' City campus has been designed for flexibility, collaboration and immersion. Here, students will gain the knowledge and practical skills they need to confidently step into their careers.

Students at Flinders' City campus can study a range of courses:*

Business. Creative Arts. Government. Education. Engineering. Health Sciences. Computer Science & Information Technology. Law. Nursing. Psychology. Social Work.

* Course availability is subject to change.

Student Learning Centre

The Student Learning Centre (SLC) provides learning support for students, ranging from writing and mathematics support to assistance with study and time-management skills. SLC also offers a free program to support students who need to improve their English in the academic context.

Flinders Connect

If you need help, Flinders Connect has a team of knowledgeable staff who you can talk to online, via phone or face-to-face. You can also access Flinders Connect for specialist assistance in careers, IT and a range of support services. flinders.edu.au/flindersconnect

"Flinders support services have helped me feel more confident in my learning and has improved my overall wellbeing. At times when I found my course challenging, Flinders Student Learning support proved a really valuable asset in these times, as having someone to talk to and bounce ideas off in-person helped me work past the initial struggles."
Mary Zhang, Bachelor of Speech Pathology (China)

We're invested in your future. A university degree provides you with more job options. But a globally recognised, industry-accredited Flinders degree prepares you for a satisfying career in your chosen area.

Gain specialised skills and knowledge while developing portable qualities like independent thinking, communication, collaboration, ethics and creativity – qualities shared by innovators, entrepreneurs, pioneers, creators and trailblazers.

Flinders has an impressive range of industry connections with global leaders including CISCO and BAE Systems, which means you'll have the opportunity to take up practical placements and graduate job-ready and ahead of the curve.

Gain practical work experience

Flinders aims to provide every student with access to a Work-Integrated Learning (WIL) opportunity during their studies through placements, practicums, field studies and simulated workplace activities. Work-Integrated Learning will give you valuable industry skills, build your professional network and give you the opportunity to experience work in a professional Australian environment. Your WIL experience will help you graduate career-ready.

Industry connections

Flinders' local and international industry partnerships help you gain real-world experience in practical situations.

Mentoring

The Flinders Ignite Mentoring Program will help you in many ways. Peer mentors understand the student world and are ready to help guide you through every aspect of the transition to university life. A peer mentor will share their knowledge, expertise and experience to help you get the most out of your time at Flinders.

Find the job you want

Flinders' CareerHub, our online employment portal, helps you prepare for and find the job you want. It's your one-stop shop, offering personalised job opportunities and access to employer events and career-related resources.

General Notes

Fees listed are only valid for applicants who commence in the 2026 academic year and include the University’s Student Services and Amenities Fee (SSAF). Applicants should be aware that the annual tuition fees will be subject to an increase for each year of study and be different from future published commencing tuition fees. Applicants will be liable for these fees upon acceptance of an offer from Flinders University.

* Applicants for Bachelor/Master’s double degrees should note that the listed fee is for the Bachelor’s component only and that the Master’s component of the degree attracts a higher fee. For an indication of the fee for the Master’s component, refer to the standalone Master’s degree in the postgraduate course list.

In the event of a variation between the fees listed here and the approved University schedule of tuition fees found at flinders.edu.au/international, the approved University schedule will supersede those listed here. Please note, some courses may require students to purchase uniforms, clinical laboratory or workshop materials or equipment, or undertake field trips at their own cost.

Administrative fees may also be charged for variations of enrolment such as deferral, transfer of study, or reinstatement of enrolment.

ATAR scores listed are correct at time of printing, and may be subject to change.

The University reserves the right to alter, amend, or delete any course, fee or entry requirement without prior notice.

^ Some courses are subject to approval for 2026. Please refer to Flinders.edu.au/international for the most up to date information.

A Levels

Results are calculated on the aggregate score from 3 A (H2) Level subjects – or 2 A (H2) Level subjects and 2 AS (H1) Level subjects – where A=5, B=4, C=3, D=2, E=1 for A Level subjects, and A=2.5, B=2.0, C=1.5, D=1.0, E=0.5 for AS Level subjects.

General Paper and local language subjects are excluded from the calculation.

IB

International Baccalaureate students must achieve the Diploma with a minimum overall score of 24. Students must complete six subjects, one from each of six subject groups as well as three subjects at a higher level. The Diploma results are on a scale of 1 to 7 (with 7 being the highest). A minimum pass grade for SL subjects is 4, while HL subjects is 3.

ATAR

The Australian Tertiary Admission Rank (ATAR) is the primary means used to assess and compare the results of Australian school-leaving applicants for entry to the University. An ATAR is a number ranging between 99.95 and zero that reports a student’s rank position relative to all other students.

Indian Central and State Board

Indian Senior Secondary Schooling results are calculated using the best four subjects, excluding local language and non-academic subjects.

HKDSE

Hong Kong Diploma of Secondary Education is calculated on the aggregate score of the best 5 subjects of any combination of core and elective subjects from category A. 5**=6 points, 5*=5.5, 5=5, 4=4, 3=3, 2=2, 1=1. Minimum Level 2 is required for Core subjects.

Grades	Definition	Interpretation	Equivalent
A1	Excellent	75% – 100%	1
B2	Very good	70% – 74%	2
B3	Good	65% – 69%	3
C4	Credit	60% – 64%	4
C5	Credit	55% – 59%	5
C6	Credit	50% – 54%	6
D7	Pass	45% – 49%	7
E8	Pass	40% – 44%	8
F9	Fail	0% – 39%	9

^ Not accepted for Nursing, Medicine, Midwifery, Occupational Therapy, Optometry, Physiotherapy, Paramedicine and Psychology courses from 2026 onwards.

Kenya KCSE

Successful completion of the Kenyan Certificate of Secondary Education with overall mean grade as specified on transcript/ result.

WAEC

Successful completion of the West African Senior Secondary Certificate (WASSC) with a total of the best six subjects. Scoring is on a 1 to 9 scale (1 being a high pass and 9 the lowest).

Vietnam Upper Secondary

Applicants must have undertaken the Secondary School Learning Examination (Thi Tốt Nghiệp Phổ Thông Trung Học) and have been awarded the Upper Secondary Education Graduation Diploma (Bằng Tốt Nghiệp Trung Học Phổ Thông) with an overall average grade.

Indonesia

Indonesian Secondary School Certificate of Graduation (SKHUN/STK) or Secondary School Certificate of Completion (Ijazah, previously STTB). A pass is an average of 6.0 out of 10 with at least 4.26 in each subject (previously 3.0). Grades from the student’s final year of study are shown separately on their school report.

Malaysia STPM

STPM calculation A or A-=5pts; B+=4; B=3; B- or C+=2; C=1. Add the points scored for best of three courses attempted at one examination, excluding General Paper.

Malaysia UEC

UEC scores are obtained by calculating the best five subjects as follows: A1=1, A2=2, B3=3, B4=4, B5=5, B6=6, C7=7, C8=8. Language studies and the topic General Paper are excluded in the calculation.

Gaokao entry requirements

This table sets out the Gaokao scores, correct at time of printing, that are required for entry to most of the undergraduate courses at Flinders University. On meeting the required Gaokao score, applicants must also satisfy any course prerequisites and must meet the English language requirements of each individual course.

Gaokao applications will undergo the standard assessment process and must include the following documents:

- certified evidence of the official result issued by Academy of Education Recruitment and Examination in both Chinese and English translation identifying the stream students have taken in the examination

Admission process

Entry to Flinders University is a simple four-step process.

1 Your application

3 Confirmation of enrolment

Your application

Submit your application, making sure you include all the required supporting documents. We will send you an acknowledgment and advise you if any further information or documentation is required.

Your offer of admission

Your offer letter will include details on how to accept your offer by completing the Offer Acceptance form and associated declarations. You will also be required to pay the relevant tuition fees for the first semester and the Overseas Student Health Cover (OSHC) for the duration of your student visa as detailed in your offer of admission.

Ensure you read your offer letter carefully as it may include important deadlines for accepting your offer or deadlines for payment of fees to secure your place in the course.

Confirmation of enrolment

We will issue the Confirmation of Enrolment (CoE) upon receipt of the signed acceptance, review of the declaration(s) and payment of fees including OSHC. With the CoE you can apply for your student visa. Please check your visa requirements at homeaffairs.gov.au

Arrival & orientation

Apply for a higher degree by research

Make a difference with research that matters.

Whether you want to explore a topic that interests you in-depth, create new knowledge or become an expert in your field, a higher degree by research at Flinders will help you to make a difference.

Work with highly qualified and recognised supervisors, connect with industry, government and the community, and contribute to the global research conversation. Higher degrees by research transform lives, opening you up to new opportunities and making an impact with new discoveries.

Higher degrees by research provide training to foster the development of independent research and critical thinking skills. Acquiring these skills demonstrates your ability to pursue scholarly research that answers significant questions. flinders.edu.au/international/apply/apply-research-degree

Office of Graduate Research

The Office of Graduate Research (OGR) supports higher degrees by research students. The office connects prospective students with trained high-quality supervisors and offers international travel and research opportunities. flinders.edu.au/graduate-research

“The bioinformatics aspect of my studies has been a fascinating realm, and thanks to the guidance of one of my supervisors, I’ve progressively delved into the intricate world of coding. Throughout my PhD, I’ve acquired a wealth of knowledge about bioinformatics, and the ability to understand and modify various scripts has become one of my passions.”

Gabrielle Genty, PhD candidate

Cotutelles

Cotutelle doctoral degrees allow higher degree by research students the opportunity to experience an extended overseas research stay for one third of their candidature and obtain a joint PhD in the process.

Pathways

Flinders University has a range of pathways to help you enter a higher degree by research, including a special pathway with our exclusively offered Graduate Diploma in Research Methods.

Scholarships

A range of Flinders and Australian Government higher degree by research scholarships are available. These scholarships are awarded on academic merit and research potential.

Go beyond in your studies

The Graduate Diploma in Research Methods provides the opportunity to develop in-depth knowledge in your subject area as a pathway to degrees by research.

This course can be pursued in some colleges of the University.
