

Study *Master of Engineering*

Design the future with a postgraduate Engineering degree at Flinders University.

At Flinders, our degrees are offered in close collaboration with industry, giving you specialist knowledge and integrated skills that enable you to meet the requirements of industry as it continues to change.

International accreditation

All core postgraduate engineering degrees are accredited by Engineers Australia and recognised internationally by the Washington Accord.

World class teaching facilities

The opportunity to study at Tonsley - our \$120 million hub for innovation, research, and industry collaboration.

Real-world solutions

Our degrees offer the chance to collaborate with industry on live projects, work with students across engineering disciplines, and complete a 12 week industry placement to tackle real-world challenges.

Why study at Flinders?

Ranked No.1 in Australia in Engineering & Technology for overall educational experience

The Good Universities Guide 2025 (postgraduate)

Ranked No.1 in SA in Engineering & Technology for full-time employment

The Good Universities Guide 2025 (undergraduate), public SA-founded universities only

Engineering at Bedford Park Campus

Master of Engineering (Biomedical)

This course capitalises on the growing opportunities for biomedical engineers caused by various factors.

Duration	2 years
Location	Bedford Park
Intake	March/July
2026 fees	\$47,800 AUD
IELTS	6.0 speaking 6.0 writing

Engineering at Tonsley

Master of Engineering (Civil)

This course will prepare you for a career in planning, design and maintenance of infrastructure such as the built environment, water resources, mining and transport.

Master of Engineering (Electrical & Electronic)

Flinders specialises in research training for engineers, and this course offers you a choice of research projects in intelligent control, autonomous vehicles, robotics, image/signal processing, computer vision and robotics, renewable energy, and bioinstrumentation.

Master of Engineering (Mechanical)

If you are a graduate with a previous degree in Mechanical Engineering (or a related field) and are looking to upgrade and extend your knowledge and skills in this high demand area, the Mechanical Engineering postgraduate program at Flinders provides you with the perfect study plan.

Duration	2 years
Location	Tonsley
Intake	March/July
2026 fees	\$47,800 AUD
IELTS	6.0 speaking 6.0 writing
