Continuing eligibility conditions

- Recipients of the Alumni Scholarship must actively support Flinders University in promoting the university globally, including, as required, participating in marketing or promotional activities such as photo shoots or testimonials
- All recipients must:
 - o Maintain enrolment in the eligible course (and specialisation) as confirmed on the Letter of Offer. Transfers *within* disciplines may be approved – eg Bachelor of Business (Marketing) to Bachelor of Business (International Business) – however transfers to ineligible courses will result in loss of scholarship.

- Achieve a GPA of 4.0 on a 7.0 scale after 36 units of study. If a student's GPA drops below
- 4.0 the scholarship will be paused in the following semester and the student will be required to pay the full tuition fee until the student's GPA is 4.0 after a subsequent semester of study, where the scholarship will be reinstated. Maintain full time enrolment (unless an underload has been authorised by Flinders Compliance). If a scholarship recipient enrolls in less than a full time load in any semester covered by the scholarship without authorisation from Flinders Compliance, that semester's portion of the scholarship is forfeit. The scholarship may be reactivated once the student enrolls in a full time load in the next semester however the full value of the scholarship will not be disbursed.
- Maintain continuous enrolment without deferrals or suspensions (unless a temporary suspension has been authorised by Flinders Compliance)
- Maintain international student status for the duration of enrolment
- Meet payment deadlines for the remaining portion of tuition fees for each study period. The scholarship will be revoked unless all remaining fees are paid by the advertised payment date. In rare cases Student Financial Services may approve a payment extension or instalment plan, in which case the scholarship can be maintained.
- The scholarship is not transferrable to any other institution. If a recipient enrolls in cross institutional study those tuition fees are not covered by the scholarship and the value of the scholarship applied to the Flinders tuition will be reduced pro-rata
- The scholarship will be revoked if
 - any information submitted with the application is found to be false or misleading
 - the recipient is awarded another scholarship
 - the recipient fails to adhere to the terms and conditions of the scholarship

Delivery of scholarship

- The scholarship is awarded as a tuition fee reduction and will be reflected in the student's tuition fee account
- Scholarships provide a tuition fee reduction and do not cover the costs of any non-tuition fees, visas, overseas health cover, living expenses or any other costs associated with living in Adelaide or studying at Flinders University
- There is no financial payout of any unexpended portion of this scholarship, nor is it refundable
- The scholarship is not transferrable to a third party
- The scholarship will not be extended beyond the advertised duration or amount unless otherwise advised by Flinders University
- If a recipient voluntarily withdraws from Flinders University without completing 50% of the units required for the course, the recipient will be liable to repay the value of the scholarship disbursed from the date of admission to the date of withdrawal
