- Recipients of the Vice Chancellor Scholarships must
    - actively support Flinders University in promoting the university globally, including, as required, participating in marketing or promotional activities including but not limited to photo shoots, testimonials and other designated activities
    - participate in the **Flinders International Ambassador Program**
- All recipients must
    - Maintain enrolment in the initial course and specialisation as confirmed on the Letter of Offer. Transfers *within* disciplines may be approved – eg Bachelor of Business (Marketing) to Bachelor of Business (International Business) – however transfers to ineligible courses will result in loss of scholarship. Where an eligible course has a higher scholarship cut-off score, recipient must meet the higher cut-off in order to continue receiving the scholarship.
    - Maintain a GPA of 5.0 on a 7.0 scale after 36 units of study. If a recipient's GPA drops below 5.0 the scholarship will be withheld in the following semester and the student will be charged the full tuition fee for that semester. If the student's GPA the following semester is above the 5.0 threshold the scholarship will be reinstated.
    - Maintain full time enrolment (unless an underload has been authorised by Flinders International). If a scholarship recipient enrols in less than a full-time load in any semester covered by the scholarship without authorisation from Flinders International, that semester's portion of the scholarship is forfeited. The scholarship may be reactivated once the student enrols in a full-time load in the next semester however, the full value of the scholarship will not be disbursed.
    - Maintain continuous enrolment without deferrals or suspensions (unless a temporary suspension has been authorised by Flinders International)
    - Maintain international student status for the duration of enrolment
    - Meet payment deadlines for the remaining portion of tuition fees for each study period. The scholarship will be revoked unless all remaining fees are paid by the advertised payment date. In exceptional circumstances Student Financial Services may approve a payment extension or instalment plan, in which case the scholarship can be maintained.
- The scholarship is not transferrable to any other institution. If a recipient enrols in cross institutional study those tuition fees are not covered by the scholarship and the value of the scholarship applied to the Flinders tuition will be reduced pro-rata

- The scholarship will be revoked if
    - any information submitted with the application is found to be false or misleading
    - the recipient is awarded another scholarship
    - the recipient fails to adhere to the terms and conditions of the scholarship

Delivery of scholarship

- The scholarship is awarded as a tuition fee reduction and will be paid directly into the student's tuition fee account
- Scholarships provide a tuition fee waiver and do not cover the costs of any non-tuition fees, visas, overseas health cover, living expenses or any other costs associated with living in Adelaide or studying at Flinders University
- There is no financial payout of any unexpended portion of this scholarship, nor is it refundable
- The scholarship is not transferrable to a third party
- The scholarship will not be extended beyond the advertised duration or amount unless otherwise advised by Flinders University
- If a recipient voluntarily withdraws from Flinders University without completing 50% of the units required for the course, the recipient will be liable to repay the value of the scholarship disbursed from the date of admission to the date of withdrawal

These terms and conditions may be updated during the period of the scholarship. Recipients will be notified via Flinders email account of any changes
